Bulletin of the American Society of Newspaper Editors TDL Canada

Standup comic, actor and fan favorite from HBO's Silicon Valley and the film Crazy Rich Asians shares his memoir of growing up as a Chinese immigrant in California and making it in Hollywood. "I turned down a job in finance to pursue a career in stand-up comedy. My dad thought I was crazy. But I figured it was better to disappoint my parents for a few years than to disappoint myself for the rest of my life. I had to disappoint them in order to pursue what I loved. That was

the only way to have my Chinese turnip cake and eat an American apple pie too." Jimmy O. Yang is a standup comedian, film and TV actor and fan favorite as the character Jian Yang from the popular HBO series Silicon Valley. In *How to American*, he shares his story of growing up as a Chinese immigrant who pursued a Hollywood career against the wishes of his parents: Yang arrived in Los Angeles from Hong Kong at age 13, learned English by watching BET RapCity for three hours a day, and worked as a strip club DJ while pursuing his comedy career. He chronicles a near

---

deportation episode during a college trip Tijuana to finally becoming a proud US citizen ten years later. Featuring those and many other hilarious stories, while sharing some hard-earned lessons, *How to American* mocks stereotypes while offering tongue in cheek advice on pursuing the American dreams of fame, fortune, and strippers. *High-Tech Toys for Your TV*

Fisher concentrates on several aspects of starting a TV channel and includes information on Internet, cable TV, satellite, and analog and digital broadcast TV.

Start a Tv Station John Wiley & Sons

While Americans are generally

aware of China's ambitions as a global economic and military superpower, few understand just how deeply and assertively that country has already sought to influence American society. As the authors of this volume write, it is time for a wake-up call. In documenting the extent of Beijing's expanding influence operations inside the United States, they aim to raise awareness of China's efforts to penetrate and sway a range of American institutions: state and local governments, academic institutions, think tanks, media, and businesses. And they highlight other aspects of the propagandistic “ discourse war ” waged by the Chinese government and Communist Party leaders that are

less expected and more alarming, such as their view of Chinese Americans as members of a worldwide Chinese diaspora that owes undefined allegiance to the so-called Motherland. Featuring ideas and policy proposals from leading China specialists, *China's Influence and American Interests* argues that a successful future relationship requires a rebalancing toward greater transparency, reciprocity, and fairness. Throughout, the authors also strongly state the importance of avoiding casting aspersions on Chinese and on Chinese Americans, who constitute a vital portion of American society. But if the United States is to fare well in this increasingly adversarial relationship with China, Americans

---

must have a far better sense of that country's ambitions and methods than they do now.

Taylor & Francis, an informa company.  
Popular Science Harper Collins Craft and deliver outstanding presentations, speeches, demos, and more! Learn how, from the world's #1 presentation coach, Jerry Weissman -- and the experiences of dozens of the world's legendary persuaders! This book distills 75 best practices and techniques Weissman has developed through more than 20 years coaching executives on their highest-stakes presentations. In *Winning Strategies for Power Presentations*, Weissman identifies the elements of a great

presentation, offering powerful new insights into contents, graphics, delivery, Q-and-A sessions, and much more. Weissman illuminates every technique with a compelling case study, drawing on the positive and negative experiences of communicators ranging from Ronald Reagan to Barack Obama, Jon Stewart to venture capitalist John Doerr, Stephen King to Mark Twain, Franklin Delano Roosevelt to Netflix CEO Reed Hastings. For the first time, he specifically and thoroughly addresses the unique challenges of making persuasive political presentations and

speeches. This book also includes brand-new advice on a wide spectrum of "special presentation" issues, ranging from developing a richer public speaking voice to delivering scripted speeches, interviewing like a TV anchorperson to demonstrating products more successfully. For everyone who must speak and present more effectively in public: executives, managers, professional speakers, business leaders, project leaders, sales personnel, instructors, students, and many others. *Popular Science Routledge* Describes in detail the most recent rapid growth and cross
