The Little Paris Bookshop McDougal Littell/Houghton Mifflin

A bitter, beautiful and important book Robert Fisk, *THE INDEPENDENT* The French sensation, now in English translation. Franoise Frenkel was a Jewish woman born in Poland and enamoured of all things literary and French. In 1921 she set up the first French language bookshop in Berlin, recognising the craving for French culture in that city in the wake of the First World War. Her business was a success - attracting diplomats and celebrities, authors and artists. But life in Berlin for a Jewish woman and a foreigner soon became untenable Frenkel was forced to flee to Paris and compelled to keep moving as she attempted to survive in a world disintegrating around her. Her observations of and interactions with the French people, both those who would give her up to the Nazi authorities and those who risked their own lives and families by offering her refuge, show how humanity strives to assert itself even in the darkest times. Frenkel's book, written with piercing clarity and sensibility in the immediate aftermath of her escape to Switzerland, was originally published in 1945 in Geneva. But only recently was a copy of this forgotten work discovered and a decision made at French publisher Gallimard to republish it, seventy years later. Very little is known of Franoise Frenkel's subsequent life, except that she returned to live in Nice where she had spent much of her time during the war, and where she died in 1975. Frenkel's book is the story of refugees, those fleeing terror, the world over. With a moving preface from Nobel Prize-winning author Patrick Modiano.

**\*\*New York Times Bestseller\*\*** From Erin French, owner of the critically

acclaimed *The Lost Kitchen*, a TIME world dining destination, a life-affirming memoir about survival, renewal, and finding a community to lift her up Long before *The Lost Kitchen* became a world dining destination with every seating filled the day the reservation book opens each spring, Erin French was a girl roaming barefoot on a 25-acre farm, a teenager falling in love with food while working the line at her dad's diner and a young woman finding her calling as a professional chef at her tiny restaurant tucked into a 19th century mill. This singular memoir—a classic American story—invites readers to Erin's corner of her beloved Maine to share the real person behind the “girl from Freedom” fairytale, and the not-so-picture-perfect struggles that have taken every ounce of her strength to overcome, and that make Erin's life triumphant. In *Finding Freedom*, Erin opens up to the challenges, stumbles, and victories that have led her to the exact place she was ever meant to be, telling stories of multiple rock-bottoms, of darkness and anxiety, of survival as a jobless single mother, of pills that promised release but delivered addiction, of a man who seemed to offer salvation but in the end ripped away her very sense of self. And of the beautiful son who was her guiding light as she slowly rebuilt her personal and culinary life around the solace she found in food—as a source of comfort, a sense of place, as a way of bringing goodness into the world. Erin's experiences with deep loss and abiding hope, told with both honesty and humor, will resonate with women everywhere who are determined to find their voices, create community, grow stronger and discover their best-selves despite seemingly impossible odds. Set against the backdrop of rural Maine and its lushly intense, bountiful seasons, Erin reveals the passion and courage needed to invent oneself anew, and the poignant, timeless connections between food and generosity, renewal and freedom. *Finding Freedom* HarperCollins Like the wildly popular festivals that

The memoir of a young diplomat's wife who must reinvent her dream of living in Paris—one dish at a time When journalist Ann Mah's diplomat husband is given a three-year assignment in Paris, Ann is overjoyed. A lifelong foodie and Francophile, she immediately begins plotting gastronomic adventures à deux. Then her husband is called away to Iraq on a year-long post—alone. Suddenly, Ann's vision of a romantic sojourn in the City of Light is turned upside down. So, not unlike another diplomatic wife, Julia Child, Ann must find a life for herself in a new city. Journeying through Paris and the surrounding regions of France, Ann combats her loneliness by seeking out the perfect pain au chocolat and learning the way the andouillette sausage is really made. She explores the history and taste of everything from boeuf Bourguignon to soupe au pistou to the crispiest of buckwheat crepes. And somewhere between Paris and the south of France, she uncovers a few of life's truths. Like Sarah

Turnbull's *Almost French* and Julie Powell's New York Times bestseller *Julie and Julia, Mastering the Art of French Eating* is interwoven with the lively characters Ann meets and the traditional recipes she samples. Both funny and intelligent, this is a story about love—of food, family, and France.

The main objective of *À votre tour!* is to advance students to a level at which they can comfortably express themselves on a variety of French and francophone topics. Avoiding the excessive rigor of most intermediate texts, *À votre tour!* immerses students in authentic language and cultural contexts to achieve three key objectives: to build and reinforce oral and written communicative skills, to develop reading skills and cultural awareness, and to forge a strong linguistic base. New! *Tête à tête* communicative activities require one student to use communicative skills to elicit unknown details from another student in order to complete a task, with basic vocabulary and grammar structures recycled to reinforce previously learned material. New! Integrated video correlates to the *Français Pratique* section of each unit and to corresponding video activities provided in the *Student Activities Manual*. New! Updated cultural material highlights recent cultural trends, such as prices expressed in euros, French phone numbers with appropriate area codes; reflects the current political realities; and offers many entry points for further development of cultural awareness, grammar, and lexical points. A broad introduction to French and Francophone cultures provides authentic language and cultural contexts without an intense grammar curriculum—adapted for students who might take French as a minor, rather than a major. Accessible presentation enables students with basic conversational and grammar skills to achieve success through careful pacing, cyclical review and re-entry of structures and vocabulary, and engaging conversational

material. Solid grammar review builds a framework by first covering basic structures and expressions, then adding more advanced concepts to expand students' linguistic abilities.

"This story, told by a master teller of such things, does more than take you inside the cages, fences, and walls of a zoo. It takes you inside the human heart, and an elephant's, and a primate's, and on and on. Tom French did in this book what he always does. He took real life and wrote it down for us, with eloquence and feeling and aching detail." -Rick Bragg, Pulitzer Prize-winning journalist and bestselling author "An insightful and detailed look at the complex life of a zoo and its denizens, both animal and human." -Yann Martel, author of *Life of Pi* and *Beatrice and Virgil* Welcome to the savage and surprising world of *Zoo Story*, an unprecedented account of the secret life of a zoo and its inhabitants. Based on six years of research, the book follows a handful of unforgettable characters at Tampa's Lowry Park Zoo: an alpha chimp with a weakness for blondes, a ferocious tiger who revels in *Obsession* perfume, and a brilliant but tyrannical CEO known as *El Diablo Blanco*. The sweeping narrative takes the reader from the African savannah to the forests of Panama and deep into the inner workings of a place some describe as a sanctuary and others condemn as a prison. *Zoo Story* shows us how these remarkable individuals live, how some die, and what their experiences reveal about the human desire to both exalt and control nature.

A delightful celebration of everyday life in France through the lens of the kitchens and cooking of the author's neighbors, who, while busy and accomplished, still manage to make every meal a sumptuous occasion. Even before Susan Herrmann Loomis wrote her now-classic memoir, *On Rue Tatin*, American readers have been compelled by books about the French's ease with cooking. With *In a French Kitchen*, Loomis—an expat who long ago traded her American grocery store for a bustling French farmer's market—demystifies in lively prose the seemingly effortless *je ne sais quoi* behind a simple French meal. French cooks have the *savoir faire* to get out of a low-ingredient bind. They are deeply knowledgeable about seasonal produce and what *mélange* of simple ingredients will bring out the best of their garden or local market. They are perfectly at ease with cracked bowls and little counter space. *In a French Kitchen* proves that delicious, decadent meals aren't complicated. Loomis takes lessons from busy, everyday people and offers tricks and

recipes to create a meal more focused on quality ingredients and time at the table than on time in the kitchen.

*Zoo Story* Ballantine Books  
Sure to become a classic on female empowerment, a groundbreaking exploration of the personal, cultural, and global implications of intergenerational trauma created by patriarchy, how it is passed down from mothers to daughters, and how we can break this destructive cycle. Why do women keep themselves small and quiet? Why do they hold back professionally and personally? What fuels the uncertainty and lack of confidence so many women often feel? In this paradigm-shifting book, leading feminist thinker Bethany Webster identifies the source of women's trauma. She calls it the Mother Wound—the systemic disenfranchisement of women by the patriarchy—and reveals how this cycle is perpetuated by wounded mothers who

unconsciously pass on damaging beliefs and behaviors to their daughters. In her workshops, online courses, and talks, Webster has helped countless women re-examine their lives and their relationships with their mothers, giving them the vocabulary to voice their pain, and encouraging them to share their experiences. In this manifesto and self-help guide, she offers practical tools for identifying the manifestations of the Mother Wound in our daily life and strategies we can use to heal ourselves and prevent our daughters from enduring the same pain. In addition, she offers step-by-step advice on how to reconnect with our inner child, grieve the mother we didn't have, stop people-pleasing, and, ultimately, transform our heartache and anger into healing and self-love. Revealing how women are affected by the Mother Wound, even if they don't personally identify as survivors, *Discovering the Inner Mother* revolutionizes how we view mother-daughter relationships and gives us the inspiration and guidance we need to improve our lives and ultimately create a more equitable society for all.
