A Guide To Descriptive Writing: Practice eBook (2nd Edition) Adda247 Publications  
“ A galvanizing expos é ” of America ’ s trash problem from plastic in the ocean to “ wasteful packaging, bogus recycling, and flawed landfills and incinerators ” (Booklist, starred review). Eat a take-out meal, buy a pair of shoes, or read a newspaper, and you ’ re soon faced with a bewildering amount of garbage. The United States is the planet ’ s number-one producer of trash.

Each American throws out 4.5 pounds daily. But garbage is also a global problem. Today, the Pacific Ocean contains six times more plastic waste than zooplankton. How did we end up with this much rubbish, and where does it all go? Journalist and filmmaker Heather Rogers answers these questions by taking readers on a grisly and fascinating tour through the underworld of garbage. *Gone Tomorrow* excavates the history of rubbish handling from the nineteenth century to the present, pinpointing the roots of today's waste-addicted society. With a "lively authorial voice," Rogers draws connections between modern industrial production, consumer culture, and our throwaway lifestyle (New York Press). She also investigates the politics of recycling and the export of trash to poor countries, while offering a potent argument for change. "A clear-thinking and peppery writer, Rogers presents a galvanizing exposé of how we became the planet's trash monsters. . . . [*Gone Tomorrow*] details everything that is wrong with today's wasteful packaging, bogus recycling, and flawed landfills and incinerators. . . . Rogers exhibits black-belt precision." —Booklist, starred review

 In Writing Anthropology, fifty-two anthropologists reflect on scholarly writing as both craft and commitment. These short essays cover a wide range of territory, from ethnography, genre, and the politics of writing to affect, storytelling, authorship, and scholarly responsibility. Anthropological writing is more than just communicating findings: anthropologists write to tell stories that matter, to be accountable to the communities in which they do their research, and to share new insights about the world in ways that might change it for the better. The contributors offer insights into the beauty and the function of language and the joys and pains of writing while giving encouragement to stay at it—to

keep writing as the most important way to not only improve one's writing but to also honor the stories and lessons learned through research.
