CODY MCFADYEN COLLECTION. Heyne Verlag

Dr. Peter Brown is an intern at Manhattan's worst hospital, with a talent for medicine, a shift from hell, and a past he'd prefer to keep hidden.

Whether it's a blocked circumflex artery or a plan to land a massive malpractice suit, he knows what

evil lurks in the hearts of men. Pietro "Bearclaw" Brwna is a hitman for the mob, with a genius for violence, a well-earned fear of sharks, and an overly close relationship with the Federal Witness Relocation Program. More likely to leave a trail of dead gangsters than a molecule of evidence, he's the last person you want to see in your hospital room. Nicholas LoBrutto, aka Eddy Squillante, is Dr. Brown's new patient, with three months to live and a very strange idea: that Peter Brown and Pietro Brnwa might-just might-be the same person . . . Now, with the mob, the government, and death itself descending on the hospital, Peter has to buy time and do whatever it takes to keep his patients, himself, and his last shot at redemption alive. To get through the next eight hours-and somehow beat the reaper. Spattered in adrenaline-fueled action and bone-saw-sharp dialogue, *Beat the Reaper* is a debut thriller so

utterly original you won't be able to guess what happens next, and so shockingly entertaining you won't be able to put it down.

One Silent Night MIRA

Set in 1930s Papua New Guinea, this gorgeous novel is about three young, ground-breaking anthropologists caught in a love triangle that threatens their bonds, their careers and, ultimately, their lives. English anthropologist Andrew Bankson has been

alone in the field for several years studying the Kiona river tribe in the Territory of New Guinea. Haunted by the memory of his brothers' deaths and increasingly frustrated and isolated by his research, Bankson is on the verge of suicide when a chance encounter with two colleagues, the controversial Nell Stone and her wry and mercurial Australian husband, Fen, pulls him back from the brink. Nell and Fen have just fled the bloodthirsty Mumbanyo and, in spite of Nell's poor health, are hungry for a new discovery. When Bankson finds them a new tribe to divert them from leaving New Guinea, he ignites an intellectual and romantic firestorm between the three of them that burns out of anyone's control. King's writing is effortlessly elegant and the setting wonderfully rich and evocative. What really sets this novel apart, though, are the brilliantly realized characters absorbed in the work of understanding the fundamental humanity that connects us all. Set between two world wars and inspired by events in the life of revolutionary anthropologist Margaret Mead, *Euphoria* is an enthralling story of passion, possession, exploration and sacrifice.
