Detroit 71 Series: The Original Jimmy. When Detroit Diesel Corporation was founded by General Motors in 1938, the Inline 71 Series was the first model produced. This two-stroke diesel engine initially came in 3, 4, and 6 cylinders and was named after the displacement per cylinder it produces (70.93 in 3). The engine started its career powering tanks, generators, and road building equipment for the US and Allies troops during WWII.
