Lisa Unger is a fabulous and talented writer. I read Black Out a while back and

really enjoyed it, so I was happy to find a few other books by her recently. Die For You was riveting. I enjoy Unger's ability to breathe life into her characters, who are replete with all their flaws and glories. She makes the people

who populate her books seem very real.

Die for You - Lisa Unger - Google Books "Unger has proved herself to be a master of pacing and suspense and **DIE FOR YOU** is no exception; in fact, it is the most nerve-wracking, hand-wringing book I've read by her to date. Lisa Unger -
Wikipedia
The basic plot of
DIE FOR YOU
--- a woman learns
that her husband
is not who she
trusted him to be
--- probably
sounds like
nothing new. In
Lisa Unger's
capable hands,
however, this plot
line goes far
beyond mere
thriller territory
and into
somewhere
excitingly
different.
Summary and
reviews of Die for
You by Lisa Unger
Die for you; Lisa
Unger I loved this
book. It gives the
reader a sense of how
life can really be. It

has many side stories
that create suspense. I
wouldn't recommend
this book for readers
who don't like flowery
writing. Lisa Unger
doesn't just get to the
point. It's a very thick
book but very
interesting.
