Long Time Gone Vintage Canada

The newest thrilling Beaumont suspense novel from New York Times bestselling author J. A. Jance, in which Beaumont is approached by a visitor from the past and finds himself drawn into a missing person's case where danger is lurking and family secrets are exposed. Years ago, when he was a homicide detective with the Seattle PD, J. P. Beaumont's partner, Sue Danielson, was murdered. Volatile and angry, Danielson's ex-husband came after her in her home and, with nowhere else to turn, Jared, Sue's teenage son, frantically called Beau for help. As Beau rushed to the scene, he urged Jared to grab his younger brother and flee the house. In the end, Beaumont's plea and Jared's quick action saved the two boys from their father's murderous rage. Now, almost twenty years later, Jared reappears in Beau's life seeking his help once again—his younger brother Chris is missing. Still haunted by the events of that tragic night, Beau doesn't hesitate to take on the case. Following a lead all the way to the wilds of wintertime Alaska, he encounters a tangled web of family secrets in which a killer with nothing to lose is waiting to take another life. Don't miss out on the latest adventure of J.P. Beaumont in *Nothing to Lose*, the gripping new novel from bestselling author J.A. Jance.

**Without Due Process** Vintage

Praise for *How Learning Works* "How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book is essential reading for instructors at all levels who wish to improve their students' learning." —Barbara Gross Davis,

assistant vice chancellor for educational development, University of California, Berkeley, and author, *Tools for Teaching* "This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with many of its ideas, and I discovered new ways of thinking about teaching." —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education "Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us who are not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues." —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching "As you read about each of the seven basic learning principles in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they graciously share it with you in this organized and readable book." —From the Foreword by Richard E. Mayer, professor of psychology, University of California, Santa Barbara; coauthor, *e-Learning and the Science of Instruction*; and author, *Multimedia Learning* **Trial By Fury** John Wiley & Sons "Any story by Jance is a joy." —Chattanooga Times Now fans of the enormously popular Sheriff Joanna Brady suspense series by J.A. Jance can discover another side to the acclaimed New York Times bestselling author. *Until Proven Guilty*—a riveting tale of the very worst kind of murder—marks the debut of Seattle Homicide Detective J.P. Beaumont. This Premium Plus

edition of *Until Proven Guilty*—the classic novel that put the incomparable Jance on the crime fiction map—indisputably proves that she truly belongs "in the elite company of Sue Grafton and Patricia Cornwell" (Flint Journal).

**Man and His Symbols** Harper Collins

**Stand Down** Walter de Gruyter

A J.P. Beaumont mystery.

*Injustice for All* Vij Books India Pvt Ltd For the first time as a premium edition, a reissue of the fourteenth J. P. Beaumont novel by New York Times bestselling author J. A. Jance.

*Encyclopedia of Ethical Failure* Harper Collins Winner, 2009 Outstanding Book Award, History of Education Society Winner, 2009 Richard Slatten Prize for Excellence in Virginia Biography, Virginia Historical Society Conceptual founder of the Massachusetts Institute of Technology, William Barton Rogers was a highly influential scientific mind and educational reformer of the nineteenth century. A. J. Angulo recounts the largely unknown story of one man's ideas and how they gave way to the creation of one of America's premier institutions of higher learning. MIT's long tradition of teaching, research, and

technological innovation for real-world applications is inexorably linked to Rogers' educational philosophy. Emphasizing the "useful arts"—a curriculum of specialized scientific study stressing theory and practice, innovation and functionality—Rogers sought to revolutionize standard educational practices of the day. Controversial in an era typified by a generalist approach to teaching the sciences, Rogers' model is now widely emulated by institutions throughout the world. Exploring the intersection of Rogers' educational philosophy and the rise of technical institutes in America, this biography offers a long-overdue account of the man behind MIT.

*Ulysses (World Classics, Unabridged)*

HarperCollins

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred updated images that break down Carl G. Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society."—The Guardian "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding our dreams and

interrogating the many facets of identity—our egos and our shadows, "the dark side of our natures." Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. Armed with the knowledge of the self and our shadow, we may build fuller, more receptive lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

Blacks in the Marine Corps CreateSpace

Reproduction of the original: A Book for All Readers by Ainsworth Rand Spofford

*Until Proven Guilty* Bantam

From New York Times bestselling author J. A. Jance, a suspenseful mystery from the creator of Arizona sheriff Joanna Brady and Seattle homicide detective J. P. Beaumont.

**How Learning Works** Harper Collins

Written between 1914 and 1921, *Ulysses* has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes.

Name Withheld Harper Collins

For the first time, critically acclaimed, New York Times bestselling suspense master J.A. Jance brings together her two most beloved creations: Arizona sheriff Joanna Brady and Seattle investigator J.P. Beaumont. The dead woman on a cold slab in the Arizona morgue was a talented artist recently arrived from the West Coast. The Washington State Attorney General's office thinks this investigation is too big for a small-town female law officer to handle, so they're sending

Sheriff Joanna Brady some unwanted help—a seasoned detective named Beaumont. Sheriff Brady resents his intrusion, and Bisbee, Arizona, with its ghosts and memories, is the last place J.P. Beaumont wants to be. But the twisting desert road they must reluctantly travel together is leading them into a very deadly nest of rattlers. And if they hope to survive, suddenly trust is the only option they have left . . .

*Taking the Fifth* London G. Routledge 1884.

Seattle investigator J. P. Beaumont is drawn into an intriguing, and shockingly personal, case in this superb tale of suspense from New York Times bestselling author J. A. Jance. Former Seattle homicide cop, J. P. Beaumont, is learning to enjoy the new realities of retirement—doing morning crossword puzzles by a roaring fireplace; playing frisbee with his new dog; having quiet lunches with his still working wife. But then his past comes calling. When a long ago acquaintance, Alan Dale, shows up on Beau's doorstep with a newborn infant in hand and asking for help locating his missing daughter, Beau finds himself faced with an investigation that will turn his own life upside down by dragging his none-too-stellar past onto a roller-coaster ride that may well derail his serene present. It turns out that, even in retirement, murder is still the name of J. P. Beaumont's game.

Improbable Cause Harper Collins

An e-original novella from New York Times bestselling author J. A. Jance. Life has shifted for J. P. Beaumont. After a tragic accident that devastated—and ultimately disbanded—his Special Homicide Investigation Team, he accepts that he has left homicide detection behind at this point, but he has a lot of unanticipated free time on his hands. He's keeping busy with renovations on the new house that he and his wife, Mel Soames, the newly appointed chief of police in Bellingham, Washington, have bought. But new fixtures and paint palettes can occupy only so much of Beau's

daily life, and Mel is encouraging him to return to where he is needed: investigating crimes. In the meantime, she is struggling to gain control of her new situation, cast into a department where some are welcoming—and some are not. It's been a few months, and the tension in the police department is rising, but Beau realizes Mel has to tackle things in her own way, so he refrains from advising. But when Beau shows up one afternoon to survey the construction at their new house and finds Mel's car there but no sign of her, his investigative instincts kick in. Suddenly he's back in the game—except this time, his heart is on the line as well as his professional dignity.

The Children of Men Harper Collins

A spellbinding story of lies, betrayal, and multiple murder featuring Seattle detective J.P. Beaumont. What kind of monster would break into a man's home at night, then slaughter him and his family? The fact that the dead man was a model cop who was loved and respected by all only intensifies the horror. But the killer missed someone: a five-year-old boy who was hiding in the closet. Now word is being leaked out that the victim was "dirty." But Seattle P.D. Homicide Detective J.P. Beaumont isn't about to let anyone drag a murdered friend's reputation through the muck. And he'll put his own life on the firing line on the gang-ruled streets to save a terrified child who knows too much to live.

Discipline and Punish Good Press

When this monograph was published almost 30 years ago, then History and Museums Director Brigadier General Edwin H. Simmons wrote: "Today's generation of Marines serve in a fully integrated Corps where blacks constitute almost one-fifth of our strength. Black officers, noncommissioned officers, and privates are omnipresent, their service so normal a part of Marine life that it escapes special notice. The fact that this was not always so and that as little as 34 years ago (in 1941) there were no black Marines deserves explanation." This statement holds true for this edition of *Blacks in the Marine Corps*, which has already gone through several previous reprintings. What has occurred since the first edition of *Blacks in the Marine Corps* has been considerable scholarship and additional writing on the subject that deserve mention to a new generation of

readers, both in and outside the Corps. First and foremost is Morris J. MacGregor, Jr.'s *Integration of the Armed Forces 1940-1965* (Washington, D.C.: U.S. Army Center of Military History, 1981) that documents the Armed Forces efforts as part of the Defense Studies Series. The volume is an excellent history of a social topic often difficult for Service historical offices to deal with.

**Minor in Possession** Harper Collins

"In the elite company of Sue Grafton and Patricia Cornwell." —Flint Journal  
Injustice For All—riveting crime fiction from J.A. Jance featuring Seattle Homicide Detective J.P. Beaumont—offers fans of Jance's Sheriff Joanna Brady books a golden opportunity to enjoy a different side to the perennial New York Times bestselling author. Here a dead body on the beach and a screaming woman ensnare Beau in a case that gets darker and darker the deeper he investigates. Injustice for All, now in a Premium Plus edition, is classic Beau—proving the assertion by the Washington Times that "J.A. Jance does not disappoint."

*Dismissed with Prejudice* Univ of California Press  
It looks like a classic crime of passion to Detective J.P. Beaumont: two corpses found lovingly entwined in a broom closet of the Seattle School District building. The prime suspect, Pete Kelsey, admits his slain spouse was no novice at adultery, yet he swears he had nothing to do with the brutal deaths of the errant school official and her clergyman-turned-security guard companion. Beau believes him, but there's something the much sinned-upon widower's not telling—and that spells serious trouble still to come. Because the secret Pete's protecting is even hotter than extra-marital sex. . . and it could prove more lethal than murder.

Betrayal of Trust Harper Collins

A brilliant work from the most influential philosopher since Sartre. In this indispensable work, a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the

modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

*William Barton Rogers and the Idea of MIT* Harper Collins

An explosive novel of betrayal and blood vengeance featuring Seattle detective J.P. Beaumont. There are those who don't deserve to live—and the corpse floating in Elliott Bay may have been one of those people. Not surprisingly, many individuals, too many in fact, are eager to take responsibility for the brutal slaying of the hated biotech executive whose alleged crimes ranged from the illegal trading of industrial secrets to rape. For Seattle Detective J.P. Beaumont—who's drowning in his own life-shattering problems—a case of seemingly justifiable homicide has sinister undertones, drawing the haunted policeman into a corporate nightmare world of double deals, savage jealousies, and real blood spilled far too easily, as it leads him closer to a killer he's not sure he wants to find.
