Introducing the global mind-set changing the way we do business. In this fascinating book, global entrepreneurship expert Daniel Isenberg presents a completely novel way to approach business building—with the insights and lessons learned from a worldwide cast of entrepreneurial characters. Not bound by a western, Silicon Valley stereotype, this group of courageous and energetic doers has created a global and diverse mix of companies destined to become tomorrow's leading organizations. *Worthless, Impossible, and Stupid* is about how enterprising individuals from around the world see hidden value in situations where others do not, use that perception to develop products and services that people initially don't think they want, and ultimately go on to realize extraordinary value for themselves, their customers, and society as a whole. What these business builders have in common is a contrarian mind-set that allows them to create opportunities and succeed where others see nothing. Amazingly, this process repeats itself in one form or another countless times a day all over the world. From Albuquerque to Islamabad, you will travel with Isenberg to discover unusual yet practical insights that you can use in your own business. Meet the founders of Grameenphone in Bangladesh, PACIV in Puerto Rico, Sea to Table in New York, Actavis in Iceland, Studio Moderna in Slovenia, Hartwell Metals in Hong Kong and Southeast Asia, Given Imaging in Israel, WildChina in China, and many others. You'll be moved by the stories of these plucky start-ups—many of them fueled by adversity and, more often than not, by necessity. Great stories, stunning successes, crushing failures—they're all here. What can we, in the East and West, learn from them? What can you learn—and what will these entrepreneurial stories, so compellingly told, inspire you to do? Let this book open doors for you where you once saw only walls. If you've ever felt the urge to turn a glimmer of an idea into something extraordinary, these stories are for you.

Who was Robin Hood? Romantic legend casts him as outlaw, archer, and hero of the people, living in Sherwood Forest with Friar Tuck, Little John and Maid Marian, stealing from the rich to give to the poor - but there is no historical proof to back this up. The early ballads portray a quite different figure: impulsive, violent, vengeful, with no concern for the needy, no merry band, and no Maid Marian. Hodd

provides a possible answer to this famous question, in the form of a medieval document rescued from a ruined church on the Somme, and translated from the original Latin. The testimony of an anonymous monk, it describes his time as a boy in the greenwood with a half-crazed bandit called Robert Hodd - who, following the thirteenth-century principles of the 'heresy of the Free Spirit', believes himself above God and beyond sin. Hodd and his crimes would have been forgotten without the boy's minstrel skills, and it is the old monk's cruel fate to know that not only has he given himself up to apostasy and shame, but that his ballads were responsible for turning a murderous felon into the most popular outlaw hero and folk legend of England, Robin Hood. Written with his characteristic depth and subtlety, his sure understanding of folklore, his precise command of detail, Adam Thorpe's ninth novel is both a thrilling re-examination of myth and a moving reminder of how human innocence and frailty fix and harden into history.

Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller's life and times. Here are previously unpublished stories - wacky as they are enlightening - along with favorites from *Walking Through Clear Water* in a Pool Painted Black and other publications. Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights*, *Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.

Born and raised in the culinary capital of Milan, Italy, it was destiny that Luca inherited his passion for food and culinary exploration in his homeland. Luca's interest and passion for food commenced with his Mom and Nonna when he was just eight years old, taking his first few steps with them in the direction of becoming a chef. One of today's most successful chefs and food consultants in the world, this is Luca's journey from Milan, Italy to Australia and beyond, and how his food journey has made him one of the most sought after chefs. From what he learned as the basics from his mother and grandmother, to life in a different time growing up in Milan and holidays at Lake Como, to moving to London to establish himself to be one of the most credible chefs on Italian cuisine.

Here is a radically interdisciplinary account of how Charles S. Peirce's theory of signs can be made to interact meaningfully with translation theory. In the separate chapters of this book on semiotranslation, the author shows that the various phenomena we commonly refer to as translation are different forms of genuine and degenerate semiosis. Also drawing on insights from Ludwig Wittgenstein and Walter Benjamin (and drawing analogies between their work and Peirce's) it is argued that through the kaleidoscopic, evolutionary process of unlimited translation, signs deploy their meaning-potentialities. This enables the author to throw novel light upon Roman Jakobson's three kinds of translation - intralingual, interlingual, and intersemiotic translation. Gorfée's pioneering study will entice translation specialists, semioticians, and (language) philosophers into expanding their views upon translation and, hopefully, into cooperative research projects.

Passing meets *The House of Mirth* in this “utterly captivating” (Kathleen Grissom, *New York Times* bestselling author of *The Kitchen House*) historical novel based on the true story of Anita Hemmings, the first black student to attend Vassar, who successfully passed as white—until she let herself grow too attached to the wrong person. Since childhood, Anita Hemmings has longed to attend the country’s most exclusive school for women, Vassar College. Now, a bright, beautiful senior in the class of 1897, she is hiding a secret that would have banned her from admission: Anita is the only African-American student ever to attend Vassar. With her olive complexion and dark hair, this daughter of a janitor and descendant of slaves has successfully passed as white, but now finds herself rooming with Louise “Lottie” Taylor, the scion of one of New York’s most prominent families. Though Anita has kept herself at a distance from her classmates, Lottie’s sphere of influence is inescapable, her energy irresistible, and the two become fast friends. Pulled into her elite world, Anita learns what it’s like to be treated as a wealthy, educated white woman—the person everyone believes her to be—and even finds herself in a heady romance with a moneyed Harvard student. It’s only when Lottie becomes infatuated with Anita’s brother, Frederick, whose skin is almost as light as his sister’s, that the situation becomes particularly perilous. And as Anita’s college graduation looms, those closest to her will be the ones to dangerously threaten her secret. Set against the vibrant backdrop of the Gilded Age, an era when old money traditions collided with modern ideas, Tanabe has written an unputdownable and emotionally compelling story of hope, sacrifice, and betrayal—and a gripping account of how one woman dared to risk everything for the chance at a better life.
