on the run from a mob of villagers, and seeks refuge in the ancient cloisters of Assisi, in the countryside of Umbria, Italy. There, she learns of her destiny and her mission: to find her father and the ancient vampire Shield needed to save mankind. But Caitlin's heart still pines for her lost love: Caleb. She desperately needs to know if he has survived their trip back in time. She learns that her mission requires her to go to Florence,

but if she wants to pursue matters of the heart, she must go to Venice. She chooses Venice. Caitlin is overwhelmed at what she finds. Venice of the eighteenth century is a surreal place, men and women dressed in elaborate costumes and masks, celebrating an endless, lavish party. She is thrilled to discover and reunite with some of her close friends, and to be welcomed back

into their coven. And she is excited to join them in Venice's Grand Ball, the most important costume dance of the year, where she hopes, once again, to find Caleb. But Caitlin is not the only one who can travel back in time: Kyle soon arrives, too, and is determined to hunt her down and kill her once and for all. Sam, too, arrives, determined to save his sister before it is too late. At the Ball, Caitlin searches everywhere, and

---

finds no sign of Caleb. That is, until the very last dance. She dances with a masked man who takes her heart away, and she feels certain that it is him. But as the partners change, she loses him again. Or does she? Caitlin soon finds herself torn between the two loves of her life, and discovers that she has to be careful what she wishes for. Her joy at finding what she wants might just come mixed with tragedy and heartbreak. In a

climactic, action-packed ending, Caitlin finds herself up against true evil, Rome's ancient vampire coven, and the most powerful vampire coven that ever existed. Surviving will demand all her skills, as she finds herself battling for her very life. She will have to sacrifice more than ever, if she is to save the one she loves.... helped us to evolve and prosper. Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments.

What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient

usbones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective

---

brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success*

explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness. epic battle occurs, as two titans face each other, and as Rafi uses his power to summon an army of undead. With the Destiny Sword destroyed, and the fate of the Ring in the balance, Argon and Alistair will need to summon their magical powers to help Gwendolyn's brave warriors. Yet even with their help, all could be lost if it were not for the return of Mycoples, and her new companion, Ralibar. Luanda struggles to prevail against her captor, Romulus, as the fate of the Shield hangs in the balance. Reece, meanwhile, struggles to lead his men back up the Canyon walls, with Selese's help. Their love deepens; but with the arrival of Reece's old love, his

cousin, a tragic love triangle and misunderstandings develop. When the Empire is finally ousted from the Ring, and Gwendolyn has her chance for personal vengeance against McCloud, there is great cause to celebrate. As the new Queen of the Ring, Gwen uses her powers to unite both MacGils and McClouds for the first time in history, and to begin the epic rebuilding of the land, of her army, and of the Legion. King's Court slowly comes back to life once again, as they all begin to pick up the pieces. It is destined to become a more glorious city than even her father ever dreamed of, and in the process, justice finally finds Gareth. Tirus must be brought

to justice, too, and Gwen will have to decide what sort of leader she will be. There is a great conflict amongst Tirus's sons, not all of whom see things the same way, and a struggle for power erupts once again, as Gwen decides if she will accept an invitation to the Upper Isles, thus making the MacGil clan whole once again. Erec is summoned to return to his people in the Southern Isles and see his dying father, and Alistair joins him, as they prepare for their wedding. Thorgrin and Gwendolyn may have wedding preparations in their future, too. Thor becomes closer to his sister, and as all settles down inside the Ring, he finds himself
