The death of Samantha Grey's mother and imprisonment of her father made her shut everyone out of her life. Including him. Ten years later, the murder of her father brings them back together and now Detective Nate Evans has two mysteries on his hands: a murder to solve and a past of questions that still gnaw at the surface to face. A past he's tried hard to bury. One that includes her. As Nate and Samantha are forced to work together to bring justice for the dead, it is clear the case is not the only mystery being unearthed between them. They are led down dark, township alleyways, towards drug-dealer territory, and into the box of a decade old cold case... but how long will they take to realize how deep the roots of this case go? Neither of them are prepared for the trials they face as they start digging through Samantha's twisted family history and exposing the cost of hidden truths. Will the collision of the past and present destroy what little faith they have in finding healing, or will it be the key to solving the decade old mysteries between them and finding redemption in the chaos? Emily Hart is a young South African author. She's been involved in humanitarian work in the Middle East and half a dozen African countries, meeting people and seeing places that inspire her writing. Emily lives in Stellenbosch with her family and five chickens.

High Stakes Canelo

A lawyer and amateur jockey is torn between doing what 's right and what will keep him alive in this New York Times bestselling thriller from Dick and Felix Francis. Geoffrey Mason wasn ' t terribly disappointed when his client Julian Trent was found guilty. Despite being paid handsomely as Trent ' s defense counsel, he believes Trent needs to be locked up for a good long time. He only wishes it had happened more quickly—if the trial had ended just a bit earlier, Mason could have made it to the Foxhunter Steeplechase and fulfilled his longtime dream as an amateur jockey. But not long afterward, Trent is set free when witnesses and jurors start recanting—under intimidation, Mason suspects. Remembering Trent ' s threats at the time of his conviction, Mason is none too happy. And things only get worse when one of Mason ' s fellow jockeys is found dead...

Dick Francis's Refusal Canelo

What makes somebody a Loser, a person doomed to unfulfilled dreams and humiliation? Nobody is born to lose, and yet failure embodies our worst fears. The Loser is our national bogeyman, and his history over the past two hundred years reveals the dark side of success, how economic striving reshaped the self and soul of America. From colonial days to the Columbine tragedy, Scott Sandage explores how failure evolved from a business loss into a personality deficit, from a career setback to a gauge of our self-worth. From hundreds of private diaries, family letters, business records, and even early credit reports, Sandage reconstructs the dramas of real-life Willy Lomans. He unearths their confessions and denials, foolish hopes and lost faith, sticking places and changing times. Dreamers, suckers, and nobodies come to life in the major scenes of American history, like the Civil War and the approach of big business, showing how the national quest for success remade the individual ordeal of failure. Born Losers is a pioneering work of American cultural history, which connects everyday attitudes and anxieties about failure to lofty ideals of individualism and salesmanship of self. Sandage's storytelling will resonate with all of us as it brings to life forgotten men and women who wrestled with The Loser--the label and the experience--in the days when American capitalism was building a nation of winners.

A charge of throwing a race for personal profit leaves jockey Kelly Hughes and trainer Dexter Cranfield barred from racing. When Hughes refuses to take the charge lying down, his personal enquiry may leave him lying down, permanently.

The Secret Garden Michael Joseph

From the New York Times--bestselling "master of crime fiction and equine thrills," a jockey turned investigator tackles crime in the horse racing world (Newsday). Dick Francis, Edgar Award--winning master of mystery and suspense, takes you into the thrilling world of horse racing. A hard fall took hotshot jockey Sid Halley out of the horse racing game, leaving him with a crippled hand, a broken heart, and the desperate need for a new job. Now he's landed a position with a detective agency, only to catch a bullet from some common thug. And things are about to get even more hectic. The agency is giving him a case to handle on his own. The case brings him to the door of Zanna Martin, a woman who might be just what Sid needs to get him back up and running. But he's up against a field of thoroughbred criminals, and the odds against him are making it a long shot that he'll even survive . . . "Dick Francis is a wonder." —The Plain Dealer "An

imaginative craftsman of high order." —The Sunday Times "Few things are more convincing than Dick Francis at a full gallop." —Chicago Tribune "Few match Francis for dangerous flights of fancy and pure inventive menace." —Boston Herald "[The] master of crime fiction and equine thrills." —Newsday "[Francis] has the uncanny ability to turn out simply plotted yet charmingly addictive mysteries." —The Wall Street Journal "Francis is a genius." —Los Angeles Times "A rare and magical talent . . . who never writes the same story twice." —The San Diego Union-Tribune

"Catharine A. MacKinnon, noted feminist and legal scholar, explores and develops her original theories and practical proposals on sexual politics and law. These discourses, originally delivered as speeches, have been brilliantly woven into a book that retains all the spontaneity and accessibility of a live presentation. Through these engaged works on issues such as rape, abortion, athletics, sexual harassment, and pornography, MacKinnon seeks feminism on its own terms, unconstrained by the limits of prior traditions. She argues that viewing gender as a matter of sameness and difference--as virtually all existing theory and law have done--covers up the reality of gender, which is a system of social hierarchy, an imposed inequality of power"--Back cover.

The surprising claim of this book is that dwelling on loss is not necessarily depressing. Instead, embracing melancholy can be a road back to contact with others and can lead people to productively remap their relationship to the world around them. Flatley demonstrates that a seemingly disparate set of modernist writers and thinkers showed how aesthetic activity can give us the means to comprehend and change our relation to loss.

Innovation—The Missing Dimension Canelo

From a New York Times bestseller, "a superb thriller . . . terrific" about a sportswriter who risks his own life investigating a suspicious death (San Francisco Chronicle). Dick Francis, Edgar-Award--winning master of mystery and suspense, takes you into the thrilling world of horse racing. When reporter Bert Chekov falls to his death, his colleague James Tyrone is suspicious. Chekov's column had recently recommended some 'can't-lose' horses, who then wound up out of the running on race day. Tyrone thinks he can prove it was murder, but he may not live to tell the tale. Because as the dead man has already made clear, there's no such thing as a sure thing . . . Praise for the writing of Dick Francis: "Dick Francis is a wonder." —The Plain Dealer "Few things are more convincing than Dick Francis at a full gallop." —Chicago Tribune "Few match Francis for dangerous flights of fancy and pure inventive menace." —Boston Herald "[The] master of crime fiction and equine thrills." —Newsday "[Francis] has the uncanny ability to turn out simply plotted yet charmingly addictive mysteries." —The Wall Street Journal "Francis is a genius." —Los Angeles Times "Nobody executes the whodunit formula better." —Chicago Sun-Times "A rare and magical talent . . . who never writes the same story twice." —The San Diego Union-Tribune

Forfeit Penguin

New York Times--bestselling author Felix Francis returns with his newest edge-of-your-seat horseracing thriller in the Dick Francis tradition. Harrison Foster, a crisis manager for a London firm, is summoned to Newmarket after a fire in the Chadwick Stables kills six very valuable horses, including the short-priced favorite for the Derby. There is far more to the "simple" fire than initially meets the eye...for a start, human remains are found among the equestrian ones in the burnt-out shell. All the stable staff are accounted for, so who is the mystery victim? Harry knows very little about horses, indeed he positively dislikes them, but he is thrust unwillingly into the world of thoroughbred racing, where the standard of care of the equine stars is far higher than that of the humans who attend to them. The Chadwick family is a dysfunctional racing dynasty. Resentment between the generations is rife and sibling rivalry bubbles away like volcanic magma beneath a thin crust of respectability. Harry represents the Middle Eastern owner of the Derby favourite and, as he delves deeper into the unanswered questions surrounding the horse's demise, he ignites a fuse that blows the volcano sky-high. Can Harry solve the riddle before he is bumped off by the fallout?

Damage - the gripping new thriller from Felix Francis. Jeff Hinkley, undercover investigator for the British Horseracing Authority, is looking into the shady activities of a racehorse trainer. But as he's tailing his quarry through the Cheltenham Racing Festival, the last thing he expects to witness is a gruesome murder. Could it have something to do with the reason the trainer was banned in the first place - the administration of illegal drugs to his horses? Days later, it's discovered that many more horses test positive for prohibited stimulants, a scandal that could throw horse-racing into disrepute. It's no surprise when the BHA receives a demand - pay up or face the consequences. In order to limit the damage to the sport, it's critical that Jeff find the perpetrator . . . but he'll soon learn he's up against someone who will stop at nothing to prevail. Jeff's mental and physical well-being is tested t the very limit, as his life is put on the line. www.felixfrancis.com

Dick Francis's Damage Harvard University Press

In the five decades after the Civil War, the United States witnessed a profusion of legal institutions designed to cope with the nation's exceptionally acute industrial

accident crisis. Jurists elaborated the common law of torts. Workingmen's organizations founded a widespread system of cooperative insurance. Leading employers instituted welfare-capitalist accident relief funds. And social reformers advocated compulsory insurance such as workmen's compensation. John Fabian Witt argues that experiments in accident law at the turn of the twentieth century arose out of competing views of the loose network of ideas and institutions that historians call the ideology of free labor. These experiments a century ago shaped twentieth- and twenty-first-century American accident law; they laid the foundations of the American administrative state; and they occasioned a still hotly contested legal transformation from the principles of free labor to the categories of insurance and risk. In this eclectic moment at the beginnings of the modern state, Witt describes American accident law as a contingent set of institutions that might plausibly have developed along a number of historical paths. In turn, he suggests, the making of American accident law is the story of the equally contingent remaking of our accidental republic. Table of Contents: Introduction 1. Crippled Workingmen, Destitute Widows, and the Crisis of Free Labor 2. The Dilemmas of Classical Tort Law 3. The Cooperative Insurance Movement 4. From Markets to Managers 5. Widows, Actuaries, and the Logics of Social Insurance 6. The Passion of William Werner 7. The Accidental Republic Conclusion Notes Acknowledgments Index John Witt paints his portrait of industrializing America with the subtlety of a master and on an immense canvas. His magisterial history is much more than an account of the rise of workers compensation, still one of our greatest social reforms. Witt vividly recreates the social context of the late 19th century industrial world - workers' appalling injury and death rates, their mutual help and insurance associations, mass immigration, the rise of Taylorist management, the struggles to give new meaning to the free labor ideal, the encounter between European social engineering and American anti-statism and individualism, and the politics and economics of labor relations in the Progressive era. Out of these materials, Witt shows, the law helped fashion a new social order. His analysis has great contemporary significance, revealing both the alluring possibilities and the enduring limits of legal reform in America. It is destined to become a classic of social and legal history. --Peter H. Schuck, author of Diversity in America: Keeping Government at a Safe Distance John Witt shows us the power of perceptive legal history at work. Within the tangle of compensation for industrial accidents, he discovers not only a legal struggle whose outcome set the pattern for many 20th century interventions of government in economic life, but also a momentous confrontation between contract and collective responsibility. Anyone who finds American history absorbing will gain pleasure and insight from this book. --Viviana Zelizer, Princeton University, author of The Social Meaning of Money: Pin Money, Paychecks, Poor Relief, and Other Currencies In 1940 Willard Hurst and Lloyd Garrison inaugurated modern socio-legal studies in the United States with their history of workers' injuries and legal process in Wisconsin. Two generations later, John Fabian Witt's The Accidental Republic marks the full maturation of that field of inquiry. Deftly integrating a legal analysis of tort doctrine, a history of industrial accidents, and a fresh political-economic understanding of statecraft, Witt demonstrates the significance of turn-of-the-century struggles over work, injury, risk, reparation, and regulation in the making of our modern world. Sophisticated, comprehensive, and interdisciplinary, The Accidental Republic is legal history as Hurst and Garrison imagined it could be. --William Novak, The University of Chicago, author of The People's Welfare: Law and Regulation in Nineteenth-Century America

Jefferson Hinkley is back in the newest thriller in the Dick Francis tradition, this time on a special mission to the United States to investigate a conspiracy involving the biggest horse races in the country. Jeff Hinkley, investigator for the British Horseracing Authority, has been seconded to the US Federal Anti-Corruption in Sports Agency (FACSA) where he has been asked to find a mole in their organization—an informant who is passing on confidential information to those under suspicion in American racing. At the Kentucky Derby, Jeff joins the FACSA team in a raid on a horse trainer’s barn at Churchill Downs, but the bust is a disaster, and someone ends up dead. Then, on the morning of the Derby itself, three of the most favored horses in the field fall sick. These suspicious events can be no coincidence. In search of answers, Jeff goes undercover as a groom on the backstretch at Belmont Park racetrack in New York. But he discovers far more than he was bargaining for: corrupt individuals who will stop at nothing—including murder—to capture the most elusive prize in world sport, the Triple Crown.

Small farms once occupied the heights that John Elder calls home, but now only a few cellar holes and tumbled stone walls remain among the dense stands of maple, beech, and hemlocks on these Vermont hills. Reading the Mountains of Home is a journey into these verdant reaches where in the last century humans tried their hand and where bear and moose now find shelter. As John Elder is our guide, so Robert Frost is Elder's companion, his great poem "Directive" seeing us through a landscape in which nature and literature, loss and recovery, are inextricably joined. Over the course of a year, Elder takes us on his hikes through the forested uplands between South Mountain and North Mountain, reflecting on the forces of nature, from the descent of the glaciers to the rush of the New Haven River, that shaped a plateau for his village of Bristol; and on the human will that denuded and farmed and abandoned the mountains so many years ago. His forays wind through the flinty relics of nineteenth-century homesteads and Abenaki settlements, leading to meditations on both human failure and the possibility for deeper communion with the land and others. An exploration of the body and soul of a place, an interpretive map of its natural and literary life, Reading the Mountains of Home strikes a moving balance between the pressures of civilization and the attraction of wilderness. It is a beautiful work of nature writing in which human nature finds its place, where the reader is invited to follow the last line of Frost's "Directive," to "Drink and be whole again beyond confusion."

In the tradition of Clive Cussler and James Lee Burke, Iced, the latest in Francis's fictional world, is a heart-pounding thriller that will keep you racing to the next page. Seven years ago, Miles Pussett was a steeplechase jockey, loving the rush of the race. But after an unfortunate event, he left horseracing behind and swore he would never return. Now he gets his adrenaline rush from riding headfirst down the Cresta

Run, a three-quarter-mile Swiss ice chute, reaching speeds of up to eighty miles per hour. Finding himself in St Moritz during the same weekend as White Turf, when high-class horseracing takes place on the frozen lake, he gets talked into helping out with the horses. Against his better judgement, he decides to assist, but things aren’t as innocent as they seemed. When he discovers something suspicious is going on in the races, something that may have a profound impact on his future, Miles begins a search for answers. But someone is adamant about stopping him—and they’ll go to any length to do it.
