A hang-onto-your-hat-and-heart thriller of triumph and tragedy that barrels along at F. Paul Wilson's trademark breakneck pace, Harbingers It starts off so simply: Jack, still feeling down after the tragic events of Infernal, is hanging in Julio's when a regular named Timmy asks him for help. His teenage niece has been

missing since this morning; the police say it's too early to worry, but Timmy knows something bad has happened. Jack says he'll put the word out on the street. This innocent request triggers a chain of seemingly coincidental events that lead Jack into the darkest days of his life. As has become evident in the series, Jack has been singled out, unwillingly, as the champion of one of the two supernatural forces contending for control of all human life on Earth. Neither of these forces are good or evil, just dangerous and amoral. They value and notice individual humans about as much as we do mosquitos. Jack is desperate . . . and the last thing you want to do is make Jack desperate. That's when things begin to blow up and people begin to die. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The things that he did, and the deeds that he hid. For years, I bit my nails, unable to look away. Now, I've graduated high school and moved on to college, but I haven't stopped watching Michael. He's back, and the dirt I've seen isn't content to stay in my head anymore... Michael. Her name is Erika Fane, but everyone calls her Rika. My brother's girlfriend grew up hanging around my house and is always at our dinner table. She looks down when I enter a room and stills when I am close. I can always feel

the fear rolling off of her, and while I haven't had her body, I know that I have her mind. That's all I really want anyway. Until my brother leaves for the military, and I find Rika alone at college. In my city. The opportunity is too good to be true as well as the timing. Because you see, three years ago she put a few of my high school friends in prison, and now they're out.

"An eye-opening dazzler" (Stephen King) about a pair of globetrotting, gore-obsessed journalists whose entanglement in a French philosopher's death becomes a surreal journey into global conspiracy from legendary filmmaker David Cronenberg. Stylish and camera-obsessed, Naomi and Nathan thrive on the yellow journalism of the social-media age. Naomi finds herself drawn to the headlines surrounding a famous couple, Célestine and Aristide, Marxist philosophers and sexual libertines. Célestine has been found dead, and Aristide has disappeared. Police suspect him of killing her and consuming parts of her body. Yet Naomi sets off to find him, and as she delves deeper into the couple's lives, she discovers the news story may only skim the surface of the disturbing acts they performed together. Journalist Nathan, meanwhile, is in Budapest photographing the controversial work of an unlicensed surgeon named Zoltán Molnár, once sought by Interpol for organ trafficking. After sleeping with one of Molnár's patients, Nathan contracts a rare STD called Roiphe's and travels to Toronto, determined to meet the man who discovered the syndrome. Dr. Barry Roiphe, Nathan learns, now studies his own adult daughter, whose bizarre behavior masks a devastating secret. These parallel narratives become entwined in a gripping, dreamlike plot that involves geopolitics, 3-D printing, North Korea, the Cannes Film Festival, cancer, and, in an incredible number of varieties, sex. *Consumed* is an exuberant, provocative debut novel from one of the world's leading film directors, a writer of "fierce sculptural intensity" (Jonathan Lethem, *The New York Times Book Review*) who makes it "impossible to look away" (*Publishers Weekly*).

Depraved Indifference HarperCollins

The third of Gary Indiana's famed crime trilogy tells a story inspired by the virtuoso con artistry of mother-and-son criminals Sante and Kenneth Kimes. She collected future marks like lottery tickets. She operated by reflex. Any public room was a pristine harvest of human information. Not just business cards, phone numbers, fax numbers and the like, but weaknesses, quirks, character flaws, delusional ambitions, risky dreams, medical problems, shaky marriages. Everybody came equipped with a panel of invisible buttons.... If you had the right touch, if you knew how to press one button lightly and another button with a bit more force, you could make the emotional side of a person swing up and down as you wished. —from *Depraved Indifference* First published in 2001, *Depraved Indifference* is the third of Gary Indiana's famed crime trilogy now being reissued by Semiotext(e). Inspired by the virtuoso con artistry of mother-and-son criminals Sante and Kenneth Kimes, *Depraved Indifference* follows Evangeline Slote, a dead ringer for Elizabeth Taylor "so compulsive she gifts herself when she runs out of other people" through the circus of calamity that her compulsions invoke.

Evangeline, or “Evelyn Carson, “Princess Shah Shah,” among other pseudonyms, accompanied by her alcoholic husband Warren and fanatically devoted son Devin, moves from Las Vegas to Hawaii to Nassau in a maelstrom of forgery and fraud that constantly threatens to come undone. When Warren dies, Evangeline and her son embark upon an ever more brazen series of grifts, frauds, and crimes. Thriving on chaos, a master of manipulation and seduction, Evangeline concocts the scheme to end all schemes—which may take a murder to complete. Reminiscent of Nathanael West's *The Day of the Locust*, Indiana's scathing, insightful prose is a mirror to the empty landscape of American culture.

Against Their Will Vintage

An “absorbing, provocative, and far-reaching” (*Kirkus Reviews*, starred review) look at what power is, who gets it, and what happens when they do, based on over 500 interviews with those who (temporarily, at least) have had the upper hand—from the creator of the *Power Corrupts* podcast and *Washington Post* columnist Brian Klaas. Does power corrupt, or are corrupt people drawn to power? Are tyrants made or born? Are entrepreneurs who embezzle and cops who kill the result of poorly designed systems or are they just bad people? If you were suddenly thrust into a position of power, would you be able to resist the temptation to line your pockets or seek revenge against your enemies? To answer these questions, *Corruptible* draws on over 500 interviews with some of the world's top leaders—from the noblest to the dirtiest—including presidents and philanthropists as well as rebels, cultists, and dictators. Some of the fascinating insights include: how facial appearance determines who we pick as leaders, why narcissists make more money, why some people don't want power at all and others are drawn to it out of a psychopathic impulse, and why being the “beta” (second in command) may actually be the optimal place for health and well-being. *Corruptible* also features a wealth of counterintuitive examples from history and social science: you'll meet the worst bioterrorist in American history, hit the slopes with a ski instructor who once ruled Iraq, and learn why the inability of chimpanzees to play baseball is central to the development of human hierarchies. Based on deep, unprecedented research from around the world, and filled with “unexpected insights...the most important lesson of *Corruptible* is that when psychopaths inadvertently reveal their true selves, the institutions that they plague must take action that is swift, brutal, and merciless” (*Business Insider*).
