The fact that the tale has to do with events beginning before Time and running through to today is intriguing enough, yet the story is spun with a masterful enchantment, which held this reviewer in rapt attention.

Demon book by Tosca Lee - ThriftBooks
Many novels these days begin with a cliff hanger seeking to immediately draw their readers in. Tosca avoids this traditional formula – perhaps to her monetary detriment, but not to the detriment of her storytelling. Rather she slowly picks up pace – revealing layers of mystery and pain. The story of Demon: A Memoir is a twin tale. First of Clay, a man who has lost everything when his wife Aubrey divorces him, and of the demon that desires to have his story told by Clay to the world.
