Due to the extremely
technical nature of most
design documents, there is
currently some discussion in
the industry about who
needs to review the Design
Specification. The Design
Specification is reviewed
and approved, at minimum,
by the System Owner,
System Developer, and
Quality Assurance.
*SoftRight Hospital
Management System*
This page contains System
analysis design of hospital
management system. The
purpose of design phase is to
plan a solution for problem
specified by the requirements.

System design aims to identify the modules that should be in the system, the specification of those modules and how they interact with each other to produce the result.
