The Everglades region is a mosaic of

interconnected ecosystems where a slight elevation change can lead you from dry, rocky pinelands and shady hardwood hammocks to flooded grassy prairies and deep, mysterious swamps. Fascinating wildflowers abound in every habitat. This full-color, expanded second edition contains beautiful photos, easy-to-understand descriptions, and interesting facts about 362 wildflowers that inhabit this picturesque region.

There are hundreds of lives sown inside Pretty Little Mistakes, Heather McElhatton's singularly spectacular, breathtakingly unique

novel that has more than 150 possible endings. You may end up in an opulent mansion or homeless down by the river; happily married with your own corporation or alone and pecked to death by ducks in London; a Zen master in Japan or morbidly obese in a trailer park. Is it destiny or decision that controls our fate? You can't change your past and start over from scratch in real life—but in *Pretty Little Mistakes*, you can! But be warned, choose wisely.

Rowman & Littlefield

To those who will only believe in phenomena which are reproducible at will, it is easy to answer them: you do not manufacture comets, meteorites, magnetic disturbances due to sunspots, and yet you observe them. Metapsychical phenomena are registered in the records of Occultism.

That is all. The only thing to do is to check them. But the right remains to unite them amongst themselves by an attempt at a general explanation. The study of the Invisible, of the forces which it conceals, of the human fluids, is yet but at its dawn. Patience ! To deny is absurd. To observe is scientific. To think is wise. This is what I have done. It is what you will do after having read this book, the well arranged summing up of vast reading and lengthy thought.

*Low Maintenance Landscaping and Gardening* Knopf Books for Young Readers

An individualized, detailed astrological analysis of compatibility, based on each person's birthchart, includes instructions on how to create astrological charts using your birthdate and birthtime. Reprint.

*A New Approach to the Human Heart* Gemini Publications Limited

The harrowing adventures of a 16th century alchemist's apprentice who murders his master to possess a potion rumoured to confer immortality.

*Christmas with the Mousekins* Young Writers

A comprehensive practical guide that walks you through the multiple stages of

data management in enterprise and gives you numerous design patterns with appropriate code examples to solve frequent problems in each of these stages. The chapters are organized to mimick the sequential data flow evidenced in Analytics platforms, but they can also be read independently to solve a particular group of problems in the Big Data life cycle. If you are an experienced developer who is already familiar with Pig and is looking for a use case standpoint where they can relate to the problems of data ingestion, profiling, cleansing, transforming, and egressing data encountered in the enterprises. Knowledge of Hadoop and Pig is necessary for readers to grasp the intricacies of Pig design patterns better.

This blend of Western and Chinese astrology offers 144 distinct signs of the zodiac, with detailed analyses of each sign including individualized sections on love, sex, business, money, career, and home life

Harassment-free Sport RosettaBooks  
New light is shed on everyday life in the Middle Ages in Great Britain and continental Europe through this unique survey of its food culture. Students and other readers will learn about the

common foodstuffs available, how and what they cooked, ate, and drank, what the regional cuisines were like, how the different classes entertained and celebrated, and what restrictions they followed for health and faith reasons.

Fascinating information is provided, such as on imitation food, kitchen humor, and medical ideas. Many period recipes and quotations flesh out the narrative. The book draws on a variety of period sources, including as literature, account books, cookbooks, religious texts, archaeology, and art. Food was a status symbol then, and sumptuary laws defined what a person of a certain class could eat--the ingredients and preparation of a dish and how it was eaten depended on a person's status, and most information is available on the upper crust rather than the masses. Equalizing factors might have been religious strictures and such diseases as the bubonic plague, all of which are detailed here.

Join the Mousekin family as they prepare for

Christmas! Filled with crafts and recipes, poems and stories, this is a Christmas book to share with the whole family, year after year. All the highlights of a great December are here. The Mousekins pick out and decorate a tree. Make paper snowflakes with Nana Mousekin. Bake cookies for friends and neighbors. Write letters to Santa Mouse. Welcome carolers. Sled and skate and make a snowmouse. Share family stories of Christmases past. And find secret corners of the house to work on surprise presents for each other. You can celebrate along with the Mousekins—this book includes recipes for cookies, instructions for paper and felt crafts, and stories and poems to share with your family. Maggie Smith perfectly captures the happy whirl that is Christmas—when the house smells of cinnamon and ginger and you're putting the finishing touches on homemade gifts, and the excitement of secrets soon to be revealed is buzzing in the air. Open these pages and step into the warmth of family, the spirit of sharing, and a season full of love.

This is a completely new version of Positive Magic, the classic compendium of magic for personal use that has been a popular favorite for more than 25 years. With updates of Wiccan history, philosophy, tools, and

techniques, it also contains a wealth of entirely new material. Addressing the needs of today's readers - beginners and adepts alike-this edition explores new territory which includes: channeling, spirit contact, dealing with the future as well as the past, and the connection between quantum physics and traditional magic.

Packt Publishing Ltd

A guide to help you discover all the powers you possess. How you can achieve financial freedom and financial security, which holistic healing methods really work, the hidden meanings that can be found in numbers, words, and deja vu, how music, color, and crystals can be used to improve your body and your mind.

**Pig Design Patterns** Tata McGraw-Hill Education

Acclaimed Black and White Landscape photographer Clyde Butcher shares a collection of over 100 images, captured over 30 years of Florida's Everglades. This book includes many insights into Florida's Everglades many may not be aware of. The book explores the sacred beauty of "the swamp" and it's importance on Florida's environment as a whole. "My first baptism in swamp water was in the Big Cypress Swamp,

where I experienced a primeval presence I had never felt before. It was as though I was entering a time warp where the beginning and end of time combined in the waters of the swamp. It dawned on me, at that moment, that we humans are part of a greater whole. The Everglades is a unique ecosystem there is only one Everglades. Through my images, I hope people will come to a greater understanding of the beauty we will lose if the preservation and restoration of our environment are not at the forefront of our thoughts. As stewards of the land, we must establish an ethic toward the earth that will lead the way toward a deeper and more personal connection to nature. As an artist, I reach deep within myself to express an image that will touch another. It is my sincerest hope that the vision I give to you of the Everglades will inspire you to love and protect our environment for generations to come." Clyde Butcher

Linda Goodman's Star Signs Spring Publications

The instant New York Times and USA Today bestseller about two identical twin sisters who couldn't look more alike . . . or live more differently.

Nantucket is only eleven miles away from Martha's Vineyard. But they may as well be worlds apart for estranged

twin sisters Harper and Tabitha Frost.

After not speaking for more than a decade, Harper and Tabitha switch islands-and lives-to save what's left of their splintered family. But the twins quickly discover that the secrets, lies, and gossip they thought they'd outrun can travel between islands just as easily as they can. Will Harper and Tabitha be able to bury the hatchet and end their sibling rivalry once and for all? Before the last beach picnic of the season, there will be enough old resentments, new loves, and cases of mistaken identity to make this the most talked-about summer that Martha's Vineyard and Nantucket have experienced in ages.
