The Crowood Press

Motor Racing at Nassau is a collection of images that complements the descriptive account of the Bahamas Speed Weeks. It conveys in pictures the roller-coaster story of the eclectic mix of people and their cars that came to Nassau to enjoy each other's company at the end of the motor racing season in America. From its stuttering start in 1954, through its halcyon days in the late 1950s, to its demise in 1966, top drivers from America and Europe came to compete in the races.

The MG Midget & Austin-Healey Sprite High Performance Manual Veloce Publishing Ltd

The Triumph Stag was a two-door, four-seat, luxury touring car, designed to be Triumph's flagship model for the 1970s. Styled by prolific designer Giovanni Michelotti, and engineered by Harry Webster and Spen King, the Stag had no direct competitors throughout its production life and was the blueprint for the many four-seat convertibles on the market today. It was in production from 1970 through to 1977, but suffered from a lack of development and gained a reputation for engine problems caused by poor cooling. Triumph Stag - An Enthusiast's Guide explores the history, design and development of the car, taking a special look at the Stag's unique Triumph V8 engine - and how Stag owners today have largely solved the cooling problems. It also covers owners' experiences, specialist modifications and improvements, and the car clubs that help the Stag remain one of the most popular classic cars in the UK. Superbly illustrated with 121 colour photographs.

Morgan Plus 8 The Crowood Press

A brand new title in the best-selling SpeedPro! series. Covers 3.5, 3.9, 4.0 & 4.6 litre engines from 1967 to date. Maximum road or track performance & reliability for minimum money. The author is an engineer with much professional experience of building race engines. Suitable for the enthusiast as well as the more experienced mechanic. All the information is based on practical experience.

Shelby and AC Cobra Veloce Publishing Ltd

In the 1950s and 1960s, British sports car ruled the road, and their charge was led by Triumphs. From the TR2, its first modern sports car, Triumph went on to produce a host of classic sports designs such as the Spitfire, GT, and Stag, as well as more TR models, ending with the TR7 in the late 1970s. These represented the epitome of the contemporary classic British sports car. Fast, nimble, and gorgeous to behold, Triumphs offered the everyday motorist an exhilarating drive at a price that they could afford. Popular both in the UK and the US, the Triumph

range helped define the entire genre, with sports cars today like the Mazda MX-5 having their roots in models like the Stag. Illustrated throughout and written by acclaimed motoring writer and historian Graham Robson, this book guides the reader through the history of this classic British marque from its heyday in the 1960s and 1970s through to its eventual demise in the 1980s.

How to Give Your MGB V8 Power The Crowood Press

Particularly famous for their great adventures in the Monte Carlo rally, works Minis humbled many bigger and more powerful cars during the 1960s and 1970s. Mechanic Brian Moylan spent 22 years in the workshops of the BMC Competitions Department where the works cars were built. Here, all the secrets of how ordinary production line Mini Coopers were converted into the mighty giant-killing Minis of motorsport are revealed in full. Contributions from 'Ginger' Devlin & 'Jumping Jeff' Williamson reveal in detail the modifications to the works racing and rallycross cars respectively. " ... invaluable to anyone restoring a period car ... good stuff if you're into nuts and bolts, and top value." – *Classic & Sports Car* " ... a technical profile on the various modified Minis that were produced by the BMC competitions department for racing, rallying and rallycross. Separate chapters ... all backed up by appendices on the race and rallycross cars ... complete a package that will interest competitive Mini pilots" – *Classics*
