HarperCollins Australia
From the New York Times bestselling author of *The Unhoneymooners* and the "delectable, moving" (Entertainment Weekly) *My Favorite Half-Night Stand* comes a modern love story about what happens when your first love reenters your life when you least expect it... Sam Brandis was Tate Jones's first: Her first love. Her first everything. Including her first heartbreak. During a whirlwind two-week vacation abroad, Sam and Tate

fell for each other in only the way that first loves do: sharing all of their hopes, dreams, and deepest secrets along the way. Sam was the first, and only, person that Tate—the long-lost daughter of one of the world's biggest film stars—ever revealed her identity to. So when it became clear her trust was misplaced, her world shattered for good. Fourteen years later, Tate, now an up-and-coming actress, only thinks about her first love every once in a blue moon. When she steps onto the set of her first big break, he's the last person she expects to see. Yet here Sam is, the same charming, confident man she knew, but even more alluring than she remembered. Forced

to confront the man who betrayed her, Tate must ask herself if it's possible to do the wrong thing for the right reason... and whether "once in a lifetime" can come around twice. With Christina Lauren's signature "beautifully written and remarkably compelling" (Sarah J. Maas, New York Times bestselling author) prose and perfect for fans of Emily Giffin and Jennifer Weiner, *Twice in a Blue Moon* is an unforgettable and moving novel of young love and second chances.

The House Simon and Schuster

One woman must decide whether she can trust a complete stranger

to protect her and unborn child from the threats of her past in this "touching modern romance" from the author of the #1 New York Times bestseller *Beautiful Disaster* (Library Journal). Named one of the "Best Romance Books of 2018" by Bookbub! As Darby Dixon sits in a tiny Texas church bathroom on her wedding day holding a positive pregnancy test, she realizes that marrying her fiancée would be the worst decision of her life. She's never been very good at standing

up for herself, but she'll sure as hell stand up for her baby. With very little cash and a ton of courage, she flees town to take a new name and start a new life. As a Marine, Scott "Trex" Trexler worked in the most treacherous, corrupt, war-torn places on earth. With his new top-secret security job, he finally has a chance to return to the one place he's felt at peace: Colorado Springs, Colorado. The moment Trex checks in at the hotel where she's working, Darby knows he's

dangerous. He may want her to think he's another hotshot firefighter, along with all the others battling the nearby mountain blaze, but something doesn't add up. No way will she get involved with another man she can't fully trust - and Trex clearly isn't telling her everything. As Darby's ex gets closer and closer to finding her, both she and Trex will soon find out that what you don't know really can hurt you. "This love story is raw, brilliant, and gives women hope in the

impossible. Nothing is more precious than that." --Audrey Carlan, #1 New York Times bestselling author "Jamie McGuire writes with no holds barred ... real and addictive." --USA Today "Heartfelt emotions, serious social concerns and exceptional character development result in a touching modern romance with inspirational overtones; a sure winner." --Library Journal

When powers clash... In the mafia world, women don't reign. I'm the exception of that rule. I didn't choose this life, it chose me. I have a legacy to protect, a power to snatch, and no one will stop me. If an arranged marriage is what it'll take to lead, then so be it. What I don't count on is that my chosen husband is a ghost from my past. Kyle Hunter. He was once my guard, my protector. Now, he's after my kingdom. The road to the throne is paved with thorns, blood, and casualties. To win, I'll risk it all. My heart included. This book is part of a duet and is not standalones. *Beautiful Secret* Simon and Schuster Everyone knows that all's fair in love and war. But these two will learn that sabotage is a dish best served naked. What could have been a beautiful, blossoming romance turns into an all-out war of sabotage. Carter and Evie are both thirtysomethi ng profession als—so why can't they act like it? Can Carter stop trying to please everyone and

Everything for Us Simon and Schuster

This book includes FRENCHED (Mia and Lucas) and YANKED (a Mia and Lucas novella)

FRENCHED: When I got dumped by my stupid fiancé a week before the wedding, my plans involved nothing more than ice cream, and blanket fort, and a bonfire of his possessions. But my friends convinced me that bitter tastes better drowned in Bordeaux, so I came to Paris for a single-moon. Then I met him. He's shown me things I've never seen before, and I'm not talking about the Louvre. Is it just the seduction of Paris? Or could this be the real thing?

YANKED: I never expected any of this- Getting dumped. Going to Paris alone. Falling for Lucas (he was so not on my list). We've done the long-distance-love thing for eight months now, and I'm ready for more. But after I discover what he's been hiding, will he stay on my list? Or should I cross him off
