Liechtensteinisches Stiftungsrecht OUP Oxford

Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient volume provides comprehensive analysis of the legislation and rules that determine civil procedure and practice in Italy. Lawyers who handle transnational matters will appreciate the book's clear explanation of distinct terminology and application of rules. The structure follows the classical chapters of a handbook on civil procedure: beginning with the judicial organization of the courts, jurisdiction issues, a discussion of the various actions and claims, and then moving to a review of the proceedings as such. These general chapters are followed by a discussion of the incidents during proceedings, the legal aid and legal costs, and the regulation of evidence. There are chapters on seizure for security and enforcement of judgments, and a final section on alternative dispute resolution. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Succinct, scholarly, and practical, this book will prove a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Italy will welcome this very useful guide, and academics and researchers will appreciate its comparative value as a contribution to the study of civil procedure in the international context.

History of the Law of Charity, 1532-1827 Walter de Gruyter

In this revised and updated third edition, Carver continues to debunk the entrenched beliefs and habits that hobble boards and to replace them with his innovative approach to effective governance. This proven model offers an empowering and fundamental redesign of the board role and emphasizes values, vision, empowerment of both the board and staff, and strategic ability to lead leaders. Policy Governance gives board members and staff a new approach to board job design, board-staff relationships, the role of the chief executive, performance monitoring, and virtually every aspect of the board-management relationship. This latest edition has been updated and expanded to include explanatory diagrams that have been used by thousands of Carver's seminar participants. It also contains illustrative examples of Policy Governance model policies that have been created by real-world organizations. In addition, this third edition of Boards That Make a Difference includes a new chapter on model criticisms and the challenges of governance research.

This book provides the first comprehensive survey of the foundation sector in Europe. It examines on a comparative country-by-country basis the role of foundations in society and their legal framework, as well as issues of governance, organization and management.

The Worldwide Fundraiser's Handbook John Wiley & Sons

The business corporation is one of the greatest organizational inventions, but it creates risks both for shareholders and for third parties. To mitigate these risks, legislators, judges, and corporate lawyers have tried to learn from foreign experiences and adapt their regulatory regimes to them. In the last three decades, this approach has led to a stream of corporate and capital market law reforms unseen before. Corporate governance, the system by which companies are directed and controlled, is today a key topic for legislation, practice, and academia all over the world. Corporate scandals and financial crises have repeatedly highlighted the need to better understand the economic, social, political, and legal determinants of corporate governance in individual countries. Comparative Corporate Governance furthers this goal by bringing together current scholarship in law and economics with the expertise of local corporate governance specialists from twenty-three countries.

Comparative Corporate Governance Cambridge University Press

Perfume litigations typically involve only trademark or packaging protection. The actual perfume hardly enjoys any legal attention although it is very often copied. The term "perfume" is ambiguous and designates the olfactory source as well as the olfactory form of the fragrance. Different perfume formulae can smell similar while similar formulae can produce different fragrances. The study analysed the applicability of patents, trademarks and copyright to fragrances. The Author has been advising since 2011 companies and associations of the fragrance industry.

The European Foundation McGraw Hill Professional

The recent financial crisis has questioned whether existing contracts may be adapted, terminated or renegotiated as a result of unexpected circumstances. The question is not a new one. In medieval times the notion of *clausula rebus sic stantibus* was developed to cope with such situations, and Germany introduced the theory of *Wegfall der Geschäftsgrundlage*. In England, the Coronation cases provided one possible answer. This comparative study explores the possibility of classifying jurisdictions as 'open' or 'closed' in this regard.

Private Foundations Jossey-Bass

Diese Untersuchung befasst sich mit privatnützigen reinen Unterhaltsstiftungen, die durch ihre Leistungen das Auskommen der Begünstigten sichern, ohne dass diese Leistungen einen Gemeinwohlbezug aufweisen. Der Autor fragt dabei aus einer rechtsvergleichenden Perspektive, ob reine Unterhaltsstiftungen ihrem Zweck nach mit der deutschen Gesamtrechtsordnung vereinbar sind. Er kommt dabei zu dem Ergebnis, dass diese wesentlichen Prinzipien der Rechtsordnung widersprechen, etwa dem Gedanken der Generationengerechtigkeit sowie den Grundsätzen von Eigenverantwortung, Leistungsfähigkeit und Chancengleichheit. Dies folgt daraus, dass reinen Unterhaltsstiftungen das Merkmal der Gemeinwohlorientierung fehlt, mit welchem Stiftungen allgemein assoziiert werden."

Private International Law and Global Governance Die Reine Unterhaltsstiftung

Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law of contracts in New Zealand covers every aspect of the subject – definition and classification of contracts, contractual liability, relation to the law of property, good faith, burden of proof, defects, penalty clauses, arbitration clauses, remedies in case of non-performance, damages, power of attorney, and much more. Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology, application, and procedure from one legal system to another, as well as the international aspects of contract law. Throughout the book, the treatment emphasizes drafting considerations. An introduction in which contracts are defined and contrasted to torts, quasi-contracts, and property is followed by a discussion of the concepts of 'consideration' or 'cause' and other underlying principles of the formation of contract. Subsequent chapters cover the doctrines of 'relative effect', termination of contract, and remedies for non-performance. The second part of the book, recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it, describes the nature of agency, sale, lease, building contracts, and other types of contract. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in New Zealand will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative contract law.

Fundraising For Dummies New York : Putnam

Strategic planning and tactical fundraising can maximize income and minimize costs Fundraising is the lifeblood of the nonprofit, and, successful or otherwise, determines the organization's ability to provide for the group it serves. Every organization attempts to lower overhead while increasing donations, but this often proves to be impossible within existing frameworks. Effective fundraising - increasing donations while engaging more donors and lowering costs - requires a sound strategy that turns major roadblocks into minor hurdles that are easily overcome. It's not about trying harder, it's about working smarter. Fundraising the

SMART Way provides the groundwork for a complete revamp of organizational fundraising systems. Author Ellen Bristol applies twenty years of corporate sales experience and eighteen years in fund development consultation to the problem of inefficient fundraising. Bristol turns her extensive sales expertise toward the perspective of "selling" an organization to potential donors, increasing the donor pool, and lowering the cost of fundraising. The book details the questions every nonprofit should be asking to maximize the effectiveness of fundraising efforts, and encourages systematic strategy development by zeroing in on key factors such as: Organizational goals, strengths, and weaknesses Donor actions and motivations Workload management and results QA Opportunity evaluation and organizational action The book outlines clear, concrete, actionable steps that can be immediately implemented to escalate income growth. Effective fundraising is sustainable, consistent, and on-target. It must exceed current need and expand to fill future need. Fundraising the SMART Way represents a true breakthrough in that it lays a foundation for true systemic overhaul, and can be the catalyst for the growth of any nonprofit.
