This romantic fiction is an imaginary picture of future world that highlights social behaviour along with the prediction of future human life. Basically its a criticism of modern Western life. It can be a young readers fantasy reading for its portrayal of love and excitement. The book conveys some messages while the readers enjoy reading the story. The names of some major characters are allegorical. The style contains some fairy-tale materials in the story as it proceeds with the prince escape from the palace to the world beyond. Its a journey through the experience of life.

The Raven Penguin

Raven and her sister, Cara, are at the mercy of a small detachment of Florentine vampires, who are delivering them as a peace offering to the feared Curia in Rome. Though she's unsure William survived the coup that toppled his principality, Raven is determined to protect her sister at all costs, even if it means challenging Borek, the commander of the detachment. In an effort to keep Raven from falling into the hands of his enemies, William puts himself at the mercy of the Roman, the dangerous and mysterious vampyre king of Italy. But the Roman is not what he expects ... Alliances and enmities will shift and merge as William struggles to save the woman he loves and his principality, without plunging the vampyre population into a world war. This stunning conclusion to the Florentine series will take readers across Italy and beyond as the lovers fight to remain together. Forever.

Time of the Eagle Diary of a VampeenImagine living a human charade for fifteen years and never knowing it. Imagine being provided less than a week to learn and accept your family's true heritage before it overtook you. Alexa Jackson, Lexi, is abruptly thrown onto this roller coaster and quickly learns that she can't change fate, regardless of how many lifetimes she is given. She will be transformed into a vampeen on her sixteenth birthday, she will be called upon to fulfill a greater destiny within the dangerous world of vampires, and she will have to risk heartbreak and rejection if she ever wants a chance at love with Kellan, whether she likes it or not.Diary of a Wimpy VampireNigel Mullet was transformed into a vampire when he was still a teenager, and so is doomed to remain this age forever. And because he became a vampire at the awkward age of 15, Nigel must spend eternity coping with acne, and a chronic ineptitude with girls. So how can he break this curse and get noticed by the love of his life, Chloe Sparrow?The Raven

A fatal blend of revenge and desire. After leaving her fiancé at the altar and quitting her job as a Miami cop, Beau Hayley stumbles through life, feeling only resentment. Injustice. Loss. Her mom's death was called an accident. She's not convinced. Grieving, she becomes numb to everything except the constant, biting pain of heartbreak and hate. She can see no light. Until she meets James Kelly, a man who seems as damaged as she is, inside and out. And yet despite his twisted, cold façade, he stimulates feelings. Pleasure. He is a respite from her own flaws. A complete mystery. And impossible to resist. James Kelly has only one objective. Find the men who murdered his family and kill them all very slowly. But the web of crime and deceit leads him to Beau Hayley, the daughter of the notorious detective who pursued him relentlessly until her death. Beau is not what James expected, and past the darkness that shrouds her, he finds a glimmer of light. Light is addictive. An escape. Beau might be the key to James's mercy mission, but with dire consequences. So he has to decide-leave her breathing and risk exposing himself, or kill her and continue his mission, still unknown. Still The Enigma Two tortured souls playing one deadly game. But who will survive?

Can films be used as historical evidence? Do historical films make good or bad history? Are documentaries more useful to historians than historical drama? Written from an international perspective, this book offers a lucid introduction to the ways films are made and used, cumulating with the exploration of the fundamental question, what is history and what is it for? Incorporating film analysis, advertisements, merchandise and internet forums; and ranging from late-nineteenth century short films to twenty-first century DVD 'special editions', this survey evaluates the varied ways in which filmmakers, promoters, viewers and scholars understand film as history. From Saving Private Ryan to Picnic at Hanging Rock to Pocahontas, History Goes to the Movies considers that history is not simply to be found in films, but in the perceptions and arguments of those who make and view them. This helpful introductory text blends historical and methodological issues with real examples to create a systematic guide to issues involved in using historical film in the study of history. History Goes to the Movies is a much-needed overview of an increasingly popular subject.

Four curvy heroines. Four deployed soldiers. Four love stories--and they all begin with just one letter. It started with One Letter. Kellie sent one letter into the Middle East and Sargent Daniel Rodriguez was the one who answered. Despite an ocean between them, love blossomed. But can you truly

love someone you've never met? It began with One E-Mail. Madelyn sent out one e-mail to the most feminine name on a list of deployed soldiers--SFC Taylor Russell replied. They exchanged e-mails for months, until somewhere along the way they stopped exchanging words and began exchanging pieces of themselves. Their love blossomed quickly, but will it prove strong enough to survive the test of family? It happened One Christmas. Jane wrote a letter and Sgt Brad Wilcox replied. Despite their age difference, they connected with their words. But when they finally came together, their differences became glaring. They'd already conquered distance, but will they be able to overcome the years between them--or will their time together be limited to one Christmas? It was sparked by One Note. Lauren sent a note of encouragement to her newest assigned soldier--Private Mason Carter was that soldier. Despite their attempts to remain guarded with one another, the walls fall fast, and then in the blink of an eye the unthinkable happens. No stranger to loss, Lauren is faced with a choice--run to him or run from him. Either way, their hearts will never be the same.

[Report\[s\] of ... Committee\[s\] ...](#) Barnes & Noble Imports

Since the publication of John Polidori's The Vampyre (1819), the vampire has been a mainstay of Western culture, appearing consistently in literature, art, music (notably opera), film, television, graphic novels and popular culture in general. Even before its entrance into the realm of arts and letters in the early nineteenth century, the vampire was a feared creature of Eastern European folklore and legend, rising from the grave at night to consume its living loved ones and neighbors, often converting them at the same time into fellow vampires. A major question exists within vampire scholarship: to what extent is this creature a product of European cultural forms, or is the vampire indeed a universal, perhaps even archetypal figure? In this collection of sixteen original essays, the contributors shed light on this question. One essay traces the origins of the legend to the early medieval Norse draugr, an "undead" creature who reflects the underpinnings of Dracula, the latter first appearing as a vampire in Anglo-Irish Bram Stoker's 1897 novel, Dracula. In addition to these investigations of the Western mythic, literary and historic traditions, other essays in this volume move outside Europe to explore vampire figures in Native American and Mesoamerican myth and ritual, as well as the existence of similar vampiric traditions in Japanese, Russian and Latin American art, theatre, literature, film, and other cultural productions. The female vampire looms large, beginning with the Sumerian goddess Lilith, including the nineteenth-century Carmilla, and moving to vampiresses in twentieth-century film, literature, and television series. Scientific explanations for vampires and werewolves constitute another section of the book, including eighteenth-century accounts of unearthing, decapitation and cremation of suspected vampires in Eastern Europe. The vampire's beauty, attainment of immortality and eternal youth are all suggested as reasons for its continued success in contemporary popular culture.

New York Times bestselling author Sylvain Reynard returns with the fourth installment of the beloved Gabriel's Inferno series. When Gabriel and Julia Emerson first lay eyes on their newborn daughter, Clare, they realize life as they know it will never be the same. Gabriel has vowed to be a good father when he suddenly receives an invitation to give a series of lectures in Edinburgh, Scotland--an opportunity of high prestige--but that would mean leaving his wife and child in Boston. Hesitant to bring it up, he keeps the opportunity from Julia as long as he can, not knowing she has a secret of her own. When a frightening situation arises that threatens their new family, both parents must make sacrifices. With the family in danger, the looming question remains: Will Gabriel pursue his lectureship in Edinburgh, leaving Julia and Clare vulnerable in Boston, or will he abandon the chance of a lifetime in order to ensure his family's safety?

In this first comprehensive comparison of left-wing violence in the

United States and West Germany, Jeremy Varon focuses on America's Weather Underground and Germany's Red Army Faction to consider how and why young, middle-class radicals in prosperous democratic societies turned to armed struggle in efforts to overthrow their states. Based on a wealth of primary material, ranging from interviews to FBI reports, this book reconstructs the motivation and ideology of violent organizations active during the 1960s and 1970s. Varon conveys the intense passions of the era--the heat of moral purpose, the depth of Utopian longing, the sense of danger and despair, and the exhilaration over temporary triumphs. Varon's compelling interpretation of the logic and limits of dissent in democratic societies provides striking insights into the role of militancy in contemporary protest movements and has wide implications for the United States' current "war on terrorism." Varon explores Weatherman and RAF's strong similarities and the reasons why radicals in different settings developed a shared set of values, languages, and strategies. Addressing the relationship of historical memory to political action, Varon demonstrates how Germany's fascist past influenced the brutal and escalating nature of the West German conflict in the 60s and 70s, as well as the reasons why left-wing violence dropped sharply in the United States during the 1970s. Bringing the War Home is a fascinating account of why violence develops within social movements, how states can respond to radical dissent and forms of terror, how the rational and irrational can combine in political movements, and finally how moral outrage and militancy can play both constructive and destructive roles in efforts at social change.

Mathematics for M.B.A (fully Solved) HarperCollins

Vampires are the most fearsome and fascinating of all creatures of folklore. For the first time, detailed accounts of the vampire and how its tradition developed in different cultures are gathered in one volume by eminent folklorist Alan Dundes. Eleven leading scholars from the fields of Slavic studies, history, anthropology, and psychiatry unearth the true nature of the vampire from its birth in graveyard lore to the modern-day psychiatric patient with a penchant for drinking blood. The Vampire: A Casebook takes this legend out of the realm of literature and film and back to its dark beginnings in folk traditions. The essays examine the history of the word "vampire;" Romanian vampires; Greek vampires; Serbian vampires; the physical attributes of vampires; the killing of vampires; and the possible psychoanalytic underpinnings of vampires. Much more than simply a scary creature of the human imagination, the vampire has been and continues to haunt the lives of all those who encounter it--in reality or in fiction.

Vampires of the Slavs Simon and Schuster

"Zinoviev's new book is less gargantuan (how could it not be?) than the enormous The Yawning Heights. And though it has a central metaphor--a crumbling, vandalized, massive sign placed in Moscow's Cosmonaut Square that reads "Long Live Communism--The Radiant Future of All Mankind"--realism and philosophy are more in evidence than comic allegory. The narrator is the Head of the Department of Theoretical Problems of the Methodology of Scientific Communism at The Human Sciences Institute of the Academy of Sciences. He has an estranged wife (with whom he lives, Moscow housing-arrangements being what they are), two teenaged children, a mother-in-law, and a burning itch to be elected an Academician. But, complicatingly, he also has friends, one who's trying to get an exit visa and another, Anton Zimin, who has written a book which postulates, for instance: "I believe that the brightest dreams and ideals of mankind, when they are realized in concrete form, produce the most disastrous consequences." Anton's totally subversive view of Soviet life is focused on the "horrifying normality" of it; he is totally non-ideological, hence clear-sighted enough to cause anything he looks at to shrivel up. And the narrator, egged on by his more or less dissident children, finds himself more and more in agreement with his dangerous friends: he never does make Academician, of course, as the complementary forces of his mediocrity and his self-disgust conspire to leave him stranded. The narrator's dilemma and his Russian schlemeil-dom, however, are the least distinctive aspects of this second, smaller, less exuberant Zinoviev book. What counts instead here is the pure play of ideas: weaving in great chunks of both official (canned) and truly biting social philosophy, Zinoviev has created a kind of divorced, muffler-ed intellectual comedy--which will be most clear and satisfying to veterans of The Yawning Heights."--Kirkus.
