Digger Dozer Dumper is a book of poetry. It is a
brand new book just published in 2013. Although it
has not won any awards as of yet, I feel it certainly
has the potential of winning. This book is intended
for nursery years, primary years and could possibly
stretch into the early intermediate years as well.

We came across Digger Dozer
Dumper and thought it would be a
fun book. Every page in this book is
nicely illustrated and has a fun
poem that describes the
functionality of the vehicle that it
references. A couple of months
after owning this book he went and
got it, sat down with it and, before
we knew it, he chewed a piece of
the corner off of it.
