Gender in the Book of Ben Sira is a semantic analysis and, also, an investigation of hermeneutical pathways for performing such an analysis. A comparison of

possible Greek and Hebrew gender taxonomies precedes the extensive delineation of the target-category, gender. The delineation includes invisible influences in the Book of Ben Sira such as the author ' s choices of genre and his situation as a member of a colonized group within a Hellenistic empire. When the Book of Ben Sira ' s genre-constrained invectives against women and male fools are excluded, the remaining expectations for women and for men are mostly equivalent, in terms of a pious life lived according to Torah. However, Ben Sira says nothing about distinctions at the level of how " living according to Torah " would differ for the two groups. His book presents an Edenic ideal of marriage through allusions to Genesis 1 to 4, and a substantial overlap of erotic discourse for the female figures of Wisdom and the " intelligent wife " creates tropes similar to those of the Song of Songs. In addition, Ben Sira ' s colonial status affects what he says and how he says it; by writing in Hebrew, he could craft the Greek genres of encomium and invective to carry multiple levels of meaning that subvert Hellenistic/Greek claims to cultural superiority.

Robert Palmer's pathbreaking study shows how the Black Death triggered massive changes in both governance and law in fourteenth-century England, establishing the mechanisms by which the law adapted to social needs for centuries thereafter. *The Black De The South Western Reporter*

First published in 1908, this book
presents a study of tuberculosis. It
looks first at its causes, before
examining how the problem of
mortality from illness had already been
reduced. The third part of the book
then focuses on measures for reducing
and annihilating tuberculosis
altogether. Being written in the earlier
years of the twentieth century, the
book will not only be of interest to
medical students and practitioners, but
also to historians.

In Christ Died for Our Sins, Jarvis J.
Williams argues a twofold thesis:

First, that Paul in Romans presents
Jesus' death as both a
representation of, and a substitute
for, Jews and Gentiles. Second, that
the Jewish martyrological
narratives in certain Second Temple
Jewish texts are a background
behind Paul's presentation of Jesus'

death. By means of careful textual
analysis, Williams argues that the
Jewish martyrological narratives
appropriated and applied Levitical
cultic language and Isaianic language
to the deaths of the Torah-
observant Jewish martyrs in order
to present their deaths as a
representation, a substitution, and
as Israel's Yom Kippur for non-
Torah-observant Jews. Williams
seeks to show that Paul
appropriated and applied this same
language and conceptuality in order
to present Jesus' death as the death
of a Torah-observant Jew serving as
a representation, a substitution, and
as the Yom Kippur for both Jews
and Gentiles. Scholars working in
the areas of Romans, Pauline
theology, Second Temple Judaism,
atonement in Paul, or early Christian
origins will find much to stimulate
and provoke in these pages.
