Document Creation Guide for MicroStrategy 9. 3. 1 Rocky Nook, Inc.

Image editing is a crucial element in the photographic workflow. Image editing tools, most notably Photoshop, are usually sophisticated and deep applications, and are fairly expensive. The only open source tool in this market is the GIMP, which has developed into a powerful, multiplatform system running on Linux, Mac OS X, and Microsoft Windows. GIMP 2.8 for Photographers is a beginner's guide to the only open source image editing tool that provides a no-cost alternative to expensive programs such as Photoshop. Topics include the new user interface and tools, the basics of image editing and simple adjustments, advanced techniques using layers and masks, developing RAW images, working with the improved text tool, and preparing high-quality black-and-white images. The most important editing functions are presented in individual, easy-to-follow workshops. A bonus section on the included DVD describes special techniques for web graphics. GIMP 2.8 for Photographers has evolved from classroom materials that the author developed and taught in courses and workshops on image editing with the GIMP.

## **David Busch's Canon EOS 90D Guide to Digital Photography**

A guide to using the NOOK Tablet, covering getting to know your NOOK Tablet, setting up, reading books, newspapers, and magazines, and other topics.

*David Busch's Nikon D3500 Guide to Digital SLR Photography*  
MicroStrategy, Inc.

Nest, Nook & Cranny Atlantic Publishing Company

The advent of Amazon's Kindle in 2007 allowed millions of writers to make the leap from paper to the electronic screen. Several eReader competitors recently joined the ring, introducing products such as the Apple iPad, Barnes & Noble Nook, the updated Sony Reader, and Samsung Papyrus. The publishing world is experiencing a revolution with these electronic readers and you can catch up to speed by learning the ins and outs of publishing with this low-cost, high-profit publisher. The Complete Guide to Writing & Publishing Your First eBook is a guide for anyone who's dreamt about becoming a published author and is intrigued by the profitable new prospect of ePublishing but didn't know where to start. eBook sales hovered around \$500 million at the end of 2009, and are steadily climbing. If you're passionate about writing and using new technology to market yourself and your work, this book will explain how you can do what you love and increase your earning potential. Start off with understanding what an eBook is and the differences between traditional and digital publishing, and the benefits involved. You will identify and learn the details of more than 15 eReaders, including the three top-selling: Kindle, Nook, and Sony Reader. You will employ the basics of analyzing your audience, brainstorming, writing, editing, and marketing according to the type of eReader. You will learn the process of getting your book published, how to change or alter the format or style of your book to match the necessities of the eReader, and how to optimize the format of any text for e-reading. We spent dozens of hours interviewing writers who are experts in the art of digital publishing to provide a complete overview of everything you need to know about publishing your eBook. Not only will you learn how to upload your work through an eReader, you will also hone your writing skills with tips, writing exercises, and writing resources. You will learn how to target your book to the right demographic and what you can do to promote your book in online inventories. You will learn the basics of viral marketing promotion, SEO, and building a business with digital publications. You will learn how to work with your eReader to produce innovative content, and you will learn how to monitor for updates to the electronic publishing industry. No matter what your goals are, you can start publishing from your home with eReader technology.

David Busch's Canon EOS R6 II Guide to Digital Photography Rocky Nook, Inc.

#### Nook Tablet Survival Guide MobileReference

The Nook HD Survival Guide is a handy reference tool for discovering the secrets of the Nook HD. This book organizes the wealth of knowledge about the Nook HD into one place. The organization within this book is unlike any other, and it allows you to instantly find the information you seek. Looking for tips on changing the font size or highlighting passages? Navigate to the "Reading eBooks" chapter. Need more advanced tips, such as capturing screenshots or accessing the SD card? Peruse the Tips, Tricks, and Customization chapter. You will also learn how to download FREE eBooks, send email from your Nook HD, play pre-installed games, and read news for FREE. Unlike the official Nook HD user manual, the Nook HD Survival Guide is not written like a book in paragraph form. Instead, every instruction is broken down into clear, concise steps. The Nook HD Survival Guide provides useful information not discussed in the Nook HD manual, such as tips and tricks, hidden features, and troubleshooting advice. This guide is constantly updated, going above and beyond by discussing recent known issues and solutions. This Nook HD Guide includes: Getting Started: - Registering the Nook HD - Connecting the Nook HD to a PC - Setting Up Wi-Fi - Using the Wishlist - Lending eBooks - Changing the Font Size - Using the Dictionary - Taking Notes - Downloading Thousands of Free eBooks - Managing Applications - Managing Email - List of Nook-friendly websites that save you time typing in long URL addresses - Shortcuts and Tips Advanced Topics: - Taking a Screenshot - Switching Between Applications - Playing Music - Viewing and Editing Photos - Buying eBooks through the Barnes and Noble Store - Subscribing to Magazines and Newspapers - Cancelling Subscriptions - Book Browsing Tips - Sending an Email - Using the Web Browser - Adding Bookmarks and Notes - Viewing Periodicals - Troubleshooting - Contacting the Nook HD Support Team

#### Mastering the Nikon D500 Rocky Nook, Inc.

While the Nook Simple Touch is somewhat similar to the original Nook, its infrared touchscreen makes for a completely different reading experience. The Nook Simple Touch Survival Guide provides you with tips and tricks you can use upon unboxing your new eReader. This guide sorts through all of the unnecessary clutter of the official manual and gives you task-based instructions. Instead of learning which buttons perform which functions, you will learn how to use those buttons to navigate your Nook to buy, read, and mark up your eBooks. Instead of presenting an arbitrary table of gestures you can use on the touchscreen, this book shows you where those gestures are needed by integrating them into the tasks you are doing. Additionally, each set of step-by-step instructions is accompanied by a set of detailed screenshots to help you to confirm that you are on the right track. By reading this book, you will unlock hidden secrets, such as downloading FREE eBooks and surfing the web using the hidden web browser on your Nook Simple Touch. The reference material given in this guide is constantly updated, never stagnant. The next time Barnes and Noble releases a software update, simply re-download this eBook to get the latest version. This Nook guide includes: Getting Started: - Button Layout - Performing First-Time Setup - Connecting the Nook to a PC or Mac - Setting Up Wi-Fi - Looking Up Words in the Built-In Dictionary - Buying eBooks through the Barnes and Noble Store - Subscribing to Magazines and Newspapers - Cancelling Subscriptions - Adding bookmarks and notes - Viewing periodicals Advanced topics: - Using the Wishlist - Lending eBooks - Downloading thousands of free eBooks - Managing eBook Shelves - Archiving eBooks - Setting the Screensaver - Transferring downloaded eBooks to the Nook - List of Nook-friendly websites that save you time typing in long URL addresses - Shortcuts and tips - Conserving Battery Life - Registering Your Nook - Book browsing tips - Using the Hidden Web Browser - Troubleshooting - Live Nook support telephone numbers

David Busch 's Sony Alpha a6600/ILCE-6600 Guide to Digital Photography Rocky Nook, Inc.

The DNA of business has changed. Forever. You can blame technology, smartphones, social media, online shopping and everything else, but nothing changes this reality: we are in a moment of business purgatory. So, what are you going to do about it? Mitch Joel, one of the world's leading experts in new media, warns that the time has come to CTRL ALT DELETE. To reboot and to start re-building your business model. If you don't, Joel warns, not only will your company begin to slide backwards, but you may find yourself unemployable within five years. That's a very strong warning, but in his new book, CTRL ALT DELETE, Joel explains the convergence of five key movements that have changed business forever. The movements have already taken place, but few businesses have acted on them. He outlines what you need to know to adapt right now. He also points to the seven triggers that will help you take advantage of these game-changing factors to keep you employable as this new world of business unfolds. Along the way, Joel introduces his novel concept of "squiggle" which explains how you can learn to adapt your personal approach to your career, as new technology becomes the norm. In short, this is not a book about "change management" but rather a book about "changing both you AND your business model."
