New York Times bestselling author Simon R. Green "continues to deliver enjoyable, fast-paced, and fun entertainment" (SF Revu) in his Secret Histories novels featuring supernatural arse kicker Eddie Drood—who's about to play a most dangerous game in his latest adventure.... Some call me Shaman Bond, but I was born Eddie Drood, the latest in a long line of folks who chase monsters out of closets for a living to keep humanity safe from all that is dark, demonic, and just downright evil. Needless to say, we've made our fair share of enemies over the centuries—and made some questionable bargains. In exchange for the power to fight the forces of darkness, my parents signed over their souls. They're not the only ones who've made deals with Heaven, Hell, and every otherworldly realm in between, but now the bill's due for several big names in the supernatural community. Including my girl, Molly. She, my parents, and other major players have been kidnapped so they'll pay up—or participate in the "Big Game." The rules are simple: get from one side of the pocket dimension to the other and kill your competitors. The winner's debt is paid in full, and the losers get themselves permanently lost, body and soul, forever. To save my loved ones, I've got to become a ringer in this deadly contest that's undoubtedly rigged by the Powers That Be....

Recently, I found the most dangerous thing of all: the true identity of my long-gone mother. Turns out she's a being who's been around since before the dawn of history. Then, she created the Nightside—and now, for her own warped reasons, she intends to destroy it. To stop her before she even gets started, I've got to do some hard traveling—back in Time, through endless eons, into the very distant—and probably deadly—past...

Owen Deathstalker, last of the infamous warrior Clan, always considered himself more of a writer than a fighter, preferring his history books to making any actual history with a sword. But books won't protect him from Her Imperial Majesty Lionstone XIV, who just Outlawed and condemned Owen to death, without any explanation, reason, or warning. No wonder she's called the Iron Bitch. Now, on the run from Imperial starcruisers, shady mercenaries, and just about everyone else in the Empire, Owen's options are limited. Though the name Deathstalker still commands respect in certain quarters, out on the Rim, Owen is lucky he can cobble together a makeshift team of castoffs, including an ex-pirate, a cyborg, and a bounty hunter. But allies won't be enough to save him. If he's to live, Owen can either run forever...or take down the corrupt Empire. To do that, he'll need the fabled Darkvoid Device—an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win. The time has come for Owen to finally embrace his Deathstalker heritage...and all the blood and death that go along with it. *Deathstalker* is the first book in New York Times bestselling author Simon R. Green's beloved space opera series.
