Sports Nutrition for Health Professionals merges the basic principles and latest evidence-based scientific understanding of sports nutrition with the real-world practical applications that health professional students must master to help their current and future clients to optimize athletic performance, overall satisfaction and success with sports and physical activity. Step-by-by, you ' ll learn about the scientific basis of sports nutrition and how to apply that knowledge to real-life situations and interactions with clients. You ' ll follow six different clients as they are evaluated by a variety of health professionals and undergo a

series of assessments and self-administered tests. By seeing how the science of Sports Nutrition can be applied to sample clients, you will be able to take that knowledge and apply it to your future clients.
