Decision Making Process. Decision Making Process is quite literally, organizations operate by people making decisions. A manager plans, organizes, staffs, leads, and controls her team by executing decisions. The effectiveness and quality of those decisions determine how successful a manager will be.

Decision making with the Analytic Hierarchy Process ...

Decision-making in acute care nursing requires an evaluation of many complex factors. While decision-making research in acute care nursing is prevalent, errors in decision-making continue leading to poor patient outcomes. Naturalistic Decision Making may provide a framework for further exploring decision-making in acute care nursing practice.
