In the last few years, an increasing number of Christians are appearing in the courts of heaven to answer accusations that were brought against them by an adversary. As a result, illnesses have vanished, legal proceedings have been halted and demonic attacks suddenly stopped. Do we write these things off as coincidence? Or is there power in the verdicts that come from

the court of heaven? Many Christians are surprised when they first hear that the courts of heaven are real. Many more have been shocked at how their lives have changed after appearing in court to face their adversary. The courts are places where the legal proceedings of heaven are carried out. Cases are brought before a judge, witnesses testify and rulings are handed down. In an earthly court, when an accusation is brought against you and it goes unanswered, even if you're innocent, it can cause legal problems. Whenever your're accused, you must appear to answer the accusation. Otherwise the court must find you guilty. Many of us are being accused right now by an adversary and aren't aware of it. When the accusation goes unanswered, our adversary wins by default and is able to afflict or oppress us. Isn't it time you learned how to present your case in the court of heaven? With the same down-to-earth teaching style used in Divine Healing Made Simple, Praying Medic clearly explains what the courts of heaven are and why we may want to appear in them. Even the least experienced believer will be able to boldly go before the court of heaven and obtain victory after they read the Bible-based teaching, and testimonies provided in this book. Defeating Your Adversary in the Court of Heaven answers the most common questions people have about the courts of heaven. It explains why, when and how we can appear there and how to obtain victory over our accuser. There's even a simple, step-by-step protocol that shows you exactly what to say, when

*Tony Evans Speaks Out on Prayer* Chosen Books

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of The Laws of Human Nature. In the book that People magazine

proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
