On an island called Puerto Rico, there lived a little boy who wanted only to play baseball. Although he had no

money, Roberto Clemente practiced and practiced until --eventually--he made it to the Major Leagues. America! As a right-fielder for the Pittsburgh Pirates, he fought tough opponents--and even tougher racism--but with his unreal catches and swift feet, he earned his nickname, "The Great One." He led the Pirates to two World Series, hit 3,000 hits, and was the first Latino to be inducted into the Hall of Fame. But it wasn't just baseball that made Clemente legendary--he was also a

The Manual You Should
Have Been Given When
You Were Born is not
like any other body
book you've ever read.
It's about functioning
with your body from
the perspective of
beingness. It explores
how you, as an
infinite being, can
experience greatness
with your body. "What
if your body were an
ongoing source of joy?
" This book may go
against everything
you've ever thought,
everything you've been
taught and everything
you've read; and
everything you have

will allow you to
enjoy the body you
currently have and to
create your body so
that you can truly
enjoy it.

Children in today's
world are inundated
with information about
who to be, what to do
and how to live. But
what if there was a
way to teach children
how to manage
priorities, focus on
goals and be a
positive influence on
the world around them?
The Leader in Me is
that programme. It's
based on a hugely
successful initiative
carried out at the
A.B. Combs Elementary
School in North

Carolina. To hear the
parents of A. B Combs
talk about the school
is to be amazed. In
1999, the school
debuted a programme
that taught The 7
Habits of Highly
Effective People to a
pilot group of
students. The parents
reported an incredible
change in their
children, who
blossomed under the
programme. By the end
of the following year
the average end-of-
grade scores had leapt
from 84 to 94. This
book will launch the
message onto a much
larger platform.
Stephen R. Covey takes
the 7 Habits, that
have already changed
the lives of millions
of people, and shows
how children can use
them as they develop.
Those habits -- be
proactive, begin with
the end in mind, put

first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is

little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more

There is growing interest in Israel's political system from all parts of the world. This Handbook provides a unique comprehensive presentation of political life in Israel from the formative pre-state period to the present. The themes covered include: political heritage and the unresolved issues that have been left to fester; the institutional framework (the Knesset, government, judiciary, presidency, the state comptroller and commissions of inquiry); citizens' political participation (elections, political parties, civil society and the media); the four issues that have bedevilled Israeli

democracy since its establishment (security, state and religion, the status of Israel's Arab citizens and economic inequities with concomitant social gaps); and the contours of the political culture and its impact on Israel's democracy. The authors skilfully integrate detailed basic data with an analysis of structures and processes, making the Handbook accessible to both experts and those with a general interest in Israel.
