Shadows of the Canyon (Desert Roses Book #1) Sourcebooks, Inc.

Eliza Knight's bestselling Scottish historical romance series, The Stolen Bride Series, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn once in marriage, she is

devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite feelings inside her she thought long since buried, desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish-whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery

temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...

Emmy Award-winning producer and New York Times bestselling author Lionel Friedberg has spent 50 years making films as diverse as full-length theatrical features and television documentaries. After growing up in South Africa during the troubled era of apartheid he began his career during the dying days of colonialism in Central Africa. He eventually settled in Los Angeles where his work took him to the sound stages of Hollywood and to the most remote regions of the Earth. His career exposed him to the extraordinary wonders of our planet and brought him into close contact with many unforgettable personalities from maverick scientists to politicians, entertainers and people who survived near-death experiences. His observations have taught him that life is far more complex and infinitely stranger than we can imagine. When he was struck by an unexpected life-threatening illness his efforts to find a way to save

his life took him back to Africa where he encountered the age-old rituals and powerful healing methods of African shamans. Their mysterious ways have much to teach us and are as relevant today as they were in ancient times.
