The dramatic story of five key turning points in a thousand years of Western music - discoveries that changed the course of history. Who first invented 'Doh Re Mi...'? What do we mean by "in tune"? Looking back down the corridor of a thousand years, Howard Goodall guides us through the stories of five seismic developments in the history of Western music. His "big bangs" may not be the ones we expect - some are surprising and some are so obvious we overlook them - but all have had an extraordinary impact. Goodall starts with the invention of notation by an 11th-century Italian monk, which removed the creation of music from the hands of the players to the pens of the composers; moves on to the first opera; then to the invention of the piano, and ends with the story of the first recording made in history. Howard Goodall has the gift of making these complicated musical advances both clear and utterly fascinating. Racy and vivid in a narrative full of colourful characters and graphic illustrations of technical processes, he also gives a wonderful sense of the culture of trial and error and competition, be it in 11th-century Italy or 19th-century America, in which all progress takes place. Big Bangs opens a window on the crucial moments in our musical culture - discoveries that made possible everything from Bach to the Beatles - and tells us a riveting story of a millennium of endeavour.

Recipient of the Independent Publishers Award for Historical Fiction (Gold Medal), the Foreword Book of the Year Award for Historical Fiction (Bronze Medal), and an honorable mention in the category of General Fiction for the Eric Hoffer Award. Luis de Sant á ngel, chancellor to the court and longtime friend of the lusty King Ferdinand, has had enough of the Spanish Inquisition. As the power of Inquisitor General Tom á s de Torquemada grows, so does the brutality of the Spanish church and the suspicion and paranoia it inspires. When a dear friend ' s demise brings the violence close to home, Sant á ngel is enraged and takes retribution into his own hands. But he is from a family of conversos, and his Jewish heritage makes him an easy target. As Sant á ngel witnesses the horrific persecution of his loved ones, he begins slowly to reconnect with the Jewish faith his family left behind. Feeding his curiosity about his past is his growing love for Judith Migdal, a clever and beautiful Jewish woman navigating the mounting tensions in Granada. While he struggles to decide what his reputation is worth and what he can sacrifice, one man offers him a chance he thought he ' d lost...the chance to hope for a better world. Christopher Columbus has plans to discover a route to paradise, and only Luis de Sant á ngel can help him. Within the dramatic story lies a subtle, insightful examination of the crisis of faith at the heart of the Spanish Inquisition. Irresolvable conflict rages within the conversos in *By Fire, By Water*, torn between the religion they left behind and the conversion meant to ensure their safety. In this story of love, God, faith, and torture, fifteenth-century Spain comes to dazzling, engrossing life.

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £ 10,000 to get started, setting

up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

THE following translation was undertaken from a desire to lay before the English-speaking people the full treasury of epical beauty, folklore, and mythology comprised in The Kalevala (the Land of Heroes, the national epic of the Finns.) The Kalevala describes Finnish nature very minutely and very beautifully. Grimm says that no poem is to be compared with it in this respect. A deeper and more esoteric meaning of the Kalevala, however, points to a contest between Light and Darkness. The numerous myths of the poem are likewise full of significance and beauty, and the Kalevala should be read between the lines, in order that the full meaning of this great epic may be comprehended. The whole poem is replete with the most fascinating folk-lore about the mysteries of nature, the origin of things, the enigmas of human tears, and, true to the character of a national epic, it represents not only the poetry, but the entire wisdom and accumulated experience of a nation. One of the most notable characteristics of the Finnish mythology is the interdependence among the gods. The Finnish deities, like the ancient gods of Italy and Greece, are generally represented in pairs. They have their individual abodes and are surrounded by their respective families. The Sun and the Moon each have a consort, and sons and daughters. Only two sons of Paeivae appear in The Kalevala, one comes to aid of Wainamoinen in his efforts to destroy the mystic Fire-fish, by throwing from the heavens to the girdle of the hero, a "magic knife, silver-edged, and golden-handled," the other son, Panu, the Fire-child, brings back to Kalevala the fire that had been stolen by Louhi, the wicked hostess of Pohyola. 10% of the net profit from the sale of this book will be donated to charities.
