DIRECTV's DVR falls behind the competition in storage capacity. Both the HR44 and HR54 have only around 1 TB of storage (1,024 GB). This means you can record only 200 hours of HD programming (800 standard), so you may find yourself having to delete old recordings frequently.

My old dvr finally quit (9 years). I updated the dish, which I installed myself and the HR24 HD DVR. My old one was a tivo unit which it worked like a champ. The hr24 works even better, it is just a bit slow sometimes when changing channels. Recording a show or shows is much easier than my old dvr.
