The "terrifying, wise, tender, and
thrilling" (R.O. Kwon)
adventure story of a fugitive girl,
a mysterious gang of robbers,
and their dangerous mission to
transform the Wild West. In the
year of our Lord 1894, I became

an outlaw. The day of her
wedding, 17 year old Ada's life
looks good; she loves her
husband, and she loves working
as an apprentice to her mother, a
respected midwife. But after a
year of marriage and no
pregnancy, in a town where
barren women are routinely
hanged as witches, her survival
depends on leaving behind
everything she knows. She joins
up with the notorious Hole in
the Wall Gang, a band of outlaws
led by a preacher-turned-robber
known to all as the Kid.
Charismatic, grandiose, and
mercurial, the Kid is determined
to create a safe haven for outcast
women. But to make this dream
a reality, the Gang hatches a
treacherous plan that may get
them all killed. And Ada must
decide whether she's willing to
risk her life for the possibility of a
new kind of future for them all.
Featuring an irresistibly no-

nonsense, courageous, and
determined heroine, *Outlawed*
dusts off the myth of the old
West and reignites the
glimmering promise of the
frontier with an entirely new set
of feminist stakes. Anna North
has crafted a pulse-racing, page-
turning saga about the search for
hope in the wake of death, and
for truth in a climate of small-
mindedness and fear.
This Bright River One
World
Part memoir, part
lies, this
imaginative tale is a
story about loving a
woman made of paper,
about the wounds made
by first love and
sharp objects.

Yet no one knows the true story; their confessions have never been found. Until now. Reeling from heartbreak, a scholar named Dr. Voth discovers a long-lost manuscript—a gender-defying expos é of Jack and Bess ’ s adventures. Is *Confessions of the Fox* an authentic autobiography or a hoax? As Dr. Voth is drawn deeper into Jack and Bess ’ s tale of underworld resistance and gender transformation, it becomes clear that their fates are intertwined—and only a miracle will save them all. Writing with the narrative mastery of Sarah Waters and the playful imagination of Nabokov, Jordy Rosenberg is an audacious storyteller of extraordinary talent. And what a gift it is.” —*Library Journal* From Lauren Groff, author of the critically acclaimed and *New York Times* bestselling novel *Fates and Furies*, comes *Delicate Edible Birds*, one of the most striking short fiction debuts in years. Here are nine stories of astonishing insight and variety, each revealing a resonant drama within the

life of a twentieth-century American woman. “[An] innovative and beautifully written collection that covers a wide swath of humanity, from east coast resort towns, to the early twentieth century flu epidemic, to WWII Europe.” —*Publishers Weekly* “Tales of ordinary transformations and everyday occurrences are made magical in a collection of nine stories by Groff. . . . Groff’s skill makes commonplace occurrences seem compelling.” —*Kirkus Reviews* Unfollow Me *Algonquin Books* In this exciting short story, Frank Becker is a man with a mission that doesn’t turn out quite as planned. His life is far from ordinary, and he knows how deadly routine can be if someone wants to do you harm . . . *No Time Left* is a gripping quick read from David Baldacci, the internationally bestselling author of *The Camel Club* series. Fight of the Century *Voice* *The Complete Book of Ferns* is filled with botanical information, indoor and outdoor growing and care information, details on propagation, display ideas, and even craft projects. This gorgeous book is authored by Mobee Weinstein, the

Foreman of Gardeners at the New York Botanical Garden in the Bronx and a veteran guest on the Martha Stewart Living TV show and other media outlets. Houseplants in general are in ascendance, but no category is hotter than ferns. From the otherworldly Staghorns—mounted like antler trophies in homes throughout the world—to the classic Boston Ferns and newer varieties like Crispy Wave, ferns are definitely back in fashion. And to no one's surprise. After all, ferns are among the very oldest plants on the planet, with a long and storied history. There are tens of thousands of known varieties of ferns. In the Victorian Era, ferns created an absolute craze for more than 50 years. They re-emerged as integral home décor accessories in the '50s and '60s, and who didn't spend time in a "Fern Bar" back in the '80s? And they are back again. This comprehensive reference starts its examination of ferns 400 million years ago, when the first species of this group of spore-reproducing plants appeared on Earth, exploring their evolution and eventual incorporation into human culture, including the powers associated with them and their practical and ornamental uses. Then, after an exploration of fern botany—its parts, how it

grows, its variability in size and form, habitats, propagation, etc.—you'll learn how to green your indoor and outdoor environments with ferns. Every aspect of fern care is covered: potting/planting, watering, fertilizing, pest and disease control, and more. With this knowledge absorbed, explore creative planting projects, like terrariums, vertical gardens (living walls), mixed tabletop gardens, and moss baskets. To make your survey of ferns complete, create pressed fern art, fabric wall hangings with chlorophyll-stained designs, cyanotypes, and hand-made fern-decorated paper. In the end, you will understand why this ancient plant class continues to be all the rage.

A small religious community is living in what were once the ferns of eastern England. They are perhaps the world's last human survivors. Now, they find themselves stalked by a force that draws ever closer, a force intent on destroying everything they stand for. Set on the far side of the ecological apocalypse, Paul Kingsnorth's new novel is a mythical, polyphonic drama

driven by elemental themes: of community versus the self, the mind versus the body, machine versus man - of whether to put your faith in the present or the future. Alexandria completes the Buckmaster Trilogy, which began with Kingsnorth's prize-winning *The Wake*. 100 Years of the Best American Short Stories Bloomsbury Publishing USA

"Powerful, moving, brilliant . . . an utterly captivating read, and I came away from it with this astonished thought: There's nothing this writer can't do."

--Elizabeth Gilbert For readers of *A Gentleman in Moscow* and *Z: A Novel of Zelda Fitzgerald*, an ambitious, spellbinding historical novel about sensuality, censorship, and the novel that set off the sexual revolution. On the glittering shores of the Mediterranean in 1928, a dying author in exile races to complete his final novel. *Lady Chatterley's Lover* is a sexually bold love story, a searing indictment of class distinctions, and a study in sensuality. But

the author, D.H. Lawrence, knows it will be censored. He publishes it privately, loses his copies to customs, and dies bereft. Booker Prize-longlisted author Alison MacLeod brilliantly recreates the novel's origins and boldly imagines its journey to freedom through the story of Jackie Kennedy, who was known to be an admirer. In MacLeod's telling, Jackie-in her last days before becoming first lady-learns that publishers are trying to bring D.H. Lawrence's long-censored novel to American and British readers in its full form. The U.S. government has responded by targeting the postal service for distributing obscene material. Enjoying what anonymity she has left, determined to honor a novel she loves, Jackie attends the hearing incognito. But there she is quickly recognized, and FBI Director J. Edgar Hoover takes note of her interest and her outrage. Through the story of Lawrence's writing of *Lady Chatterley's Lover*, the historic obscenity trial that sought to suppress it in the United Kingdom, and the men and women who fought for its

worldwide publication, Alison MacLeod captures the epic sweep of the twentieth century from war and censorship to sensuality and freedom. Exquisite, evocative, and grounded in history, *Tenderness* is a testament to the transformative power of fiction.

Woman Running in the Mountains HMH Set in 1970s Japan, this tender and poetic novel about a young, single mother struggling to find her place in the world is an early triumph by a modern Japanese master. Alone at dawn, in the heat of midsummer, a young woman named Takiko Odaka departs on foot for the hospital to give birth to a baby boy. Her pregnancy, the result of a brief affair with a married man, is a source of sorrow and shame to her abusive parents. For Takiko, however, it is a cause for reverie. Her baby, she imagines, will be hers and hers alone, a challenge that she also hopes will free her. Takiko's first year as a mother is filled with the intense bodily pleasures and pains that come from caring for a newborn. At first she seeks refuge in the company of other

women—in the hospital, in “Puttanesca,” two widows move tentatively forward, her son’s nursery—but as the baby grows, her life becomes less circumscribed as she explores Tokyo, then ventures beyond the city into the countryside, toward a mountain that captures her imagination and desire for a wilder freedom.

A staggering portrait of a crumbling utopia, this "timeless and vast" novel filled with the "raw beauty" beautifully depicts an idyllic commune in New York State -- and charts its eventual yet inevitable downfall (Janet Maslin, The New York Times).

NEW YORK TIMES

BESTSELLER "Timeless and vast... The raw beauty of Ms. Groff's prose is one of the best things about Arcadia. But it is by no means this book's only kind of splendor."---Janet Maslin, The New York Times

"Even the most incidental details vibrate with life Arcadia wends a harrowing path back to a fragile, lovely place you can believe in."---Ron Charles, The Washington Post In the fields of western New York State in the 1970s, a few dozen idealists set out to live off the land, founding a commune centered on the grounds of a decaying mansion called Arcadia House. Arcadia follows this romantic utopian

dream from its hopeful start through its heyday. Arcadia's inhabitants include Handy, the charismatic leader; his wife, Astrid, a midwife; Abe, a master carpenter; Hannah, a baker and historian; and Abe and Hannah's only child, Bit. While Arcadia rises and falls, Bit, too, ages and changes. He falls in love with Helle, Handy's lovely, troubled daughter. And eventually he must face the world beyond Arcadia. In Arcadia, Groff displays her literary gifts to stunning effect. The American Civil Liberties Union partners with award-winning authors Michael Chabon and Ayelet Waldman in this "forceful, beautifully written" (Associated Press) collection that brings together many of our greatest living writers, each contributing an original piece inspired by a historic ACLU case. On January 19, 1920, a small group of idealists and visionaries, including Helen Keller, Jane Addams, Roger

Baldwin, and Crystal Eastman, founded the American Civil Liberties Union. A century after its creation, the ACLU remains the nation's premier defender of the rights and freedoms guaranteed by the Constitution. In collaboration with the ACLU, authors Michael Chabon and Ayelet Waldman have curated an anthology of essays "full of struggle, emotion, fear, resilience, hope, and triumph" (Los Angeles Review of Books) about landmark cases in the organization's one-hundred-year history. Fight of the Century takes you inside the trials and the stories that have shaped modern life. Some of the most prominent cases that the ACLU has been involved in—Brown v. Board of Education, Roe v. Wade, Miranda v. Arizona—need little introduction. Others you may never even have heard of, yet their outcomes quietly defined the world we live in now. Familiar or little-known, each case springs to vivid life in the hands of the acclaimed writers who dive into the history, narrate their personal experiences, and debate the questions at the heart of each issue. Hector Tobar introduces us to Ernesto Miranda, the felon whose wrongful conviction inspired the now-iconic Miranda rights—which the police would later read to

the man suspected of killing him. Yaa Gyasi confronts the legacy of Brown v. Board of Education, in which the ACLU submitted a friend-of-the-court brief questioning why a nation that has sent men to the moon still has public schools so unequal that they may as well be on different planets. True to the ACLU's spirit of principled dissent, Scott Turow offers a blistering critique of the ACLU's stance on campaign finance. These powerful stories, along with essays from Neil Gaiman, Meg Wolitzer, Salman Rushdie, Ann Patchett, Viet Thanh Nguyen, Louise Erdrich, George Saunders, and many more, remind us that the issues the ACLU has engaged over the past one hundred years remain as vital as ever today, and that we can never take our liberties for granted. Chabon and Waldman are donating their advance to the ACLU and the contributors are forgoing payment.

The End of the Day
Houghton Mifflin Harcourt

An intimate, impertinent, and incisive collection about race, progress, and hypocrisy from Jill Louise Busby, aka Jill Black. Jill Louise Busby spent years in the nonprofit sector specializing in Diversity & Inclusion. She spoke at

academic institutions, businesses, and detention centers on the topics of Race, Power, and Privilege and delivered over two-hundred workshops to nonprofit organizations all over the California Bay Area. In 2016, fed up with what passed as progressive in the Pacific Northwest, Busby uploaded a one-minute video about race, white institutions, and faux liberalism to Instagram. The video received millions of views across social platforms. As her pithy persona Jillblack became an "it-voice" weighing in on all things race-based, Jill began to notice parallels between her performance of "diversity" in the white corporate world and her performance of "wokeness" for her followers. Both, she realized, were scripted. *Unfollow Me* is a memoir-in-essays about these scripts; it's about tokenism, micro-fame, and inhabiting spaces-real and virtual, black and white-where complicity is the price of entry. Busby's social commentary manages to be both wryly funny and achingly open-hearted as she recounts her shape-shifting moves among the

subtle hierarchies of progressive communities. *Unfollow Me* is a sharply personal and self-questioning critique of white fragility (and other words for racism), respectability politics (and other words for shame), and all the places where fear masquerades as progress. [No Time Left \(Short Reads\)](#) Cool Springs Press ONE OF NPR'S BEST BOOKS OF 2020 LONGLISTED FOR THE 2021 JOYCE CAROL OATES PRIZE A lush, glittering short story collection exploring female obsession and desire by an award-winning author Roxane Gay calls "a consummate storyteller." From Kentucky to the California desert, these forty-two short stories -- ranging from the 80's and 90's to present day -- expose the hearts of girls and women in moments of obsessive desire and fantasy, wildness and bad behavior, brokenness and fearlessness, and more. On a hot July night, teenage girls sneak out of the house to meet their boyfriends by the train tracks. Members of a cult form an unsettling chorus as they proclaim their adoration for the same man. A woman luxuriates in a fantasy getaway to escape her past. A love story begins over cabbages in a grocery store, and a

laundress's life is consumed by her obsession with a baseball star. After the death of a sister, two high school friends kiss all night and binge-watch Winona Ryder movies. Leesa Cross-Smith's sensuous stories -- some long, some gone in a flash, some told over text and emails -- drench readers in nostalgia for summer nights and sultry days. They recall the intense friendships of teenage girls and the innate bonds between mothers, the first heady rush of desire, and the pure exhilaration of womanhood, all while holding up the wild souls of women so they can catch the light.

The People of Paper St. Martin's Press

A unique and personal insight into the ecology and evolution of pollinators, their relationships with flowers, and their conservation in a rapidly changing world. The pollination of flowers by insects, birds and other animals is a fundamentally important ecological function that supports both the natural world and human society. Without pollinators to facilitate the sexual reproduction of plants, the world would be a

biologically poorer place in which to live, there would be an impact on food security, and human health would suffer. Written by one of the world's leading pollination ecologists, this book provides an introduction to what pollinators are, how their interactions with flowers have evolved, and the fundamental ecology of these relationships. It explores the pollination of wild and agricultural plants in a variety of habitats and contexts, including urban, rural and agricultural environments. The author also provides practical advice on how individuals and organisations can study, and support, pollinators. As well as covering the natural history of pollinators and flowers, the author discusses their cultural importance, and the ways in which pollinator conservation has been portrayed from a political perspective. The book draws on field work experiences in South America, Africa, Australia, the Canary Islands and the UK. For over 30 years the author has spent his career researching how plants and pollinators evolve relationships, how these interactions function ecologically, their importance for society, and how we can conserve them in a rapidly changing world. This book offers a unique and personal insight into the science of pollinators and pollination, aimed at anyone who is interested in understanding these fascinating and crucial ecological interactions.
