Research Handbook on the Law of Treaties John Wiley & Sons

Now in its third edition, this fully revised and updated edition is the essential fundraising handbook for the developing world (including Africa, Asia, Latin America and countries of Eastern Europe).

**Law & Odeur** Kluwer Law International B.V.

In these works Professor Jordan studies the origins of modern social and cultural institutions in England. He is concerned with the momentous shift which

occurred in men's aspirations for their society in the course of the sixteenth and seventeenth centuries, as reflected in the charities which were established by gifts and bequests. In a fascinating account of the measures taken by the Tudors and Stuarts to deal with the problem of poverty, Jordan concludes that it was principally dealt relieved by an immense outpouring of charitable wealth.

*Liechtensteinisches Stiftungsrecht* OUP Oxford

The recent financial crisis has questioned whether existing contracts may be adapted, terminated or renegotiated as a result of unexpected circumstances. The question is not a new one. In medieval times the notion of *clausula rebus sic stantibus* was developed to cope with such situations, and Germany introduced the theory of *Wegfall der Geschäftsgrundlage*. In England, the Coronation cases provided one possible answer. This comparative study

---

explores the possibility of classifying jurisdictions as 'open' or 'closed' in this regard.

**The Sanhuri Code, and the Emergence of Modern Arab Civil Law (1932 to 1949)**  
Cambridge University Press  
This casebook contains 122 of the most important decisions on the law of delict from The South African Law Reports. The purpose of the book is to provide students who are commencing their study of the law of delict with a general overview of case

law on important principles and forms of delict.  
*Boards That Make a Difference* John Wiley & Sons  
Achieving Excellence in Fundraising is the go-to reference for fundraising principles, concepts, and techniques. With comprehensive guidance toward the fundraising role, this book reflects the latest advances in fundraising knowledge. Coverage includes evolving technologies, the importance of high net worth donors, global fundraising perspectives, results analysis and performance evaluation, accountability, and credentialing, with

contributions from noted experts in the field. You'll gain essential insight into the practice of fundraising and the fundraising cycle, reinforced by ancillary discussion questions, case studies, and additional readings. With contributions from members of The Fund Raising School and the faculty of Indiana University's Lilly Family School of Philanthropy, this new edition includes detailed guidance on nonprofit accounting practices as defined by the Financial Accounting Standards Board and the American Institute of Certified Public Accountants, rounding out the complete, thorough coverage of the

---

fundraising profession. Designed to provide both theory and practical knowledge, this book is an all-in-one resource for anyone who performs fundraising duties. Understand donor dynamics and craft an institutional development plan. Explore essential marketing and solicitation techniques. Learn effective volunteer recruitment, retention, and management strategies. Fundraising merges a variety of fields including psychology, business management, accounting, and marketing, making it a unique role that requires a uniquely well rounded yet focused skillset.

Amidst economic uncertainty and a widening wealth gap the world over, it's more important than ever for fundraisers to have a firm grasp on the tools at their disposal. *Achieving Excellence in Fundraising* is the ultimate guide to succeeding in this critical role. Walter de Gruyter Contemporary debates about the changing nature of law engage theories of legal pluralism, political economy, social systems, international relations (or regime theory), global constitutionalism, and public international law. Such debates reveal a variety of emerging responses to distributional issues which

arise beyond the Western welfare state and new conceptions of private transnational authority. However, private international law tends to stand aloof, claiming process-based neutrality or the apolitical nature of private law technique and refusing to recognize frontiers beyond those of the nation-state. As a result, the discipline is paradoxically ill-equipped to deal with the most significant cross-border legal difficulties - from immigration to private financial regulation - which might have been expected to fall within its remit. Contributing little to the governance of transnational

---

non-state power, it is largely complicit in its unhampered expansion. This is all the more a paradox given that the new thinking from other fields which seek to fill the void - theories of legal pluralism, peer networks, transnational substantive rules, privatized dispute resolution, and regime collision - have long been part of the daily fare of the conflict of laws. The crucial issue now is whether private international law can, or indeed should, survive as a discipline. This volume lays the foundations for a critical approach to private international law in the global era. While the governance of global issues such as health,

climate, and finance clearly implicates the law, and particularly international law, its private law dimension is generally invisible. This book develops the idea that the liberal divide between public and private international law has enabled the unregulated expansion of transnational private power in these various fields. It explores the potential of private international law to reassert a significant governance function in respect of new forms of authority beyond the state. To do so, it must shed a number of assumptions entrenched in the culture of the nation-state, but this will permit the discipline to

expand its potential to confront major issues in global governance.

International Commercial Arbitration BRILL

Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient volume provides comprehensive analysis of the legislation and rules that determine civil procedure and practice in Singapore. Lawyers who handle transnational matters will appreciate the book's clear explanation of distinct terminology and application of rules. The structure

---

follows the classical chapters of a handbook on civil procedure: beginning with the judicial organization of the courts, jurisdiction issues, a discussion of the various actions and claims, and then moving to a review of the proceedings as such. These general chapters are followed by a discussion of the incidents during proceedings, the legal aid and legal costs, and the regulation of evidence. There are chapters on seizure for security and enforcement of judgments, and a final section on alternative dispute resolution. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Succinct, scholarly, and practical, this book will prove a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Singapore will welcome this very useful guide, and academics and researchers will appreciate its comparative value as a contribution to the study of civil procedure in the international context.

*Civil Procedure in Italy*  
Kluwer Law International B.V.  
Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law of contracts in New Zealand covers every aspect of the subject – definition and classification of contracts, contractual liability, relation to the law of property, good faith,

---

burden of proof, defects, penalty clauses, arbitration clauses, remedies in case of non-performance, damages, power of attorney, and much more. Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology, application, and procedure from one legal system to another, as well as the international aspects of contract law. Throughout the book, the treatment emphasizes drafting considerations. An introduction in which contracts are defined and contrasted to torts, quasi-contracts, and property is followed by a discussion of the concepts of 'consideration' or 'cause' and other underlying principles of the formation of contract. Subsequent chapters cover the doctrines of 'relative effect', termination of contract, and remedies for non-performance. The second part of the book, recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it, describes the nature of agency, sale, lease, building contracts, and other types of contract. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality

---

of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike.

Lawyers representing parties with interests in New Zealand will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative contract law.

Contract Law in New Zealand  
Routledge

The business corporation is one of the greatest organizational inventions, but it creates risks both for

shareholders and for third parties. To mitigate these risks, legislators, judges, and corporate lawyers have tried to learn from foreign experiences and adapt their regulatory regimes to them. In the last three decades, this approach has led to a stream of corporate and capital market law reforms unseen before. Corporate governance, the system by which companies are directed and controlled, is today a key topic for legislation, practice, and academia all over the world. Corporate scandals and financial crises have repeatedly highlighted the need to better understand the

economic, social, political, and legal determinants of corporate governance in individual countries. Comparative Corporate Governance furthers this goal by bringing together current scholarship in law and economics with the expertise of local corporate governance specialists from twenty-three countries.

The annual Global Civil Society Yearbooks provide an indispensable guide to global civil society or civic participation and action around the world. The 2007/8 Yearbook focuses

---

on the potentially powerful relationship between communication and democracy promotion. The *Global Civil Society Yearbook* remains the standard work on all aspects of contemporary global civil society for activists, practitioners, students and academics alike.

### **Swiss Foundation Code**

**2015** John Wiley & Sons  
Diese Untersuchung befasst sich mit privatnutzigen reinen Unterhaltungsstiftungen, die durch ihre Leistungen das Auskommen der Begünstigten sichern, ohne dass diese Leistungen einen

Gemeinwohlbezug aufweisen. Der Autor fragt dabei aus einer rechtsvergleichenden Perspektive, ob reine Unterhaltungsstiftungen ihrem Zweck nach mit der deutschen Gesamtrechtsordnung vereinbar sind. Er kommt dabei zu dem Ergebnis, dass diese wesentlichen Prinzipien der Rechtsordnung widersprechen, etwa dem Gedanken der Generationengerechtigkeit sowie den Grundsätzen von Eigenverantwortung, Leistungsfähigkeit und Chancengleichheit. Dies folgt daraus, dass reinen Unterhaltungsstiftungen das Merkmal der Gemeinwohlorientierung fehlt,

mit welchem Stiftungen allgemein assoziiert werden." *Global Civil Society 2007/8*  
John Wiley & Sons  
Describes the essential tools for effective fund raising, and provides planning guidelines, sample worksheets, and timetables  
*A Rare Book Saga* McGraw Hill Professional  
Perfume litigations typically involve only trademark or packaging protection. The actual perfume hardly enjoys any legal attention although it is very often copied. The term "perfume" is ambiguous and designates the olfactory

---

source as well as the olfactory form of the fragrance. Different perfume formulae can smell similar while similar formulae can produce different fragrances. The study analysed the applicability of patents, trademarks and copyright to fragrances. The Author has been advising since 2011 companies and associations of the fragrance industry.

Die Stiftung burgerlichen

Rechts gewinnt in der Praxis zunehmende Bedeutung als Instrument der Nachlassplanung. Im Zentrum der Überlegungen steht dabei meist das Anliegen, bedeutende Vermögensgüter wie etwa Gesellschaftsbeteiligungen, Immobilien und Kunstgegenstände über mehrere Generationen hinweg in Familienhand zu belassen. Ausgehend von der Hypothese, dass das deutsche Pflichtteilsrecht derartigen Vorhaben enge Grenzen setzt, geht Christian M. König der Frage

---

nach, welches Potenzial die Stiftung für die Familienvermögensplanung hat. Das mit Wirkung zum 1. Januar 2017 novellierte österreichische Pflichtteilsrecht sowie die Tatsache, dass die österreichische Privatstiftung ein weitverbreitetes Instrument zur Erhaltung von Familienvermögen darstellt, geben zudem Anlass für einen rechtsvergleichenden Blick mit einigen Überlegungen de lege ferenda zum deutschen Pflichtteilsrecht.

Nomos Verlag  
As cross-border trade and cross-border financing continue to increase while security rights over tangible property are governed by the law of the place where the moveable is situated, comparative knowledge of national secured transactions law is crucial for everyone using security rights over tangibles in a cross-border context. This book provides an in-depth examination of the key issues that arise when security rights are created, perfected and enforced in different European countries. Authored by experts on German, English, Dutch,

French, Belgian, Italian and Spanish law, the national reports use practical cases and highlight differences and similarities. A special focus is placed on the way in which national courts deal with security interests created elsewhere. A comprehensive introductory chapter analyzes significant secured transactions issues, summarises the comparative data and compares them with Art. 9 of the Uniform Commercial Code (U.S.) and suggests guiding principles for a European harmonization measure or national reform efforts. The book will assist market participants and their

---

counsel to better understand secured transactions law and relevant private international law rules of their own and other countries and assist those involved in national, EU and global law reform efforts.

with the online pin board Pinterest. The fundraising potential of working with businesses is greater than ever. Read *Fundraising with Businesses* and discover the tools to turn existing and new business relationships into successful—and lucrative—partnerships. *Relationship Fundraising* John Wiley & Sons In this revised and updated third edition, Carver continues to debunk the entrenched beliefs and habits that hobble boards and to replace them with his

innovative approach to effective governance. This proven model offers an empowering and fundamental redesign of the board role and emphasizes values, vision, empowerment of both the board and staff, and strategic ability to lead leaders. Policy Governance gives board members and staff a new approach to board job design, board-staff relationships, the role of the chief executive, performance monitoring,

---

and virtually every aspect of the board-management relationship. This latest edition has been updated and expanded to include explanatory diagrams that have been used by thousands of Carver's seminar participants. It also contains illustrative examples of Policy Governance model policies that have been created by real-world organizations. In addition, this third edition of *Boards That Make a Difference* includes a new chapter on model criticisms and the challenges of governance research.
