Dubbed The Ultimate Working Girl by Newsweek, Claudia Shear takes readers on a wild adventure through the American work force in *Blown Sideways Through Life*. Have you ever held down a job for money rather than love? Put up with an impossible boss? Been told when and how often to visit the restroom, get a drink, use the phone? Struggled to remember that who you are doesn't depend on what you do? Meet Claudia Shear, a misfit from Brooklyn who grew up dreaming of adventure. Shear rode a wild wave of employment (sixty-four jobs in all) on her way to realizing her dream of becoming an actress. Before landing the starring role in the upcoming film, *Body Language*, and scoring a deal with Steven Spielberg and Jeffrey Katzenberg for her own sitcom, she worked as (among other things) a pastry chef, a nude model, a waitress (a lot), a receptionist in a warehouse, a brunch chef on Fire Island, a proofreader on Wall Street (a lot), and an Italian translator. On the surface her life makes for a hilarious tour de resume. But underneath is a universal lesson learned about life in the workplace.

Sweet and Low is the amazing, bittersweet, hilarious story of an American family and its patriarch, a short-order cook named Ben Eisenstadt who, in the years after World War II, invented the sugar packet and Sweet'N Low, converting his Brooklyn cafeteria into a factory and amassing the great fortune that would destroy his family. It is also the story of immigrants to the New World, sugar, saccharine, obesity, and the health and diet craze, played out across countries and generations but also within the life of a single family, as the fortune and the factory passed from generation to generation. The author, Rich Cohen, a grandson (disinherited, and thus set free, along with his mother and siblings), has sought the truth of this rancorous, colorful history, mining thousands of pages of court documents accumulated in the long and sometimes corrupt life of the factor, and conducting interviews with members of his extended family. Along the way, the forty-year family battle over the fortune moves into its titanic phase, with the money and legacy up for grabs. *Sweet and Low* is the story of this struggle, a strange comic farce of machinations and double dealings, and of an extraordinary family and its fight for the American dream.

Come have coffee with me! Let's talk about an insatiable quest for beauty and the things that come with it - things like body image issues, low self-esteem, unhealthy eating patterns, and looking to dating for our worth. This is a book for young women by a young woman. I was one of those girls who hated her reflection in the mirror and wished to God she could spend a day in the shoes of someone who was truly beautiful. I tried to do whatever it took to make myself perfect, but the quest led down a road far uglier than I had ever imagined. However, out of my brokenness I found a confidence that filled the depths of my soul and gave me a reason to walk with my head held high. I found everything I was searching for - only it wasn't to be found in beauty. Come hear my journey over a chai or latte or whatever you want, and let's talk woman to woman about how we can overcome our culture's obsession with perfection.

In this 2018 New York Times Notable Book, Paige Williams "does for fossils what Susan Orlean did for orchids" (Book Riot) in her account of one Florida man's reckless attempt to sell a dinosaur skeleton from Mongolia--a story "steeped in natural history, human nature, commerce, crime, science, and politics" (Rebecca Skloot). In 2012, a New York auction catalogue boasted an unusual offering: "a superb Tyrannosaurus skeleton." In fact, Lot 49135 consisted of a nearly complete T. bataar, a close cousin to the most famous animal that ever lived. The fossils now on display in a Manhattan event space had been unearthed in Mongolia, more than 6,000 miles away. At eight-feet high and twenty-four feet long, the specimen was spectacular, and when the

gavel sounded, the winning bid was over \$1 million. Eric Prokopi, a thirty-eight-year-old Floridian, was the man who had brought this extraordinary skeleton to market. A onetime collegiate-level swimmer who spent his teenage years diving for shark teeth, Prokopi's singular obsession with fossils fueled a thriving business hunting, preparing, and selling specimens, to clients ranging from natural history museums to avid private collectors like actors Leonardo DiCaprio and Nicolas Cage. But there was a problem. This time, facing financial strain, had Prokopi gone too far? As the T. bataar went to auction, a network of paleontologists alerted the government of Mongolia to the eye-catching lot. An international custody battle ensued, and Prokopi watched his own world unravel. In the tradition of *The Orchid Thief*, *The Dinosaur Artist* is a stunning work of narrative journalism about humans' relationship with natural history and a seemingly intractable conflict between science and commerce. A story that stretches from Florida's Land O' Lakes to the Gobi Desert, *The Dinosaur Artist* illuminates the history of fossil collecting--a murky, sometimes risky business, populated by eccentrics and obsessives, where the lines between poacher and hunter, collector and smuggler, enthusiast and opportunist, can easily blur. In her first book, Paige Williams has given readers an irresistible story that spans continents, cultures, and millennia as she examines the question of who, ultimately, owns the past.

Krakauer ' s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Winner of the Nebraska Center for the Book Award, Travel • A Sigurd Olson Nature Writing Award Notable Book • Honoree of the Society of Midland Authors Annual Literary Award for Biography/Memoir Now that President Donald Trump has revived the Keystone XL pipeline that was rejected by former President Obama, *Trespassing Across America* is the book to help us understand the kaleidoscopic significance of the project. Told with sincerity, humor, and wit, Ilgunas's story is both a fascinating account of one man's remarkable journey along the pipeline's potential path and a meditation on climate change, the beauty of the natural world, and the extremes to which we can push ourselves—both physically and mentally. It started as a far-fetched idea—to hike the entire length of the proposed route of the Keystone XL pipeline. But in the months that followed, it grew into something more for Ken Ilgunas. It became an irresistible adventure—an opportunity not only to draw attention to global warming but also to explore his personal limits. So in September 2012, he strapped on his backpack, stuck out his thumb on the interstate just north of Denver, and hitchhiked 1,500 miles to the Alberta tar sands. Once there, he turned around and began his 1,700-mile trek to the XL's endpoint on the Gulf Coast of Texas, a journey he would complete entirely on foot, walking almost exclusively across private property. Both a travel memoir and a reflection on climate change, *Trespassing Across America* is filled with colorful characters, harrowing physical trials, and strange encounters with the weather, terrain, and animals of America's plains. A tribute to the Great Plains and the people who live there, Ilgunas's memoir grapples with difficult questions about our place in the world: What is our personal responsibility as stewards of the land? As members of a rapidly warming planet? As mere individuals up against something as powerful as the fossil fuel industry? Ultimately, *Trespassing Across America* is a call to embrace the belief that a life lived not half wild is a life only half lived. It's the perfect travelers gift for fans of *Free Solo* and *Turn Right at Machu Picchu*.

"[An] irreverent and remarkably candid memoir about growing up in wealthy eighties San Francisco . . . rollicking, ruthless . . . ultimately generous-hearted." —Vogue "A vivid mix of brio, self-awareness and sophistication . . . writing well is indeed the best revenge." —The New York Times Book Review "A monumental piece of work." —Kirkus Reviews "In the beginning we were happy. And we were always excessive. So in the beginning we were happy to excess." With these opening lines Sean Wilsey takes us on an exhilarating tour of life in the strangest, wealthiest, and most grandiose of families. Sean's blond-bombshell mother (one of the thinly veiled characters in Armistead Maupin's bestselling *Tales of the City*) is a 1980s society-page staple, regularly entertaining Black Panthers and movie stars in her marble and glass penthouse, "eight hundred feet in the air above San Francisco; an apartment at the top of a building at the top of a hill: full of light, full of voices, full of windows full of water and bridges and hills." His enigmatic father uses a jet helicopter to drop Sean off at the video arcade and lectures his son on proper hygiene in public restrooms, "You should wash your hands first, before you use the urinal. Not after. Your penis isn't dirty. But your hands are." When Sean, "the kind of child who sings songs to sick flowers," turns nine years old, his father divorces his mother and marries her best friend. Sean's life blows apart. His mother first invites him to commit suicide with her, then has a "vision" of salvation that requires packing her Louis Vuitton luggage and traveling the globe, a retinue of multiracial children in tow. Her goal: peace on earth (and a Nobel Prize). Sean meets Indira Gandhi, Helmut Kohl, Menachem Begin, and the pope, hoping each one might come back to San Francisco and persuade his father to rejoin the family. Instead, Sean is pushed out of San Francisco and sent spiraling through five high schools, till he finally lands at an unorthodox reform school cum "therapeutic community," in Italy. With its multiplicity of settings and kaleidoscopic mix of preoccupations—sex, Russia, jet helicopters, seismic upheaval, boarding schools, Middle Earth, skinheads, home improvement, suicide, skateboarding, Sovietology, public transportation, massage, Christian fundamentalism, dogs, Texas, global thermonuclear war, truth, evil, masturbation, hope, Bethlehem, CT, eventual salvation (abridged list)—*Oh the Glory of It All* is memoir as bildungsroman as explosion.

Dishwasher is Public Radio favorite and underground celebrity Pete Jordan's amusing memoir of his dishwashing extravaganza. Part adventure, part parody, and part miraculous journey of self-discovery, it is the unforgettable account of Jordan's transformation from itinerant seeker into "Dishwasher Pete"—unlikely folk hero, writer, publisher of his own cult zine, and the ultimate professional dish dog—and how he gave it all up for love. "For 12 years, I was the most prolific dishlicker of them all. From 1989 to 2001, I dished my way around the country, unwittingly searching for direction. From a bagel joint in New Mexico to a Mexican joint in Brooklyn; from a dinner train in Rhode Island to the Lawrence Welk Resort in Branson, Missouri; from an upper-crust ladies' club to a crusty hippie commune—I washed the nation's dishes. Whether it was a gig so lousy that I walked out within an hour or one where I toiled 120 hours a week, I remained a man on a mission: to bust suds in every state in the union." —Pete Jordan A smart, funny, and

surprising look at life, *Dishwasher* is sure to appeal to fans of Nick Hornby and Tom Perotta.

Big men. Big money. Big games. Big libidos. Big trouble. A decade ago, *The Bonfire of the Vanities* defined an era—and established Tom Wolfe as our prime fictional chronicler of America at its most outrageous and alive. This time the setting is Atlanta, Georgia—a racially mixed late-century boomtown full of fresh wealth, avid speculators, and worldly-wise politicians. The protagonist is Charles Croker, once a college football star, now a late-middle-aged Atlanta real-estate entrepreneur turned conglomerate king, whose expansionist ambitions and outsize ego have at last hit up against reality. Charlie has a 28,000-acre quail-shooting plantation, a young and demanding second wife—and a half-empty office tower with a staggering load of debt. When star running back Fareek Fanon—the pride of one of Atlanta's grimmest slums—is accused of raping an Atlanta blueblood's daughter, the city's delicate racial balance is shattered overnight. Networks of illegal Asian immigrants crisscrossing the continent, daily life behind bars, shady real-estate syndicates, cast-off first wives of the corporate elite, the racially charged politics of college sports—Wolfe shows us the disparate worlds of contemporary America with all the verve, wit, and insight that have made him our most phenomenal, most admired contemporary novelist. *A Man in Full* is a 1998 National Book Award Finalist for Fiction.
