This digest focuses on the

application of discourse analysis to second language teaching and learning. It provides examples of how teachers can improve their teaching practices by investigating actual language use both in and out of the classroom, and how students can learn language through exposure to different types of discourse. (VWL)

Discourse Analysis for Language Teachers | Michael ...

Discourse Analysis for Language Teachers. ERIC Digest.

Writing teachers have been focusing on discourse structures in their classrooms since the 1960s when teaching moved from the sentence level to the discourse level with the introduction of a focus on rhetorical functions in the teaching of second language writing. Examples of rhetorical functions include descriptions, narratives, definitions, exemplifications, classifications, compare and contrast, and cause and effect.

Discourse Analysis for Language Teachers / Edition 1 by ...

In sum, teachers can use discourse analysis not only as a research method for investigating their own teaching practices but also as a tool for studying interactions among language learners. Learners can benefit from using discourse analysis to explore what language is and how it is used to achieve communicative goals in different contexts.

Premises for bringing discourse analysis into the language classroom According to the dictionary definition, a premise is something that you suppose is true and that you use as a basis for developing an idea or a statement. Every language teacher approaches his/her task with certain premises about what language is and how it is used.

Discourse Analysis for the Second Language Writing ...

Critical Discourse Analysis (CDA) is an approach to discourse analysis that goes beyond the textual analysis of language, to include analysis of what is between the lines. More specifically CDA deals with the analysis of linguistic features in relation to the broader social, cultural, political, ideological contexts in which language is used.
