In Legend Born Penguin

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with

their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

Idea Man Hoover Press

Brash detective Rick Barron enters the infamous Hollywood fast lane in this thriller from the #1 New York Times bestselling author of the Stone Barrington series. Los Angeles, 1939. It ' s Hollywood ' s Golden Age, and Rick Barron is a suave and sharp detective on the Beverly Hills force. After a run-in with his captain, he finds himself demoted, but soon lands a job on the security detail for Centurion Pictures, one of the hottest studios. The white knight of such movie stars as Cleve Barrow, the British leading man with a penchant for parties, and Glenna Gleason, a peach of a talent on the verge of superstardom, Rick is dubbed " the Prince of Beverly Hills " by society columnists. But when he unearths a murder cover-up and a blackmail scam, he finds himself up against West Coast wise guys whose stakes are do-or-die...

Routes and Roots Penguin

In a heart-wrenching, candid autobiography, a human rights activist offers a firsthand account of war from the perspective of a former child soldier, detailing the violent civil war that wracked his native Sierra Leone and the government forces that transformed a gentle young boy into a killer as a member of the army. 75,000 first printing.

Esther Diamond, a struggling actress in New York, seems destined to attract supernatural mayhem. When bizarre magical disappearances disrupt shows around the city, Esther receives a mysterious warning not to go on with her off-Broadway show. Desperate to stay on stage rather than resort to waiting tables, Esther turns to her new BFF, Dr. Maximillian Zadok, a 350-year-old mage whose day job is protecting New York from Evil. Determined to get to the bottom of this mystery without losing her job, Esther and Max team up with a conjuring cowboy, a banker with stage aspirations, and a flock of fearless drag queens. Also on the case is Detective Connor Lopez, a sexy cop who has a thing for Esther, but who fears that she and Max may be a bigger problem than the vanishing performers. Since the show must go on—and the astronomical rent must be paid—Esther, Max, and their friends pursue Evil to its lair in their fearless determination to find the missing performers and restore harmony to the city that never sleeps.

Disappearing Nightly is the thrilling first novel of the Esther Diamond series.

Run Before the Wind Dafina

The acclaimed author of *The Other Wes Moore* continues his inspirational quest for a meaningful life and shares the powerful lessons—about self-discovery, service, and risk-taking—that led him to a new definition of success for our

times. *The Work* is the story of how one young man traced a path through the world to find his life's purpose. Wes Moore graduated from a difficult childhood in the Bronx and Baltimore to an adult life that would find him at some of the most critical moments in our recent history: as a combat officer in Afghanistan; a White House fellow in a time of wars abroad and disasters at home; and a Wall Street banker during the financial crisis. In this insightful book, Moore shares the lessons he learned from people he met along the way—from the brave Afghan translator who taught him to find his fight, to the resilient young students in Katrina-ravaged Mississippi who showed him the true meaning of grit, to his late grandfather, who taught him to find grace in service. Moore also tells the stories of other twenty-first-century change-makers who've inspired him in his search, from Daniel Lubetzky, the founder of KIND, to Esther Benjamin, a Sri Lankan immigrant who rose to help lead the Peace Corps. What their lives—and his own misadventures and moments of illumination—reveal is that our truest work happens when we serve others, at the intersection between our gifts and our broken world. That's where we find the work that lasts. An intimate narrative about finding meaning in a volatile age, *The Work* will inspire readers to see how we

can each find our own path to purpose and help create a better world. Praise for *The Work* "Powerful and moving . . . Wes Moore's story and the stories of those who have inspired him, from family members to entrepreneurs, provide a model for how we can each weave together valuable lessons from all different types of people to forge an individual path to triumph. I've known and deeply admired Wes for a long time. Reading *The Work*, I better understand why."—Chelsea Clinton

"Wes Moore proves once again that he is one of the most effective storytellers and leaders of his generation. His gripping personal story, set against the dramatic events of the past decade, goes straight to the heart of an ancient question that is as relevant as ever: not just how to live a good life, but how to make that life matter. Above all, this book teaches us how to make our journey about more than mere surviving or even succeeding; it teaches us how to truly come alive."—Arianna Huffington, author of *Thrive*

"How we define success for ourselves is one of life's essential questions. Wes Moore shows us the way—by sharing his incredible journey and the inspiring stories of others who make the world a better place through the choices they've made about how they want to live. We come away from this important book with a new understanding of what it truly means to succeed in life."—Suze Orman

"An intriguing follow-up to his bestselling *The Other Wes Moore* . . . Moore makes a convincing case that work has the most value if it's built on a foundation of service, selflessness, courage, and risk-taking."—Publishers Weekly

"A beautifully philosophical look at the expectation that work should bring meaning to our lives."—Booklist

"The *Work* will resonate with people seeking their own purpose."—BookPage

Proverbial Philosophy
University of Hawaii Press

From the bestselling author of the acclaimed *Chaos and Genius* comes a thoughtful and provocative exploration of the big ideas of the modern era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and

Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. A New York Times Notable Book A Los Angeles Times and Cleveland Plain Dealer Best Book of the Year Winner of the PEN/E. O. Wilson Literary Science Writing Award

The World's Greatest Books

Volume 1 Tor Fantasy

From New York Times

Bestselling Author Maria V. Snyder Choose: a quick death... or slow poison... Locked deep in the palace dungeon for killing her abuser, Yelena knows she'll never be free again. The laws in Ixia are strict, and murderers must be executed, no matter the reason. But just as she's resigned herself to her fate, she's offered an extraordinary reprieve. As the food taster, Yelena will eat the best meals, have rooms in the palace—and risk assassination by anyone trying to kill the Commander of Ixia. To make matters worse, the chief of security deliberately feeds her Butterfly's Dust, and only by appearing for her daily antidote will she delay an agonizing death from the poison. As Yelena tries to escape her new dilemma, disasters keep mounting. Rebels plot to seize Ixia and Yelena develops magical

powers she can't control. Her life is threatened again, and in order to survive, she must unravel the secrets behind the past she's been running from. Hustlin' Divas Kensington Publishing Corp.

For a thousand years, Sileria has toiled under the yoke of foreign conquerors, Savage Moorlanders, sorcerous Kints, and now the hedonistic Valdani have forced the Silerian mountain clans into harsh slavery. Villages have been razed, and the innocent populace dragged to the mines, there to toil until death with no hope of escape. But there is hope. Five disparate people have been brought reluctantly together by the prophesy of a young Guardian—a prophesy that promises the coming of a savior. These five must put aside ages-old blood feuds before the conquerors force all to bend to their vicious will...

The Work MDPI

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney

brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Disappearing Nightly New York

: Cosmopolitan Book Corporation

The Stunning Conclusion of In Fire Forged, A Publishers Weekly Best Book of 2003 The island nation of Sileria lies in the shadow of Darshon, the Destroyer Goddess, the great volcano that dominates the landscape and people of Sileria. When she awakens, their world trembles. She has lain quiet for decades, throughout the occupation of foreign invaders. But Darshon has begun to stir. Sileria

has finally been freed from foreign rule, only to fall under the power of the ruthless waterlords, powerful mages who terrorize those who depend on their mercy for the water that all life must have. Now their mercy is denied. Tansen, the rebel warrior, joins forces with Mirabar, a Guardian who is feared and admired for her fire magic, and Zarien, a mysterious sea-born boy, in a stand against the waterlords rule. As the power struggle among Sileria's warring factions intensifies to a fevered pitch, the tremors of Darshon increase, threatening to engulf them all in molten death. There will be a final reckoning that will change Sileria forever. But no one may triumph unless the Destroyer Goddess wills it . .

Gangsta Divas Handbook to Life Describes daily life in the Aztec world, including coverage of geography, foods, trades, arts, games, wars, political systems, class structure, religious practices, trading networks, writings, architecture and science.

Testimonies for the Church MIT Press

While Americans are generally aware of China's ambitions as a global economic and military superpower, few understand just how deeply and assertively that country has already sought to

influence American society. As the authors of this volume write, it is time for a wake-up call. In documenting the extent of Beijing's expanding influence operations inside the United States, they aim to raise awareness of China's efforts to penetrate and sway a range of American institutions: state and local governments, academic institutions, think tanks, media, and businesses. And they highlight other aspects of the propagandistic "discourse war" waged by the Chinese government and Communist Party leaders that are less expected and more alarming, such as their view of Chinese Americans as members of a worldwide Chinese diaspora that owes undefined allegiance to the so-called Motherland. Featuring ideas and policy proposals from leading China specialists, *China's Influence and American Interests* argues that a successful future relationship requires a rebalancing toward greater transparency, reciprocity, and fairness. Throughout, the authors also strongly state the importance of avoiding casting aspersions on Chinese and on Chinese Americans, who constitute a vital portion of American society. But if the United States is to fare well in this increasingly adversarial relationship with China, Americans must have a far better sense of that country's ambitions and methods than they do now.

The Black Hunter Crossway
In the first book of a fierce new series, meet Memphis's hardest ride-or-die chicks as they fight along with their infamous men to lock down the Dirty South. Memphis is the crime capital of America, and no one knows that better than the women born and raised on its mean streets. It's put sisters Ta'Shara and LeShelle on opposite sides of the street game, where blood means nothing and loyalty doesn't last long. It's also got Yolanda, an ambitious drug mule, and Melanie, a police detective, caught up with the same man--the notorious hustler Python. These four women think they've got the game figured out, but the one man they have in common will have them living double lives and wondering who will come out on top. Forget what you heard about East Coast/West Coast, 'cause real vendettas are born in the Dirty South. "Diamond's ear for street talk comes across loud and clear. . . a violent and profane tale, which launches a gritty new series. The divas here are realistic characters, and the pacing zooms. . . one of the best constructed street lit stories of 2010." --Library Journal "A nonstop, hard-

hitting page-turner." --Tu-

Shonda L. Whitaker

China's Influence and American Interests Annette Marie

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' *New York Times* 'Feminism began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

Handbook to Life in the Aztec World Vintage

Elizabeth DeLoughrey invokes the cyclical model of the continual movement and rhythm of the ocean ('tidalectics') to destabilize the national, ethnic, and even regional frameworks that have been the mainstays of literary study. The result is a privileging of alter/native epistemologies

whereby island cultures are positioned where they should have been all along—at the forefront of the world historical process of transoceanic migration and landfall. The research, determination, and intellectual dexterity that infuse this nuanced and meticulous reading of Pacific and Caribbean literature invigorate and deepen our interest in and appreciation of island literature. —Vilsoni Hereniko, University of Hawai'i

"Elizabeth DeLoughrey brings contemporary hybridity, diaspora, and globalization theory to bear on ideas of indigeneity to show the complexities of 'native' identities and rights and their grounded opposition as 'indigenous regionalism' to free-floating globalized cosmopolitanism. Her models are instructive for all postcolonial readers in an age of transnational migrations." —Paul Sharrad, University of Wollongong, Australia

Routes and Roots is the first comparative study of Caribbean and Pacific Island literatures and the first work to bring indigenous and diaspora literary studies together in a sustained dialogue. Taking the "tidalectic" between land and sea as a dynamic starting point, Elizabeth DeLoughrey foregrounds geography and history in her exploration of how island writers inscribe the complex relation between routes and

roots. The first section looks at the sea as history in literatures of the Atlantic middle passage and Pacific Island voyaging, theorizing the transoceanic imaginary. The second section turns to the land to examine indigenous epistemologies in nation-building literatures. Both sections are particularly attentive to the ways in which the metaphors of routes and roots are gendered, exploring how masculine travelers are naturalized through their voyages across feminized lands and seas. This methodology of charting transoceanic migration and landfall helps elucidate how theories and people travel, positioning island cultures in the world historical process. In fact, DeLoughrey demonstrates how these tropical island cultures helped constitute the very metropolises that deemed them peripheral to modernity. Fresh in its ideas, original in its approach, *Routes and Roots* engages broadly with history, anthropology, and feminist, postcolonial, Caribbean, and Pacific literary and cultural studies. It productively traverses diaspora and indigenous studies in a way that will facilitate broader discussion between these often segregated disciplines.

The Prince of Beverly Hills
Wentworth Press
"The Corona crisis and the Need for a Great Reset" is a guide for anyone who wants to understand how COVID-19 disrupted our social and economic systems, and what changes will be needed to create a more inclusive, resilient and sustainable world going forward. Thierry Malleret, founder of the Monthly Barometer, and Klaus Schwab, founder and executive Chairman of the World Economic Forum, explore what the root causes of these crisis were, and why they lead to a need for a Great Reset. Theirs is a worrying, yet hopeful analysis. COVID-19 has created a great disruptive reset of our global social, economic, and political systems. But the power of human beings lies in being foresighted and having the ingenuity, at least to a certain extent, to take their destiny into their hands and to plan for a better future. This is the purpose of this book: to shake up and to show the deficiencies which were manifest in our global system, even before COVID broke out.

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Poison Study Macmillan

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades - no, for centuries - have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and

verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar - and you certainly don't have to diagram sentences - in order to speak and write correct English. So rest assured - English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs - oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think

how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!
