Visit The REA Study Center for a suite of online tools: **The best way to personalize your study plan is to get frequent feedback on what you know and what you don't know.** At the online REA Study Center, you can access three types of assessment: topic-level quizzes, mini-tests, and a full-length practice test. Each of these tools provides true-to-format questions and delivers a detailed score report that follows the topics set by the College Board®. **Topic Level Quizzes:** Short, 15-minute quizzes are available throughout the review and test your immediate understanding of the topics just covered. **Mini-Tests:** Three online mini-tests cover what you've studied. These tests are like the actual AP® exam, only shorter, and will help you evaluate your overall understanding

of the subject. **2 Full-Length Practice Tests - (1 for Calculus AB and 1 for Calculus BC):** After you've finished reviewing the book, take our full-length practice exams to practice under test-day conditions. Available both in the book and online, these tests give you the most complete picture of your strengths and weaknesses. We strongly recommend you take the online versions of the exams for the added benefits of timed testing, automatic scoring, and a detailed score report. **Improving Your Score with e-Flashcards:** With your score reports from the quizzes and tests, you'll be able to see exactly which AP® Calculus topics you need to review.
