Poetry from Beyond the Grave is the first English publication of a large selection of poems by the Brazilian medium and Spiritist leader Francisco Cândido "Chico" Xavier. These poems, originally collected in the volume Parnaso de Além-Túmulo, were dictated to Xavier by a variety of spirits of Brazilian poets from the afterlife, as journeying souls or as witnesses of the spiritual city Nosso Lar, "our house." Poetry from Beyond the Grave is a veritable collection of haunted writing, in which poets present their posthumous work as if they were alive. The brilliant translation by Vitor Pequeno is supplemented by an extensive afterword by Jeremy Fernando, who traces what it means to speak through the other.

The Legacy of Christopher Columbus in the Americas Hachette UK

What are European archaeologists doing abroad? What have they been doing there for the past three to four centuries? Are they doing things differently nowadays? To address these questions, this book explores the scope, impact and ethics of European archaeological policies and practices in the Mediterranean area, the Near East, sub-Saharan Africa, Asia and Latin America. Acknowledging that international and transcultural projects have a range of different stakeholders, the first part of this book aims to identify some of the values and motivations behind different European archaeologies abroad. This is done by providing thorough historical overviews on a range of European countries, including France, Spain, Germany, Belgium, the Netherlands and Poland. But how are these values translated, through socio-political, theoretical and administrative frameworks, unto local circumstances in host countries? And how are these archaeological activities received locally? The second part of this book attempts to answer these questions through a range of historical and contemporary case studies, in Africa, in Asia, in South America, in the Near East and in Europe. The third part of the book offers several critical reflections on European values, motivations and collaboration projects, as perceived by archaeological heritage professionals based in, and/or working in Senegal, Sudan, Somaliland, Colombia, and the Near East. This collection of historical overviews, contemporary case studies and critical reflections focuses on the challenging relationships between archaeological practices and policies, including the requirements and wishes of archaeologists, of local communities and of other stakeholders in Europe and in the host countries. In addition to researchers and students, this book should be of interest to practicing archaeologists, heritage professionals and policy makers the world over, as they seek to reach better informed decisions regarding archaeological projects and international collaboration. This publication was produced in the framework of the ACE project – "Archaeology in Contemporary Europe. Professional Practices and Public Outreach", with the support of the Culture 2007-2013 programme of the European Commission.

#1 NEW YORK TIMES BESTSELLER • David Brooks challenges us to rebalance the scales between the focus on external success—“ résumé virtues”—and our core principles. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ECONOMIST With the wisdom, humor, curiosity, and sharp insights that have brought millions of readers to his New York Times column and his previous bestsellers, David Brooks has consistently illuminated our daily lives in surprising and original ways. In *The Social Animal*, he explored the neuroscience of human connection and how we can flourish together. Now, in *The Road to Character*, he focuses on the deeper values that should inform our lives. Looking to some of the world’s greatest thinkers and inspiring leaders, Brooks explores how, through internal struggle and a sense of their own limitations, they have built a strong inner character. Labor activist Frances Perkins understood the need to suppress parts of herself so that she could be an instrument in a larger cause. Dwight Eisenhower organized his life not around impulsive self-expression but considered self-restraint. Dorothy Day, a devout Catholic convert and champion of the poor, learned as a young woman the vocabulary of simplicity and surrender. Civil rights pioneers A. Philip Randolph and Bayard Rustin learned reticence and the logic of self-discipline, the need to distrust oneself even while waging a noble crusade. Blending psychology, politics, spirituality, and confessionals, *The Road to Character* provides an opportunity for us to rethink our priorities, and strive to build rich inner lives marked by humility and moral depth. “Joy,” David Brooks writes, “is a byproduct experienced by people who are aiming for something else. But it comes.” Praise for *The Road to Character* “A hyper-readable, lucid, often richly detailed human story.” —The New York Times Book Review “This profound and eloquent book is written with moral urgency and philosophical elegance.” —Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* “A powerful, haunting book that works its way beneath your skin.” —The Guardian “Original and eye-opening . . . Brooks is a normative version of Malcolm Gladwell, culling from a wide array of scientists and thinkers to weave an idea bigger than the sum of its parts.” —USA Today

* A Washington Post Notable Fiction Book of the Year * Named a Best Book of the Year by NPR, The Guardian, The Boston Globe, St. Louis Dispatch From the thrilling imagination of bestselling, award-winning Colm Tóibín comes a retelling of the story of Clytemnestra and her children—“brilliant . . . gripping . . . high drama . . . made tangible and graphic in Tóibín’s lush prose” (Booklist, starred review). “I have been acquainted with the smell of death.” So begins Clytemnestra’s tale of her own life in ancient Mycenae, the legendary Greek city from which her husband King Agamemnon left when he set sail with his army for Troy. Clytemnestra rules Mycenae now, along with her new lover Aegisthus, and together they plot the bloody murder of Agamemnon on the day of his return after nine years at war. Judged, despised, cursed by gods, Clytemnestra reveals the tragic saga that led to these bloody actions: how her husband deceived her eldest daughter Iphigeneia with a promise of marriage to Achilles, only to sacrifice her; how she seduced and collaborated with the prisoner Aegisthus; how Agamemnon came back with a lover himself; and how Clytemnestra finally achieved her vengeance for his stunning betrayal—his quest for victory, greater than his love for his child. *House of Names* “is a disturbingly contemporary story of a powerful woman caught between the demands of her ambition and the constraints on her gender . . . Never before has Tóibín demonstrated such range,” (The Washington Post). He brings a

modern sensibility and language to an ancient classic, and gives this extraordinary character new life, so that we not only believe Clytemnestra’s thirst for revenge, but applaud it. Told in four parts, this is a fiercely dramatic portrait of a murderess, who will herself be murdered by her own son, Orestes. It is Orestes’s story, too: his capture by the forces of his mother’s lover Aegisthus, his escape and his exile. And it is the story of the vengeful Electra, who watches over her mother and Aegisthus with cold anger and slow calculation, until, on the return of her brother, she has the fates of both of them in her hands.

Geoff Dyer ’ s restless search—for what? is unclear, even to him—continues in this series of fascinating adventures and pilgrimages: with a tour guide who may not be a tour guide in the Forbidden City in Beijing; with friends in New Mexico, where D. H. Lawrence famously claimed to have had his “ greatest experience from the outside world ” ; with a hitchhiker picked up on the way from White Sands; with Don Cherry (or a photo of him, at any rate) at the Watts Towers in Los Angeles. Weaving stories about places to which he has recently traveled with images and memories that have persisted since childhood, Dyer tries “ to work out what a certain place—a certain way of marking the landscape—means; what it ’ s trying to tell us; what we go to it for. ” With 4 pages of full-color illustrations.

How far will four friends go for immortality? This novel is Hugo and Nebula Award – winning author “ Robert Silverberg at his very best ” (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called *The Book of Skulls*, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of immortality. On the journey with Eli, there ’ s Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find the House of Skulls where immortal monks allegedly reside, they ’ ll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Caves and the Ancient Greek Mind analyses techniques of searching for ultimate wisdom in ancient Greece. The Greeks perceived mental experiences of exceptional intensity as resulting from divine intervention. They believed that to share in the immortals' knowledge, one had to liberate the soul from the burden of the mortal body by attaining an altered state of consciousness, that is, by merging with a superhuman being or through possession by a deity. These states were often attained by inspired mediums, 'impresarios of the gods' - prophets, poets, and sages - who descended into caves or underground chambers. Yulia Ustinova juxtaposes ancient testimonies with the results of modern neuropsychological research. This novel approach enables an examination of religious phenomena not only from the outside, but also from the inside: it penetrates the consciousness of people who were engaged in the vision quest, and demonstrates that the darkness of the caves provided conditions vital for their activities.
