Struggling with debt? Frustrated about work? Just not satisfied with life? The Simple Dollar can change your life. Trent Hamm found himself drowning in consumer debt, working in a job he couldn't stand... and figured out how to escape that debt and build the fulfilling career he'd always dreamt about, all at the same time. Hamm shared his experiences at TheSimpleDollar.com—and built it into one of America's top personal finance

websites. Now, *The Simple Dollar* is a book: packed with practical tips, tools, and lessons you can use to transform your life, too. This isn't just "another" personal finance book: it's profoundly motivating, empowering, practical, and 100% grounded in today's American realities. Trent Hamm will show you how to rewrite the rules, creating healthier relationships with money... and with your loved ones, too. With his help, you can get out of debt, start moving forward, and build the strong personal community that offers true happiness—no matter what happens to the economy. • Escape the plastic prison, and stop running to stand still 5 simple steps to eliminate credit card debt... and 5 more to start moving forward • Shift your life's balance towards more positive, stronger relationships Learn how to put the golden rule to work for you • Discover the power of goals in a random world Then, learn how to overcome inertia, and transform goals into reality • Navigate the treacherous boundaries between love and money Move towards deeper communication, greater

honesty, and more courage

The Feminine Mystique E B Marketing Group

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' *New York Times* 'Feminism began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

Paula Deen s Air Fryer Cookbook Pebble

An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the

limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

TALES OF THE COCKTAIL SPIRITED AWARD® WINNER • IACP AWARD FINALIST • The New York Times bestselling author of My Paris Kitchen serves up more than 160 recipes for trendy cocktails, quintessential apéritifs, café favorites, complementary snacks, and more. Bestselling cookbook author, memoirist, and popular blogger David Lebovitz delves into the drinking culture of France in *Drinking French*. This beautifully photographed collection features 160 recipes for everything from coffee, hot chocolate, and tea to Kir and regional apéritifs, classic and modern cocktails from the hottest Paris bars, and creative infusions using fresh fruit and French liqueurs. And because the French can't imagine drinking without having something to eat alongside, David includes crispy, salty snacks to serve with your concoctions. Each recipe is accompanied by David's witty and informative stories about the ins and outs of life in France, as well as photographs taken on location in Paris and beyond. Whether you have a trip to France booked and want to know what and where to drink, or just want to infuse your next get-together with a little French flair, this rich and revealing guide will make you the toast of the town.

18 Years Loved Penguin Classics

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety

considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Troubleshooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

the whole family--easier. It covers general fridge organization (for all models and configurations) as well as shopping tips, storage guidelines, the best meal-prep containers, and more than 100 easy plant-based recipes made for meal prepping.

Lessons in Electric Circuits: An Encyclopedic Text & Reference Guide (6 Volumes Set) EB Publishing

A one-of-a-kind guide to organizing your fridge--including practical tips for meal prep and storage, plus more than 100 recipes--that makes it easier to eat better, save money, and get the most out of your food Practicing "fridge love" is a roadmap to eating healthier, saving money, and reducing food waste while enjoying a beautiful and harder-working fridge. This book--part organizational guide and part food-prep handbook--is your guide. Author Kristen Hong adopted a nutrient-dense, plant-based diet in an effort to lose weight and improve her health. But amidst the demands of day-to-day life and a busy family, she found it impossible to stick to. The solution? A smarter, better-organized fridge that served her real-life needs. In this invaluable resource, you will discover how a beautifully organized fridge can make your life--including healthy eating for
