Introducing a sleuth that “mothers everywhere will identify with”—first in the long-running series from the New York Times bestselling author (Publishers Weekly). But when she discovers Sam Miller, its very wealthy founder, dead in his car

from an apparent suicide, the sleuth in her knows something just doesn’t smell right. Taking time out from her hectic holiday life to find out what really happened, Lucy’s investigation leads to a backlog of secrets as long as Santa’s Christmas Eve route. She is convinced that someone murdered Sam Miller. But who and why? With each harrowing twist she uncovers in this bizarre case, another shocking revelation is exposed. Now, as Christmas draws near and Lucy gets dangerously closer to the truth, she’s about to receive a present from Santa she didn’t ask for—a killer who won’t be satisfied until everyone on his shopping list is dead, including Lucy herself . . . . Praise for the Lucy Stone Mystery series “A solid mystery.”—San Francisco Chronicle “A surprising and intelligently constructed plot.”—Cape Cod Times “Lucy Stone is an endearing sleuth.”—Dorothy Cannell “Leslie Meier has created a town I’d like to live in and a sleuth I’d love to meet.”—Jill Churchill [Digging Up Secrets](#) St. Martin's Paperbacks

The first in a new mystery series that has it all — a tragic puzzle, fabulous French food, and a peek into the fascinating world of wild orchids. In 1984, a young Canadian woman vanished while on a hiking holiday in the Dordogne region of France. Was Bedie Dunn the victim of an accident? Or could she have been murdered? Haunted for years by the disappearance of her twin sister, Mara Dunn has moved to France to try to answer these questions.

Mara's amateur investigations finally begin to show progress when she discovers a camera she is convinced belonged to Bedie in a second-hand store. In it is an old roll of film, whose exposures turn out to be mostly of wild terrestrial orchids. Mara turns to Julian Wood, an expatriate English orchidologist, for help with the impossible: can they use two-decade-old photos of flowers to trace Bedie's last route, and find the end of her journey? Julian is reluctant to get drawn into this seemingly hopeless quest, but the last

exposure on the film is irresistible to him — an unknown species of Lady's Slipper Orchid. If discovered, it might be the key to botanical fame — or it could be the marker to a shallow grave.
