### *Dietetic Assessment And Documentation*

The documents published by the British Dietetic Association underpin the HCPC standards and the Nursing and Midwifery standards with more practical guidance. This Policy builds on the HCPC and BDA documents and standards and provides definitive local standards for the Trusts Nutrition and Dietetic Service.

### Dietetic Assessment And Documentation

Dietitian's Guide to Assessment and Documentation takes an investigative approach to nutrition assessment – reviewing the collection and analysis of evidence to determine the real nutrition-related problem, understanding the underlying problem and its effect on nutritional status, and providing

intervention to address the problem - thereby improving nutritional health.

### *Dietetic Assessment And Documentation*

Introduction. Nutritional assessment is the systematic process of collecting and interpreting information in order to make decisions about the nature and cause of nutrition related health issues that affect an individual (British Dietetic Association (BDA), 2012). This differs from nutritional screening (link to Screening and MUST page) which is a brief risk assessment which can be carried out by any healthcare professional and which may lead to a nutritional assessment by a dietetician.
