Sixteen-year-old Ryann Carroll has just run into the guy who saved her life ten years ago. You might think she'd be happy to see him again. Not exactly. She's a bit underdressed (as in skinny-dipping) and he's not supposed to exist. After her father's affair, all Ryann wants is to escape the family implosion fallout and find a little peace. She also wouldn't mind a first date that didn't suck, but she's determined not to end up like her mom: vulnerable, betrayed, destroyed. Ryann's recently moved back to her childhood home in rural Mississippi, the same place where ten years earlier she became lost in the woods overnight and nearly died. She's still irresistibly drawn to those woods. There she encounters the boy who kept her from freezing to death that long ago winter night and was nowhere to be seen when rescuers arrived. He's still mysterious, but now all grown-up and gorgeous, too. And the more she's with him, the greater the threat he poses to Ryann's strict policy-- never want someone more than he wants you. Seventeen-year-old Lad knows the law of his people all too well: Don't get careless and Don't get caught. It's allowed his race to live undetected in this world for thousands of years, mentioned only in flawed and fading folklore... Lad's never been able to forget about Ryann since that night ten years ago. When he sees her again, his fascination re-ignites and becomes a growing desire that tempts him to break all the rules. He's not even supposed to talk to a human, much less fall in love with one. And the timing is atrocious. The Assemblage is coming, the rift between the Light and Dark is widening, and mysterious celebrity fan pods are becoming more and more widespread and influential. Lad may have to trade his own chance at happiness to keep the humans, especially Ryann, blissfully unaware and safe.

My name is Evie Claremont and this was to be the making of me -- my freshman year of college. I'd been hoping that once I'd arrived on Crestwood's campus, the nightmare that I've been having would go away. It hasn't. I may be an inexperienced seventeen-year-old, but I'm grounded...sane. I look for rational explanations to even the strangest circumstances. Since meeting sophomore Reed Wellington, however, nothing makes any sense. Whenever he's near, I feel an attraction to him -- a magnetic kind of force pulling me towards him. I know what

you're thinking...that sounds fairly awesome. Yeah, it would be...if he liked me, but Reed acts as if I'm the worst thing that has ever happened to Crestwood...or him. But get this, for some reason every time I turn around he's there, barging into my life. What is the secret that he's keeping from me? I'm hoping that it's anything but what I suspect: that he's not exactly normal...and neither am I. So, maybe Crestwood won't be the making of me, but it could be the breaking of me. I've been left to wonder if the dark future my dream is foretelling is...inescapable.

Out of My Mind Createspace Independent Publishing Platform With shades of E. Lockhart's We Were Liars, this dark and twisted mystery by the highly acclaimed author of Grit will be the page-turner of the year. Everyone in Tenney's Harbor knows about the Garrison tragedy. How an unexplained fire ravaged their house, killing four of the five family members. But what people don't know is who did it. All fingers point at Pearl Haskins' father, who was the caretaker of the property, but Pearl just doesn't believe it. Leave it to a town of rich people to blame "the help." With her disgraced father now trying to find work in between booze benders, Pearl's future doesn't hold much more than waiting tables at the local country club, where the wealthy come to flaunt their money and spread their gossip. This year, Tristan, the last surviving Garrison, and his group of affluent and arrogant friends have made a point of sitting in Pearl's section. Though she's repulsed by most of them, Tristan's quiet sadness and somber demeanor have her rethinking her judgments. Befriending the boys could mean getting closer to the truth, clearing her father's name, and giving Tristan the closure he seems to be searching for. But it could also trap Pearl in a sinister web of secrets, lies, and betrayals that would leave no life unchanged...if it doesn't take hers first.

England, 1455 King Henry VI is proving to be an unstable

monarch, prone to bouts of mysterious illness and susceptible to manipulation from others. Richard of York, the most powerful magnate in the land, steps in to manage affairs whilst Henry is unwell. Many people prefer York's rule, which does not please the queen. The country begins to divide and plots start to hatch. York himself is directly descended from the royal family line, in fact, a little more directly than Henry but he puts this fact aside and strives only to serve the king. This, however, becomes increasingly difficult due to the acts of the queen, who, now feeling threatened by York, calls her men to get rid of him. The York family is strong and the two eldest sons, Edward and Edmund are approaching manhood. Edward, bold and eager, is keen to leave his childhood behind and enter the world of men, of politics, combat and love. Edmund, the younger brother is more introspective and struggles to project his public image. Both boys look to York as their mentor, a match for any king; and Richard is proud of them both. But with sons comes the question of inheritance. Who will succeed Henry's throne? His own son, the young Prince Edward, or the capable York and his heirs? This historical window into the past lifts figures from the history books and gives the personality and purpose behind their actions. The story bears witness to the extremes of the human condition, from loving tenderness in court to vengeful violence on the battlefield.
