Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World*

and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Following the deaths of Trayvon Martin and other black youths in recent years, students on campuses across America have joined professors and activists in calling for justice and increased awareness that Black Lives Matter. In this second edition of his trenchant and provocative book, George Yancy offers students the theoretical framework they crave for understanding the violence perpetrated against the Black body. Drawing from the lives of Ossie Davis, Frantz Fanon, Malcolm X, and W. E. B. Du Bois, as well as his own experience, and fully updated to account for what has transpired since the rise of the Black Lives Matter movement, Yancy provides an invaluable resource for students and teachers of courses in African American Studies, African American History, Philosophy of Race, and anyone else who wishes to examine what it means to be Black in America.

*For Those Still Longing for Racial Reconciliation* Peter Lang Pub Incorporated

Essays on racial flashpoints, white denial, violence, and the manipulation of fear in America today.

"What Tim Wise has brilliantly done is to challenge white folks' truth ... to see that they have a responsibility to do more than sit back and watch, but to recognize their own role in co-creating ... a fair, inclusive, truly democratic society."—Michelle Alexander, author of *The New Jim Crow* "Tim Wise's new book gives us the tools we need to reach people whose understanding of our country is white instead of right. And without pissing them off!"—James W. Loewen, author, *Lies My Teacher Told Me* "Tim Wise's latest is more urgent than ever. Unflinchingly, and page after page, Wise calls out a brutal truth, one unwelcome to so many white people: The racial trauma playing out across this nation, hour after hour, day after day, is inflicted—be it actively or unwittingly—by them."—Heather Ann Thompson, Pulitzer Prize-winning author of *Blood in the Water: The Attica Prison Uprising of 1971 and its Legacy* "A white social justice advocate clearly shows how racism is America's core crisis. Wise comments on a host of events that bear witness to pervasive racism, including reactions to Barack Obama's election, Henry Louis Gates' arrest after being mistaken as a burglar, the rise of the militant tea party, the killing of Black men by police, and the acquittal of George Zimmerman in the killing of Trayvon Martin. 'The biases that ended George Floyd's life were explicit,' Wise writes. 'Even more, they were part of an institutional and systemic process, whereby unequal treatment of black and brown bodies and communities is normative.' A trenchant assessment of our nation's ills."—\*Kirkus Reviews, Starred

Review " [Dispatches from the Race War] is a bracing call to action in a moment of social unrest."—Publishers Weekly In this collection of essays, renowned social-justice advocate Tim Wise confronts racism in contemporary America. Seen through the lens of major flashpoints during the Obama and Trump years, Dispatches from the Race War faces the consequences of white supremacy in all its forms. This includes a discussion of the bigoted undertones of the Tea Party's backlash, the killing of Trayvon Martin, current day anti-immigrant hysteria, the rise of openly avowed white nationalism, the violent policing of African Americans, and more. Wise devotes a substantial portion of the book to explore the racial ramifications of COVID-19, and the widespread protests which followed the police murder of George Floyd. Concise, accessible chapters, most written in first-person, offer an excellent source for those engaged in the anti-racism struggle. Tim Wise's proactive approach asks white allies to contend with—and take responsibility for—their own role in perpetuating racism against Blacks and people of color. Dispatches from the Race War reminds us that the story of our country is the history of racial conflict, and that our future may depend on how—or if—we can resolve it. "To accept racism is quintessentially American," writes Wise, "to rebel against it is human. Be human." "Tim Wise's new book gives us the tools we need to reach people whose understanding of our country is white instead of right. And without pissing them off!"—James W. Loewen, author, Lies My Teacher Told Me

#### Poems City Lights Publishers

White Americans have long been comfortable in the assumption that they are the cultural norm. Now that notion is being challenged, as white people wrestle with what it means to be part of a fast-changing, truly multicultural nation. Facing chronic economic insecurity, a popular culture that reflects the nation's diverse cultural reality, a future in which they will no longer constitute the majority of the population, and with a black president in the White House, whites are growing anxious. This anxiety has helped to create the Tea Party movement, with its call to "take our country back." By means of a racialized nostalgia for a mythological past, the Right is enlisting fearful whites into its campaign for reactionary social and economic policies. In urgent response, Tim Wise has penned his most pointed and provocative work to date. Employing the form of direct personal address, he points a finger at whites' race-based self-delusion, explaining how such an agenda will only do harm to the nation's people, including most whites. In no uncertain terms, he argues that the hope for survival of American democracy lies in the embrace of our multicultural past, present and future. "Sparing neither family nor self...he considers how the deck has always been stacked in his and other white people's favor...His candor is invigorating."—Publishers Weekly "One of the most brilliant, articulate and courageous critics of white privilege in the nation."—Michael Eric Dyson "Tim Wise has written another blockbuster! His new book, Dear White America: Letter to a New Minority, is a cogent analysis of the problems of race and inequality as well as a plea for those who harbor views about race and racism to modify and indeed eliminate them. While the book's title addresses white people, this is really a book for anyone who is concerned about eliminating the issue of racial disparity in our society. This is must read and a good read."—Charles J. Ogletree, Jr., the Jesse Climenko Professor of Law at Harvard Law School and the Executive Director of the Charles Hamilton Houston Institute for Race and Justice. He is the author of a number of books, including The Presumption of Guilt: The Arrest of Henry Louis Gates, Jr. and Race, Class and Crime in America "Tim Wise is an American hero in the truest sense of the term—he

tells the truth, no matter how inconvenient that truth might be. Dear White America is a desperately needed response to the insidious mythology that pretends whites are oppressed and people of color unduly privileged. In the process, it exposes how new forms of racism have been deliberately embedded into our supposedly 'color blind' culture. Read this book—but rest assured, it's not for the faint of heart."—David Sirota, syndicated columnist, radio host, author of Back to Our Future: How the 1980s Explain the World We Live In Now "The foremost white analyst of racism in America never fails to provide fresh takes as he punctures myths and defenses."—World Wide Work Tim Wise is one of the most prominent antiracist essayists, educators, and activists in the United States. He is regularly interviewed by A-list media, including CNN, C-SPAN, The Tavis Smiley Show, The Tom Joyner Morning Show, Michael Eric Dyson's radio program, and many more. His most recent books include Colorblind and Between Barack and a Hard Place.

Ask a Manager Wm. B. Eerdmans Publishing

Winner, 2019 William J. Goode Book Award, given by the Family Section of the American Sociological Association Finalist, 2019 C. Wright Mills Award, given by the Society for the Study of Social Problems Riveting stories of how affluent, white children learn about race American kids are living in a world of ongoing public debates about race, daily displays of racial injustice, and for some, an increased awareness surrounding diversity and inclusion. In this heated context, sociologist Margaret A. Hagerman zeroes in on affluent, white kids to observe how they make sense of privilege, unequal educational opportunities, and police violence. In fascinating detail, Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America. White Kids, based on two years of research involving in-depth interviews with white kids and their families, is a clear-eyed and sometimes shocking account of how white kids learn about race. In doing so, this book explores questions such as, "How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact?" and "What about children growing up in families with parents who consider themselves to be 'anti-racist'?" Featuring the actual voices of young, affluent white kids and what they think about race, racism, inequality, and privilege, White Kids illuminates how white racial socialization is much more dynamic, complex, and varied than previously recognized. It is a process that stretches beyond white parents' explicit conversations with their white children and includes not only the choices parents make about neighborhoods, schools, peer groups, extracurricular activities, and media, but also the choices made by the kids themselves. By interviewing kids who are growing up in different racial contexts—from racially segregated to meaningfully integrated and from politically progressive to conservative—this important book documents key differences in the outcomes of white racial socialization across families. And by observing families in their everyday lives, this book explores the extent to which white families, even those with anti-racist intentions, reproduce and reinforce the forms of inequality they say they reject.

What Does it Mean to be White? Dear White America Letter to a New Minority Forthcoming: A scalding indictment of how the wealthy influence the national economy, politics, and media to disadvantage those already less fortunate. Shaming the Poor, Praising the Rich and Sacrificing the Future of America Ballantine Books

"If reconciliation is the takeaway point for the civil rights story we usually tell, then the takeaway point for the more complex, more truthful civil rights story contained in

Dear White Christians is reparations. ” — from the preface to the second edition With the troubling and painful events of the last several years—from the killing of numerous unarmed Black men and women at the hands of police to the rallying of white supremacists in Charlottesville—it is clearer than ever that the reconciliation paradigm, long favored by white Christians, has failed to heal the deep racial wounds in the church and American society. In this provocative book, originally published in 2014, Jennifer Harvey argues for a radical shift away from the well-meaning but feeble longing for reconciliation toward a robustly biblical call for reparations. Now in its second edition—with a new preface addressing the explosive changes in American culture and politics since 2014, as well as an appendix that explores what a reparations paradigm can actually look like—Dear White Christians calls justice-committed Christians to do the gospel-inspired work of opposing racist social structures around them. Harvey ’ s message is historically and scripturally rooted, making it ideal for facilitating the difficult but important discussions about race that are so desperately needed in churches and faith-centered classrooms across the country.

Back to Our Future City Lights Publishers

Flipping John Howard Griffin's classic *Black Like Me*, and extending Noel Ignatiev's *How The Irish Became White* into the present-day, *Wise* explores the meanings and consequences of whiteness, and discusses the ways in which racial privilege can harm not just people of color, but also whites. Using stories instead of stale statistics, *Wise* weaves a narrative that is at once readable and yet scholarly; analytical and yet accessible.

Look, A White! Graywolf Press

"Tim Wise addresses whites' anxiety about cultural shifts displacing their power and privilege--and offers ideas on how to move forward"--

Between the World and Me HarperCollins

Following his bestselling memoir, *It ’ s a Long Story*, Willie Nelson now delivers his most intimate thoughts and stories in *Willie Nelson's Letters to America*. A *New York Times*, *Wall Street Journal*, and *USA Today* bestseller! From his opening letter “ Dear America ” to his “ Dear Willie ” epilogue, Willie digs deep into his heart and soul--and his music catalog--to lift us up in difficult times, and to remind us of the endless promise and continuous obligations of all Americans--to themselves, to one another, and to their nation. In a series of letters straight from the heart, Willie sends his thanks and his thoughts to: Americans past, present, and future, his closest family members, and his parents, sister, and children, his other family members his guitar “ Trigger ” , his hero Gene Autry, the US founding fathers, his personal heroes, from our founding fathers to the leaders of future generations and to young songwriters as well as leaders of our future generations. Willie ’ s letters are rounded out with the moving lyrics to some of his most famous and insightful songs, including “ Let Me Be a Man, ” “ Family Bible, ” “ Summer of Roses, ” “ Me and Paul, ” “ A Horse called Music, ” “ Healing Hands of Time, ” and “ Yesterday's Wine. ”

Dear White Peacemakers Harper Horizon

\*Now a Netflix Original Series\* In the satirical tradition of the *New York Times* bestseller *Stuff White People Like* comes this witty companion book to the “ incredibly entertaining ” (Indiewire) film of the same name, which “ heralds a fresh and funny new voice ” (Variety). Right out of college, Justin Simien wrote a screenplay about the nuanced experiences of four black students on a

predominantly white college campus. The film, *Dear White People*, garnered a Sundance Award for “ Breakthrough Talent ” and has been hailed by critics everywhere. Channeling the sensibility of the film into this book, Simien will keep you laughing with his humorous observations, even if you haven ’ t seen the satiric film. *News Flash*—the minimum number of black friends needed to not seem racist has just been raised to two. Rather than panic, readers are advised to purchase a copy of *Dear White People*. Whether you are a dear white person wondering why your black office mate is avoiding eye contact with you after you ran your fingers through her hair, or you ’ re a black nerd who has to break it to your white friends that you ’ ve never seen *The Wire*, this myth-busting, stereotype-diffusing guide to a post-Obama world has something for you! With decision-making trees to help you decide when it ’ s the right time to wear Blackface (hint: probably never) and quizzes to determine whether you ’ ve become the Token Black Friend™, *Dear White People* is the ultimate silly-yet-authoritative handbook to help the curious and confused navigate racial microaggressions in their daily lives. Based on the eponymous, award-winning film, which has been lauded as “ a smart, hilarious satire, ” this tongue-in-cheek guide is a must-have that anybody who is in semi-regular contact with black people can ’ t afford to miss!

Dear White People Princeton University Press

*Look, a White!* returns the problem of whiteness to white people. Prompted by Eric Holder's charge, that as Americans, we are cowards when it comes to discussing the issue of race, noted philosopher George Yancy's essays map out a structure of whiteness. He considers whiteness within the context of racial embodiment, film, pedagogy, colonialism, its "danger," and its position within the work of specific writers. Identifying the embedded and opaque ways white power and privilege operate, Yancy argues that the Black countergaze can function as a "gift" to whites in terms of seeing their own whiteness more effectively. Throughout *Look, a White!* Yancy pays special attention to the impact of whiteness on individuals, as well as on how the structures of whiteness limit the capacity of social actors to completely untangle the way whiteness operates, thus preventing the erasure of racism in social life.

Speaking Treason Fluently Beacon Press

"In February 1965, novelist and 'poet of the Black Freedom Struggle' James Baldwin and political commentator and father of the modern American conservative movement William F. Buckley met in Cambridge Union to face-off in a televised debate. The topic was 'The American Dream is at the expense of the American Negro.' Buccola uses this momentous encounter as a lens through which to deepen our understanding of two of the most important public intellectuals in twentieth century American thought. The book begins by providing intellectual biographies of each debater. As Buckley reflected on the civil rights movement, he did so from the perspective of someone who thought the dominant norms and institutions in the United States were working quite well for most people and that they would eventually work well for African-Americans. From such a perspective, any ideology, personality, or movement that seems to threaten those dominant norms and institutions must be deemed a

threat. Baldwin could not bring himself to adopt such a bird's eye point of view. Instead, he focused on the 'inner lives' of those involved on all sides of the struggle. Imagine what it must be like, he told the audience at Cambridge, to have the sense that your country has not 'pledged its allegiance to you?' Buccola weaves the intellectual biographies of these two larger-than-life personalities and their fabled debate with the dramatic history of the civil rights movement that includes a supporting cast of such figures as Robert Kennedy, Martin Luther King Jr., Malcolm X, Lorraine Hansberry, and George Wallace. Buccola shows that the subject of their debate continues to have resonance in our own time as the social mobility of blacks remains limited and racial inequality persists"--

#### Buddhism and Whiteness Theatre Communications Grou

Learn how to address racial wealth disparity in the United States today From the life, professional experiences, and research of former Harvard Business School professor Steven Rogers, comes his boldly stated, *A Letter to My White Friends and Colleagues*. This informative epistle investigates the causes of racial wealth disparity in the United States and provides solutions for addressing it. Through extensive data and historical research, anecdotes, teaching, and case studies, it presents practical ways White people can work with and help the Black community. It teaches readers that eliminating the \$153,000 wealth gap between Black and White people is the solution to over 75% of our problems and offers solutions to help improve Black-White racial relations in the United States. In straightforward language, filled with facts, stories, advice, and sometimes even humor, *A Letter to My White Friends and Colleagues* encourages every White person to share his/her wealth with the Black community—plain and simple. This book recommends that you spend a portion of your annual household budget with Black-owned companies. If more money is spent at Black-owned businesses, those companies can grow and create more jobs for Black people. Rogers also proposes White people make large savings deposits into Black-owned banks. These are the financial institutions that are the backbone of the Black community that provide loans to the Black community for businesses, education, automobiles, and home mortgages. And finally, he resolutely encourages White people to support government reparations to Black Americans who are descendants of Black men and women, who were enslaved from 1619 to 1865. Those who read the book will: Understand the root causes of racial disparities in America Discover how you can personally contribute to reducing the inequality between Black and White people in the United States today Get concrete recommendations on how to redirect your spending to Black-owned institutions to help decrease the racial wealth gap This groundbreaking book provides financial recommendations that you can put into practice today, using his helpful instructions in most of the chapters, to address the systemic inequality between White and Black Americans. Read *A Letter to My White Friends and Colleagues* and be part of the path forward.

Notes of an Undocumented Citizen One World

Lenny Duncan is the unlikeliest of pastors. Formerly incarcerated, he is now a black preacher in the whitest denomination in the United States: the Evangelical Lutheran Church in America (ELCA). Shifting demographics and shrinking congregations make all the headlines, but Duncan sees something else at work--drawing a direct line between the church's lack of diversity and the church's lack of vitality. The problems the ELCA faces are theological, not sociological. But so are the answers. Part manifesto, part confession, and all love letter, *Dear Church* offers a bold new vision for the future of Duncan's denomination and the broader mainline Christian community of faith. *Dear Church* rejects the narrative of church decline and calls everyone--leaders and laity alike--to the front lines of the church's renewal through racial equality and justice. It is time for the church to rise up, dust itself off, and take on forces of this world that act against God: whiteness, misogyny, nationalism, homophobia, and economic injustice. Duncan gives a blueprint for the way forward and urges us to follow in the revolutionary path of Jesus.

#### Dear White Women John Wiley & Sons

THE NATIONAL BESTSELLER "This riveting, courageous memoir ought to be mandatory reading for every American." —Michelle Alexander, *New York Times* bestselling author of *The New Jim Crow* "I cried reading this book, realizing more fully what my parents endured." —Amy Tan, *New York Times* bestselling author of *The Joy Luck Club* and *Where the Past Begins* "This book couldn't be more timely and more necessary." —Dave Eggers, *New York Times* bestselling author of *What Is the What* and *The Monk of Mokha* Pulitzer-Prize winning journalist Jose Antonio Vargas, called "the most famous undocumented immigrant in America," tackles one of the defining issues of our time in this explosive and deeply personal call to arms.

"This is not a book about the politics of immigration. This book — at its core — is not about immigration at all. This book is about homelessness, not in a traditional sense, but in the unsettled, unmoored psychological state that undocumented immigrants like myself find ourselves in. This book is about lying and being forced to lie to get by; about passing as an American and as a contributing citizen; about families, keeping them together, and having to make new ones when you can't. This book is about constantly hiding from the government and, in the process, hiding from ourselves. This book is about what it means to not have a home. After 25 years of living illegally in a country that does not consider me one of its own, this book is the closest thing I have to freedom." —Jose Antonio Vargas, from *Dear America*

*The Realities of Race, the Power of Relationships and Our Path to Equity* Greenleaf Book Group

"These harrowing poems make montage, make mirrors, make elegiac biopic, make 'a dope ass trailer with a hundred black children / smiling into the camera & the last shot is the wide mouth of a pistol.' That's no spoiler alert, but rather, Smith's way—saying & laying it beautifully bare. A way of desensitizing the reader from his own defenses each time this long, black movie repeats."—Marcus Wicker "Danez Smith's *BLACK MOVIE* is a cinematic tour-de-force that lets poetry vie with film for the honor of which medium can most effectively articulate the experience of Black America."—Rain Taxi

#### Letters to My White Male Friends Philosophy of Race

The *New York Times* best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these

---

reactions maintain racial inequality. In this “ vital, necessary, and beautiful book ” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “ allows us to understand racism as a practice not restricted to ‘ bad people ’ ” (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

How the 1980s Explains the World We Live in Now--Our Culture, Our Politics, Our Everything Simon and Schuster

Wall Street scandals. Fights over taxes. Racial resentments. A Lakers-Celtics championship. The Karate Kid topping the box-office charts. Bon Jovi touring the country. These words could describe our current moment—or the vaunted iconography of three decades past. In this wide-ranging and wickedly entertaining book, New York Times bestselling journalist David Sirota takes readers on a rollicking DeLorean ride back in time to reveal how so many of our present-day conflicts are rooted in the larger-than-life pop culture of the 1980s—from the “ Greed is good ” ethos of Gordon Gekko (and Bernie Madoff) to the “ Make my day ” foreign policy of Ronald Reagan (and George W. Bush) to the “ transcendence ” of Cliff Huxtable (and Barack Obama). Today ’ s mindless militarism and hypernarcissism, Sirota argues, first became the norm when an ’ 80s generation weaned on Rambo one-liners and “ Just Do It ” exhortations embraced a new religion—with comic books, cartoons, sneaker commercials, videogames, and even children ’ s toys serving as the key instruments of cultural indoctrination. Meanwhile, in productions such as Back to the Future, Family Ties, and The Big Chill, a campaign was launched to reimagine the 1950s as America ’ s lost golden age and vilify the 1960s as the source of all our troubles. That 1980s revisionism, Sirota shows, still rages today, with Barack Obama cast as the 60s hippie being assailed by Alex P. Keaton – esque Republicans who long for a return to Eisenhower-era conservatism. “ The past is never dead,” William Faulkner wrote. “ It ’ s not even past. ” The 1980s—even more so. With the native dexterity only a child of the Atari Age could possess, David Sirota twists and turns this multicolored Rubik ’ s Cube of a decade, exposing it as a warning for our own troubled present—and possible future.
