Severin was made to fight. Conceived as what the vampires call a mixed-blood when his vampire father raped his dreck mother over a century ago, Severin retained the power of iron skin inherent to newborn drecks. Sev keeps this secret closely guarded. If it's discovered that inferior dreck blood flows in his veins, it could destroy his life, which is already complicated enough. Not only has Sev's father made a sudden and unwelcome reappearance, but Sev suspects he's been marked by an assassin seeking blood vengeance. So when he falls for his teammate, Arion, a notorious playboy, that's the last thing Sev needs. Arion is the son of one of King Bain's liaisons. Ari's overbearing parents had his course plotted before he was even born, but what his parents want for him isn't what Arion wants for himself. After finding out his new

teammate Severin is gay, Arion develops a fascination for him that goes beyond curiosity. Their racy encounter just a month before was no fluke, and Arion realizes he's been living a lie about his sexuality his entire life, forcing himself to be with females because that's what was expected of him. But what he wants is a male, and not just any male. Arion wants Severin. If Sev and Ari stand a chance at finding happiness with one another, they will have to confront prejudice, plotting, the threat on Sev's life, and even each other. But will it be too little too late?

Mr Warren's Profession Mir Press

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of

the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

No one told Trey Grey that life could be dark and unpredictable. With the death of his father when he was eight, his mother's

departure from Earth on a syringe full of heroin, and the brutal abuse of his stepfather, Trey learned these lessons all too well on his own. Now at twenty years of age, he is nearing the completion of his accounting degree and can finally glimpse the end of his life as a prostitute. The only profession he has ever known. Wracked by nightmares of Willie's years of abuse, and controlled by severe obsessive-compulsive disorders as a result, he seems to have a tentative handle on his own life. That is, as long as he keeps a death-grip and no one touches his Camaro, kitten. But even the best laid plans can be torn to gory bits. His savior comes in the unlikely form of a spiky-haired blond named Justin, after a night of drunken debauchery that neither of them seems able to forget. Justin might just need Trey as much as Trey needs him. Trey travels through his fearscape and begins to find his own forgiveness, but at what cost to the manic-depressive Justin? Will they be able to live through the trauma of each other's lives and find their own version of normal? This is a gritty and raw story about escapism, and how one's life can alter course when you least expect it.
