In Too Much Free Speech?,
Randall P. Bezanson takes up

an essential and timely
inquiry into the
Constitutional limits of the
Supreme Court's power to
create, interpret, and
enforce one of the essential
rights of American citizens.
Analyzing contemporary
Supreme Court decisions from
the past fifteen years,
Bezanson argues that judicial
interpretations have
fundamentally and drastically
expanded the meaning and

understanding of "speech."
Bezanson focuses on judgments
such as the much-discussed
Citizens United case, which
granted the full measure of
constitutional protection to
speech by corporations, and
the Doe vs. Reed case in
Washington state, which
recognized the signing of
petitions and voting in
elections as acts of free
speech. In each case study,
he questions whether the

meaning of speech has been expanded too far and critically assesses the Supreme Court's methodology in reaching and explaining its expansive conclusions. Bezanson's measured approach and deep insights reveal the complexities of speech in the realms of human behavior and constitutional law. His wide-ranging analysis of relevant Supreme Court cases arms readers with the facts and perspectives necessary to reach independent conclusions about whether the Court's conduct befitted the independent judicial branch and to understand the consequences of its decisions for a representative democracy.

Game On! 2018 Scholastic Incorporated
An ancient darkness A powerful family
And five friends bound by incredible magic
The Breakfast Creek five survived the attack of the Red General and their jaunt through the many worlds. Now,

forever joined by magic beyond their understanding, they begin their new lives in very different magical worlds. But now Julia is missing, taken by an old power that yearns, that seeks, that's growing. The Power of the Allure. Enthralled by a world of wealth, luxury and notoriety, Julia has no idea what she's gotten herself into.
