The Definition of Love; is a poetry compilation that has been in the works for over a year. The poems included create a vivid story of how love makes its way through the phases of falling in love, being in love, and then heartbreak. The book is a composite of free verse poems, with haikus spread throughout. In the title, the semicolon is meant to represent that love has no boundaries, and contains no end. This is representative of the overall theme of the book, giving hope that love will always prevail in light of any situation.

Studies of Gottfried Leibniz's moral and political philosophy typically focus on metaphysical perfection, happiness, or love. In this new reading of Leibniz, Christopher Johns shows that it is based on a 'science of right'. Based on the deontic concepts of jus (right) and obligation, this science of right is established in

Leibniz's early writings on jurisprudence and depended on throughout several of his major late writings. Johns shows that the moral rightness of an action is grounded in the rights and obligations derived from the agent's capacity for freedom. This new interpretation of Leibniz's moral philosophy compares Leibniz's positions with Grotius, Pufendorf, Hobbes, Locke, and Kant. Providing a comprehensive examination of Leibniz's most important writings on natural right, John's argues that Leibniz, properly understood, provides a compelling account of the grounds of morality and of political institutions--an account relevant to present philosophical debates.

Popular author and pastor Mike Slaughter examines the two components of every miracle: divine action and human responsibility. For a real miracle to take place, we must act with God, using whatever gifts, talents, and abilities we have and directing them toward God's work. We need to follow the examples of Mary in the birth of Jesus, Jesus' followers when he healed them, and Jesus' disciples after he rose from the dead. This Youth Study Book takes the ideas presented in Mike Slaughter's book and interprets them for young people grades 6-12.

Fantomina Wadsworth Publishing Company

Fantomina, or, *Love in a Maze* is a novella by Eliza Haywood which charts an unnamed female protagonist's pursuit of the charming, shallow *Beauplaisir*. Dealing with major themes such as identity, class and sexual desire, and first published in 1725, *Fantomina* subverts the popular 'persecuted maiden' narrative, and reaches a climax which would have shocked its contemporary readership. Moving to London, a young woman -- let's call her *Fantomina* -- meets a dashing man at the theatre. After a short, but intense, fling, *Beauplaisir* grows bored of *Fantomina*, and leaves her. Outraged that she should be so treated, *Fantomina* discards her disguise in favour of another, and sets off in hot pursuit of her victim, and a game of cat and mouse begins. This edition features an introduction by Dr Sarah R. Creel, Bethany E. Qualls and Dr Anna K. Sagal of the International Eliza Haywood Society. '[It] is right to deplore "Haywood's invisibility to modern political historians", but now we see her in focus, she matters for the imaginative power of her writing.' — Thomas Keymer, *London Review of Books* 'Haywood's place in literary history is equally remarkable and as neglected, misunderstood and misrepresented as her oeuvre.' — Paula R. Backscheider

The Emergence of the Wonder Child and Other Papers YBK Publishers, Inc.

This book is the first to look at Lady Mary Wortley Montagu's achievement as a vital figure in the women's literary tradition. Robert Halsband's book on her life, the sixth this century and published in 1956, was the first to apply scholarly techniques to establishing the facts. The inaccurate accounts given before Halsband testify to Lady Mary's compelling interest as a woman who wrote, travelled, campaigned publicly for medical advance, gossiped, and was involved in high-profile literary quarrels. Knowledge of her life has made considerable gains since Halsband, as understanding of the issues involved in trying to move between the roles of proper lady and woman writer has increased enormously. This life fruitfully exploits the tension between literary history and feminist reading. Isobel Grundy highlights Montagu's adolescent longing for literary fame, her growing understanding of the implications of this for gender and class imperatives, the frustrations and concessions involved in her

collaborations with male writers, the punitive responses of society, the gaps at every stage of her life between her ascertainable circumstances and her construction of herself in letters and other writings. The book situates those writings in relation to her own theorizing and her very wide reading in women's texts as well as men's. Finally, it looks at a range of contemporary and near-contemporary responses.

“ Incredibly rich with wisdom and insight that will leave the reader, whether single or married, feeling uplifted. ” —The Washington Times Based on the acclaimed sermon series by New York Times bestselling author Timothy Keller, this book shows

everyone—Christians, skeptics, singles, longtime married couples, and those about to be engaged—the vision of what marriage should be according to the Bible. Modern culture would have you believe that everyone has a soul mate; that romance is the most important part of a successful marriage; that your spouse is there to help you realize your potential; that marriage does not mean forever, but merely for now; and that starting over after a divorce is the best solution to seemingly intractable marriage issues. But these modern-day assumptions are wrong. Timothy Keller, with insights from Kathy, his wife of thirty-seven years, shows marriage to be a glorious relationship that is also misunderstood and mysterious. The Meaning of Marriage offers instruction on how to have a successful marriage, and is essential reading for anyone who wants to know God and love more deeply in this life.

Our Paper Princeton University Press

The essays in this book began simply as tools I incorporated to enhance my understanding of A Course in Miracles and how it blends with the literature I have read and classes and seminars I have taken. Our friends and teachers, Unity minister Patty and her husband Jack Morales introduced my wife, Pati, and I to A Course in Miracles fifteen or so years after we had begun our spiritual journey(s). Each of us are in pursuit of our own respective spiritual paths, in our own individual ways as part of a life-long search for our "purpose" in life; trying to discover who we "truly" are, not the persona we've made up. It just takes some of us longer to realize it. We began with a small core group of people committed to their spiritual paths and it has grown steadily since. As the group expanded in numbers, so did the questions and people began to look to my wife and I for clarification. I realized then, that for myself, I needed to put more effort into my understanding of A Course in Miracles and how it coincided with what I had studied previously, beginning with my lineage, The Science of Mind. I began with notes for comparison, which grew into paragraphs and eventually ended up as the essays in this book. They (the essays) became, for me, a bridge between A Course in Miracles, The Science of Mind, the Gnostic Gospels, and various other religions and teachings. I am a perennial student and will probably be as long as I continue to breathe. My search for understanding, for clarification, may not be insatiable, but I cannot remember a time when I wasn't studying something, so when my wife introduced me to metaphysics, I knew that this was what I would make the topic of all my studying in the future. These essays are the essence of the information I've extracted from this process. My

purpose with these essays is not to provide you with what I think to be the "only" or "right" answers to any questions, but as an explanation, understanding or clarification that resonates for me and hopefully for you. We are all unique in our individual perceptions, so my perception of some subjects may not mirror yours, but if one, or some, of my essays bring a light of understanding or help to you, or assist you in seeing an old truth in a new way, then we are both blessed. It is my belief that all gifts are meant to be shared, be it the gift our friendships, our love or our knowledge, because if we keep them to ourselves, they are of no value to anyone. If these essays provide for you a better understanding or just simplify your path, in any manner, please share them, because as St. Francis said, in his beautiful prayer, "It is in the giving that we receive." There is no need to argue for the relevance of affectivity in early modern philosophy. When doing research and conceptualizing affectivity in this period, we hope to attain a basic interpretive framework for philosophy in general, one that is independent of and cutting across such unfruitful divisions as the time-honored interpretive distinction between “ rationalists ” and “ empiricists ” , which we consider untenable when applied to 17th-century thinkers. Our volume consists of papers based on the contributions to the First Budapest Seminar in Early Modern Philosophy, held on 14 – 15 October 2016 at E ö tv ö s Lor á nd University, Budapest. When composing this volume, our aim was not to present a systematic survey of affectivity in early modern philosophy. Rather, our more modest goal was to foster collaboration among researchers working in different countries and different traditions. Many of the papers published here are already in implicit or explicit dialogue with others. We hope that they will generate more of an exchange of ideas in the broader field of early modern scholarship.

Although mother and daughter are two central female roles, they have rarely been investigated. The relationship is specific, certainly different than the mother son or father daughter relationships. And this difference manifests itself in sex-specific language behavior. Despite 'eternal' features of the mother daughter relationship, its quality is affected by individual psychological and by sociocultural variables. Thus, investigations took place in two big cities with very different structures and traditions: Vienna and Los Angeles. This is the first cross-cultural study which reflects and combines multiple linguistic, socio-psycholinguistic and text linguistic categories, approaches and methods to be able to investigate such an important topic as family relationships and the 'place' of women nowadays in our societies.
