TOP 5: Best Desktop Computer 20205 Best Desktop Computers in 2020
The best desktop PCs have been flying off shelves as people around the world increasingly transition to working to home. While a desktop machine will never be as portable as one of the best laptops, the increase in performance per dollar is worth if it mobility isn't a priority. Desktops are also much easier to upgrade and more modular than their laptop counterparts, meaning future-proofing is a much less expensive prospect.
