The Discovery of God Zondervan
An editor of ABC News describes his own spiritual journey that led him, as a man of science, to his own answers about God and Jesus, and encourages others to confront their own questions of faith to further the search for God.

Discovering God Within Fortress Press
In God ' s Battalions, distinguished scholar Rodney Stark puts forth a controversial argument that the Crusades were a justified war waged against Muslim terror and aggression. Stark, the author of The Rise of Christianity, reviews the history of the seven major crusades from 1095-1291 in this fascinating work of religious revisionist history.

Discovering God Zondervan
What does art have to do with faith? For many Christians, paintings, films, music, and other

forms of art are simply used for wall decoration, entertaining distraction, or worshipful devotion. But what if the arts played a more prominent role in the Christian life? In *Discovering God through the Arts*, discover how the arts can be tools for faith-building, life-changing spiritual formation for all Christians. Terry Glaspey, author of *75 Masterpieces Every Christian Should Know*, examines: How the arts assist us in prayer and contemplation How the arts help us rediscover a sense of wonder How the arts help us deal with emotions How the arts aid theological reflection and so much more. Let your faith be enriched, and discover how beauty and creativity can draw you nearer to the ultimate Creator.

InterVarsity Press

This book advances the "strong" programme that sociology and anthropology provide a scientific foundation for arguing that God and the gods are human creations. Contending that religion is one – but not the only – way to systematize and institutionalize the moral order of a society, the author argues that religion reflects the fundamental human need for belonging and the social function of compassion. As such, our transcendental and supernatural ideas are really concerned with our everyday lives in communities and, faced with the severity and immediacy of the global problems with which the world is confronted – existential threats – it is increasingly important to abandon delusions and correct our mistake in reference, not by eradicating religion, but by grounding it more explicitly in earthly matters of community, social solidarity, belonging, and compassion. A wide-ranging study of the roots, nature, and purpose of religion and theistic belief, *Society and*

the Death of God will appeal to sociologists, social theorists, and philosophers with interests in the scientific study of religion and the role of religion in the life of humankind.

Discovering God Through the Arts
Harmony

Discovering God sets out to answer the most important question anybody can ask: what is God like? We build our lives on our concept of God; therefore it is vitally important that we know him as he really is. *Discovering God* uses the Bible to explain in everyday language what God has to tell us about himself. This book will take you on an exciting adventure, with fascinating and life-changing insights into the nature of God. Knowing God is the greatest thing that can happen to you. *Discovering God* will help you know him better. Dr Roger Aubrey is part of the leadership of All Nations Church based in Cardiff, South Wales. He was born and raised in the city and is a graduate of its University, gaining a Doctorate and a Master's Degree in Christian Theology. Roger was Principal of Covenant College between 1994 and 1998, and, from 2002 to 2008, was Principal of Covenant School of Ministries, School of the Word. An acknowledged and popular teacher, Roger travels extensively; his ministry is characterised by a marrying together of theological truth and practical application. His first book, *The Circle of Life*, was published in 2007, and you can visit his website at www.rogeraubrey.com. Roger is married to Dianne and they have two children.

Finding God at Harvard Harvest House Publishers
We live in an age of vast and rapid destruction of habitats and species. Yet Christianity holds great potential for healing this situation. Indeed, the Bible and Christian tradition are a treasure trove of

rich images and stories about God as an "earthen" being who sustains the natural world with compassion and thereby models for humankind environmentally healthy ways of being. Mark Wallace's stimulating book retrieves a central but often neglected biblical theme - the idea of God as carnal Spirit who indwells all things - as the basis for constructing a "green spirituality" responsive to the environmental needs of our time. In the biblical tradition, he writes, God as Spirit is an ecological presence that shows itself to us daily by living in and through the earth. One message of Christianity, therefore, is celebration of the bodily, material world - ancient redwoods, vernal springs, broad-winged hawks, everyday pigweed - as the place that God indwells and cares for in order to maintain the well-being of our common planetary home. Alongside his green reading of the Bible and tradition, Wallace employs the resources of deep ecology, Neopagan spirituality, and the environmental justice movement to rethink Christianity as an earth-based, body-loving religion. He also analyzes color images reproduced in the book. Wallace's bold yet careful work reawakens our sense of the sacrality of the earth and the life that the trinitarian God creates there. It also grounds the impulses of New Age spirituality in a profoundly biblical notion of God's being and activity.

The Urantia Book WestBow Press

Finding God in Ancient China is a sweeping historical, cultural, and linguistic tour through the history of China that seeks to connect the God of the Bible with ancient Chinese language, traditions, and rituals.

Finding God in the Questions Jason Aronson Incorporated

If you enjoy opening a box of chocolate candies and being surprised by the flavor, the texture, the filling, or the richness of the treat, you will be overcome with joy and excitement by the surprises you will find in the Bible as you read it in chronological order with the daily devotional thoughts from The Bible 365 that go along with scriptural passages for each day ... The daily devotionals that go along with the chronological reading of the Bible make each day's reading clearer or add insight to some

very difficult verses or chapters. -Diane Trest, church member Reading through the Bible in chronological order along with the daily perspectives in The Bible 365 reinforced the relevancy of the Scriptures to my daily walk. -Randy King, elder The Bible 365 reading plan and devotionals helped me to draw nearer to God and gave me more direction for the purpose of my life. -Donna Wolfe, church member It [The Bible 365] made me see and understand more of the history of the Bible and man's walk with, and too often without, God. -Sally Cook, director of the women's ministry Using The Bible 365 along with the chronological Bible reading plan helped me to grasp the key points ... to grab the essentials from each day's passage of Scripture. -Gary Eaton, church member Deciding to participate in the chronological reading plan, my desire was to more clearly understand the history, the present, and the future of God's creation and to see God throughout the Bible working to redeem His creation for eternity. The Bible 365 companion to the Bible caused me to know God more, to love Him more, and to be sure of His amazing love for me for eternity. -Janet Sappington, pastor's prayer-team coordinator The Discover God Study Bible NLT Vega Books/Tsai Fong Books
Death. Illness. Divorce. Unexpected. Undeserved. In this world there is going to be suffering and pain. As a person of faith, we are not exempt from that undeniable fact. What do we do? Where is God when the pain is unbearable and the night so long? How do we reach out to others with something more than platitudes? "It has been said that theology begins in the experience of suffering. At the very least, debilitating suffering challenges our images of success and security, and invites us on a quest for something solid and dependable when the foundations of our lives are shaking. The book of Job emerges from one person's unexpected encounter with suffering. Job seeks God's presence, and to find a God he can trust again, he must jettison his previous images of God." — Bruce Epperly
What Americans Really Believe Abingdon Press

There is a vast Christian audience that longs for clear explanations in their “ case for God ” that gives them reason, confidence, and the language to effectively communicate their belief. Hardwired is that book, that confidence, that accessible wisdom and that language! Christian apologetics remains a popular and widely-read genre, with works like The Case for Christ selling millions of copies and Reasonable Faith making inroads into academic discussion. However, those works often rely on scholars to give them a confusing new language for their own faith. Hardwired is altogether different. Miller begins with the language of our own lives: seekers / questioners / “ Nones ” and “ Somes ” who need only to examine their lives, their human existence, to find God. Like a baseball player who has delved into physics while simply trying to get on base, humanity has inferred God ’ s existence from daily life. Building on the biblical principle that God ’ s existence is plain in what He has made, Hardwired makes the case for our natural lives giving us a language for God ’ s existence. Filled with humor, metaphor, and whimsy, Hardwired will empower the layperson to find God without a Ph.D. It ’ s readable and fun, even as it rests on a credible, scholarly foundation.

The Joy Of Discovering God In Our Lives Routledge

This priceless and inexhaustible resource is the ultimate synthesis of "science, philosophy and truth, " of "reason, wisdom and faith, " and of "past, present and future."

Finding the God of Noah AuthorHouse

"Kippenberg is a fine scholar of real integrity. His book is a readable and practical introduction to the rise of the study of religion and culture in Europe as well as an intriguing piece of cultural theorizing. It is serious without being pompous, intelligent without being at all impenetrable, and fresh without being strange."--Ivan Strenski,

University of California, Riverside

The Triumph of Christianity KTAV Publishing House, Inc.

Discovering God Harper Collins

Finding God in Ancient China Princeton University Press

"This is a book about God, specifically about the different ways Jews have spoken of God throughout history. In its examination of 4,000 years of Jewish thought, it presents the broad spectrum of theological opinions that have been explored and affirmed by great Jewish thinkers, ancient and modern." "Many Jews today avoid speaking about God. Unable to accept the traditional notions presented to them as authoritative, they often turn to other faiths or cults that offer the possibility of spiritual expression more in keeping with their personal God concept. Unaware of the variety within Judaism, they abandon their religious community in the mistaken impression that their longing for God cannot be satisfied within the faith of their ancestors." "In this book, the authors skillfully present ten distinct Jewish theological perspectives, each of which has something to say to us today about our lives as individuals and as Jews. Each grapples with the following crucial questions: What is God? Is there more than one God? What is God's name? How can we know God? What is God's relationship to the world? Does God have a special relationship with the Jewish people? What does God "want" from us? How does God relate to me? Why is there evil in the world?" ""If we make it possible for one Jew to reclaim his or her Jewish spiritual identity," the authors write, "if we help others to begin to talk about God without ambivalence or embarrassment, if we serve as a catalyst for further study of these and other Jewish thinkers, we will consider our work worthwhile."--BOOK JACKET. The View from Rock Bottom iUniverse

Did the Big Bang create the universe? Did life start by chance, all without a cause? Does God exist? New discoveries in science are now pointing to the need for a Creator to explain the unexplainable. Science is observing that many features of our universe could not have happened purely by chance. Despite the academic dominance of philosophical naturalism and materialism, many scientists are bravely putting forth the God Hypothesis as an

alternate theory to the origin of the universe. Yet when we think about God is a divine version of ourselves. ” But this projection is not without consequences. We bestow upon God not just all that is good in human nature—our compassion, our thirst for justice—but all that is bad in it: our greed, our bigotry, our penchant for violence. All these qualities inform our religions, cultures, and governments. More than just a history of our understanding of God, this book is an attempt to get to the root of this humanizing impulse in order to develop a more universal spirituality. Whether you believe in one God, many gods, or no god at all, *God: A Human History* will challenge the way you think about the divine and its role in our everyday lives. Praise for *God* “ Timely, riveting, enlightening and necessary. ” —HuffPost “ Tantalizing . . . Driven by [Reza] Aslan ’ s grace and curiosity, *God* . . . helps us pan out from our troubled times, while asking us to consider a more expansive view of the divine in contemporary life. ” —The Seattle Times “ A fascinating exploration of the interaction of our humanity and God. ” —Pittsburgh Post-Gazette “ [Aslan ’ s] slim, yet ambitious book [is] the story of how humans have created God with a capital G, and it ’ s thoroughly mind-blowing. ” —Los Angeles Review of Books “ Aslan is a born storyteller, and there is much to enjoy in this intelligent survey. ” —San Francisco Chronicle

Discovering God InterVarsity Press
The Christian faith offers people hope. But how can we know that Christianity is true? How can Christians confidently present their beliefs in the face of doubts and competing views? In this second edition of a landmark apologetics text, Douglas Groothuis makes a clear and rigorous case for Christian theism, addressing the most common questions and objections raised regarding Christianity.

He has been listed in *Who's Who in the Midwest*. He currently lives in Michigan with his wife and mother, where he remains semi-active as a design consultant.

A History of God Xulon Press

NEW YORK TIMES BESTSELLER • The bestselling author of *Zealot* and host of *Believer* explores humanity ’ s quest to make sense of the divine in this concise and fascinating history of our understanding of God. In *Zealot*, Reza Aslan replaced the staid, well-worn portrayal of Jesus of Nazareth with a startling new image of the man in all his contradictions. In his new book, Aslan takes on a subject even more immense: God, writ large. In layered prose and with thoughtful, accessible scholarship, Aslan narrates the history of religion as a remarkably cohesive attempt to understand the divine by giving it human traits and emotions. According to Aslan, this innate desire to humanize God is hardwired in our brains, making it a central feature of nearly every religious tradition. As Aslan writes, “ Whether we are aware of it or not, and regardless of whether we ’ re believers or not, what the vast majority of us think about

Starting with the story of Adam and Eve, Rev. Campbell exposes the big mistake most people make which keeps them from achieving the life they want and need. Nothing is as exciting as experiencing God miraculously touching our personal lives. As the Bible's amazing stories of direct relationship with the supernatural Heavenly Father are brought to life, they reveal how to take hold of the abundant life of peace, joy and power in the Holy Spirit that is still God's plan for his people in the 21st Century. Rev. Campbell provides insightful interpretations of God's intentions throughout human history. The Bible's stories of ordinary people whose lives were touched by the supernatural teach us about the God who is not passive and is building a people for himself today. This book will help you take hold of the promised abundant life the Father always intended you to experience. To know the supernatural God is with us and is helping us is as exciting as it gets in this life. We read in the Bible about a God who was there when His people needed Him to help with the details of life, but our personal experience is typically of a God who is mostly silent. We long to personally know the God who never changes and who is always present with us. As you spend time with Rev. Campbell's words in *Taking Hold of Abundant Life* you will experience real growth in your personal faith and learn the amazing promises that can be found in God's words. The personal testimonies he shares bring to life how God is at work in people's lives even today. You will learn how to take hold of those wonderful promises for yourself and discover the beauty of His plans for you. Inquirers will learn what attracts people to Christianity. New believers will grow in the blessings of their personal relationship with God. Seasoned Christians will strengthen their walk with Jesus and come to know that everything we want and need can be found in His presence. This book will help everyone take hold of the abundant life.

Finding God in the Body Chicago

Immaculee Ilibagiza grew up in a country she loved, surrounded by a family she cherished. But in 1994 her idyllic world was ripped apart as Rwanda descended into a bloody genocide. Immaculee's family was brutally murdered during a killing spree that lasted three months and claimed the lives of nearly a million Rwandans. Incredibly, Immaculee survived the slaughter. For 91 days, she and seven other women huddled silently together in the cramped bathroom of a local pastor while hundreds of machete-wielding killers hunted for them. It was during those endless hours of unspeakable terror that Immaculee discovered the power of prayer, eventually shedding her fear of death and forging a profound and lasting relationship with God. She emerged from her bathroom hideout having discovered the meaning of truly unconditional love—a love so strong she was able to seek out and forgive her family's killers. The triumphant story of this remarkable young woman's journey through the darkness of genocide will inspire anyone whose life has been touched by fear, suffering, and loss.

Designed to Evolve Knopf Canada

What would it be like to lose your youngest child to a serial killer? And then to have God invite you out for a conversation at the very shack where the terrible deed took place? And then imagine that the door to that shack of horrors opened . . . and before you knew it you had been swept up in the motherly embrace of a large African American woman? This most unlikely of stories, as told in William Young's *The Shack*, has become a runaway bestseller, and now a major motion picture, and it is easy to see why. But even as lives have been transformed through this book, other readers have sternly denounced it as a hodgepodge of serious theological error, even heresy. With one pastor urging his congregation to read it and

another forbidding his congregation to, many Christians have simply been left confused. Aware both of the excitement and uncertainty generated by *The Shack*, theologian Randal Rauser takes the reader on a fascinating journey through the pages of the story. In successive chapters he explores many of the book's complex and controversial issues. Thus he explains why God the Father is revealed as an African American woman, he defends the book's theology of the Trinity against charges of heresy and he considers its provocative denial of a Trinitarian hierarchy. But at its heart *The Shack* is a response to evil and so Rauser spends the final three chapters considering the book's explanation for why God allows evil, how the atoning work of Christ offers new hope for a suffering world and ultimately how this hope extends to all of creation. Through these chapters Rauser offers an honest and illuminating discussion which opens up a new depth to the conversation while providing the reader with new opportunities for Finding God in *The Shack*.
