"Chest pain can be terrifying.
Many people panic, or hope
that if they ignore it, it will go

away. But angina must be taken seriously - and in addition to taking medical advice, it's important to find out what you can do about it, and what you can do to help yourself reduce the risk of a heart attack." "This book answers key questions for anyone worried about angina: What is it, and why is it happening? Does it mean I'm going to have a heart attack? What should I do when I have chest pain? How do I tell if it's serious?" "Living with Angina is also packed with useful advice about what you can do to deal with high cholesterol or high blood pressure, develop a sensible exercise program, and make crucial lifestyle changes that will help you live life to the full."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Chilton is pleased to distribute Porter Repair Manuals in North America. Published by Porter Publishing Ltd. in the United Kingdom, this series offers manuals for general automotive repair as well as model-specific manuals, for use on American and European vehicles. They provide comprehensive information in an easy-to-use format, with step-by-step procedures and hundreds of illustrations, for both the experienced and the novice do-it-yourselfer. A guide to troubleshooting and repair for every type of

diesel engine.

Diesel Engine Repair Manual Complete Service Handbook and Workshop Manual for the Yanmar Marine Diesel Engines 1GM10, 2GM20, 3GM30 and 3HM35.

Yanmar Marine Diesel Engine 1GM10, 2GM20, 3GM30, 3HM35

John Schwaner of Sacramento Sky Ranch explains the piston aircraft engine with a practical day to day approach but directed towards the operator and repair personnel. Sky Ranch Engine Manual thoroughly covers the operation, inspection, and maintenance of the Lycoming and Continental piston aircraft engine, including a very comprehensive troubleshooting guide. This book goes beyond the basic theory of aircraft reciprocating engines but

instead focuses on the practical aspects for mechanics and operators of why things go bad, how to repair them, and most important; how to keep them from failing in the first place.

Marine Diesel Basics 1

Very complete and comprehensive manual for the service and repair of all large Marine Diesel Engines. Reprint of the original book from 1946.
