### Investigating Iwo Harper Collins

"Any story by Jance is a joy." –Chattanooga Times Now fans of the enormously popular Sheriff Joanna Brady suspense series by J.A. Jance can discover another side to the acclaimed New York Times bestselling author. Until Proven Guilty—a riveting tale of the very worst kind of murder—marks the debut of Seattle Homicide Detective J.P. Beaumont. This Premium Plus edition of Until Proven Guilty—the classic novel that put the incomparable Jance on the crime fiction map—indisputably proves that she truly belongs "in the elite company of Sue Grafton and Patricia Cornwell" (Flint Journal).

### The Confessions of a Collector Harper Collins

A gripping story of buried truths, deceit, and sudden, brutal death from the New York Times bestselling author of Long Time Gone. All manner of sinners and sufferers come to the rehab ranch in Arizona when they hit rock bottom. For Seattle detective J.P. Beaumont, there is a deeper level of Hell here: being forced to room with teenage drug dealer Joey Rothman. An all-around punk, Joey deserves neither pity nor tears—until he is murdered by a bullet fired from Beaumont's gun. Someone

has set Beau up brilliantly for a long and terrifying fall, dragging the alcoholic ex-cop into a conspiracy of blood and lies that could cost him his freedom . . . and his life.

### Justice Denied Harper Collins

"Investigating Iwo encourages us to explore the connection between American visual culture and World War II, particularly how the image inspired Marines, servicemembers, and civilians to carry on with the war and to remember those who made the ultimate sacrifice to ensure victory over the Axis Powers. Chapters shed light on the processes through which history becomes memory and gains meaning over time. The contributors ask only that we be willing to take a closer look, to remain open to new perspectives that can deepen our understanding of familiar topics related to the flag raising, including Rosenthal's famous picture, that continue to mean so much to us today"--

### Trial By Fury Harper Collins

Alison Reynolds, a 45-year-old Los Angeles television news anchor, loses her job, realizes her marriage is a sham and learns that her childhood friend Reenie Bernard has disappeared after being diagnosed with ALS. Alison efficiently handles the first two problems, hiring attorneys specializing in discrimination and divorce. With her supportive college student son, Chris, she heads for Sedona, Ariz., her hometown, to visit her sympathetic parents and await news of Reenie. When Chris sets up a blog for her, Alison, usually tense and judgmental, begins revealing herself to strangers, a practice that leads to a personal threat. After Reenie's body is found, the police pronounce her a suicide; Alison disagrees and begins to investigate her friend's life.

### Starship Troopers Harper Collins

"...Stately, plump Buck Mulligan came from the stairhead, bearing a bowl of lather on which a mirror and a razor lay crossed. A yellow dressinggown, ungirdled, was sustained gently behind him on the mild

morning air. He held the bowl aloft and intoned: -Introibo ad altare Dei. Halted, he peered down the dark winding stairs and called out coarsely: -Come up, Kinch! Come up, you fearful jesuit! Solemnly he came forward and mounted the round gunrest. He faced about and blessed gravely thrice the tower, the surrounding land and the awaking mountains. Then, catching sight of Stephen Dedalus, he bent towards him and made rapid crosses in the air, gurgling in his throat and shaking his head. Stephen Dedalus, displeased and sleepy, leaned his arms on the top of the staircase and looked coldly at the shaking gurgling face that blessed him, equine in its length, and at the light untousured hair, grained and hued like pale oak..."

### Toleration and Other Essays William Morrow

An electrifying story of vengeance and the sins of a nightmarish past featuring Seattle detective J.P. Beaumont from the New York Times bestselling author of Betrayal of Trust The sky above Puget Sound blazes orange, as a burning fishing boat fills the air with acrid smoke . . . and the sickening odor of charred flesh. The terrible death of a Seattle fisherman has raised more questions than answers, opening a Pandora ' s Box of evil that was kept tightly closed for more than half a century. Now a dark cloud is descending over the dead man ' s frightened widow, and she must turn for help to an old friend, Detective J.P. Beaumont, the one man who can free her from a web of murderous greed and oppressive terror. But the secrets that hold Else Didricksen prisoner are about to ensnare Beaumont as well . . . in ways he never dreamed possible.

### Sins of the Fathers HPN Books

A shattering tale of corruption and homicide featuring Seattle detective J.P. Beaumont. A shocking photo screamed from the front pages of the tabloids—the last moments of a life captured for all the world to see. The look of sheer terror eternally frozen on the face of the doomed woman indicated that her fatal fall from an upper story of an unfinished Seattle skyscraper was no desperate suicide—and that look will forever haunt Homicide Detective J.P. Beaumont. But his hunt for answers and justice is leading to more death, and to dark and terrible secrets scrupulously guarded by men of steel behind the locked doors of a powerful union that

extracts its dues payments in blood.

Life and Literature London : Ward & Downey

An illustrated history of Beaumont, Texas, paired with histories of the local companies.

Improbable Cause Good Press

Winner, 2009 Outstanding Book Award, History of Education Society

Winner, 2009 Richard Slatten Prize for Excellence in Virginia Biography, Virginia Historical Society

Conceptual founder of the Massachusetts Institute of Technology, William Barton Rogers was a highly influential scientific mind and educational reformer of the nineteenth century.

A. J. Angulo recounts the largely unknown story of one man's ideas and how they gave way to the creation of one of America's premier institutions of higher learning. MIT's long tradition of teaching, research, and technological innovation for real-world applications is inexorably linked to Rogers' educational philosophy.

Emphasizing the "useful arts"—a curriculum of specialized scientific study stressing theory and practice, innovation and functionality—Rogers sought to revolutionize standard educational practices of the day. Controversial in an era typified by a generalist approach to teaching the sciences, Rogers' model is now widely emulated by institutions throughout the world.

Exploring the intersection of Rogers' educational philosophy and the rise of technical institutes in America, this biography offers a long-overdue account of the man behind MIT.

Stand Down HarperCollins

Dick Popkin and James Force have attended a number of recent conferences where it was apparent that much new and important research was being done in the fields of interpreting Newton's and Spinoza's contributions as biblical scholars and of the relationship between their biblical scholarship and other aspects of their particular philosophies. This collection represents the best current research in this area. It stands alone as the only work to bring together the best current work on these topics. Its primary audience is specialised scholars of the thought of Newton and Spinoza as well as historians of the philosophical ideas of the late seventeenth and early eighteenth centuries.

Historic Beaumont Harper Collins

For the first time as a premium edition, a reissue of the fourteenth J. P. Beaumont novel by New York Times bestselling author J. A. Jance.

Tunnelling CRC Press

Demonstrates the evolution of ideas developed by theorists over time and links classical sociological theory to today's world. Key Ideas in Sociology, Third Edition, is the only undergraduate text to link today's issues to the ideas and individuals of the era of classical sociological thought. Compact and affordable, this book provides an overview of how sociological theories have helped sociologists

understand modern societies and human relations. It also describes the continual evolution of these theories in response to social change.

Providing students with the opportunity to read from primary texts, this valuable supplement presents theories as interpretive tools, useful for understanding a multifaceted, ever-shifting social world. Emphasis is given to the working world, to the roles and responsibilities of citizenship, and to social relationships. A concluding chapter addresses globalization and its challenges. Contributor to the SAGE Teaching Innovations and Professional Development Award

Encyclopedia of Ethical Failure HarperCollins UK

Tunnelling has become a fragmented process, excessively influenced by lawyers' notions of confrontational contractual bases. This prevents the pooling of skills, essential to the achievement of the promoters' objectives. Tunnelling: Management by Design seeks the reversal of this trend. After a brief historical treatment of selected developments, th

Injustice for All Harper Collins

Seattle investigator J. P. Beaumont is drawn into an intriguing, and shockingly personal, case in this superb tale of suspense from New York Times bestselling author J. A. Jance. Former Seattle homicide cop, J. P. Beaumont, is learning to enjoy the new realities of retirement doing morning crossword puzzles by a roaring fireplace; playing frisbee with his new dog; having quiet lunches with his still working wife. But then his past comes calling. When a long ago acquaintance, Alan Dale, shows up on Beau's doorstep with a newborn infant in hand and asking for help locating his missing daughter, Beau finds himself faced with an investigation that will turn his own life upside down by dragging his none-too-stellar past onto a roller-coaster ride that may well derail his serene present. It turns out that, even in retirement, murder is still the name of J. P. Beaumont's game.

Dismissed with Prejudice BoD – Books on Demand

From New York Times bestselling author J. A. Jance, a suspenseful mystery from the creator of Arizona sheriff Joanna Brady and Seattle homicide detective J. P. Beaumont.

The Books of Nature and Scripture Harper Collins

An e-original novella from New York Times bestselling author J. A. Jance. Life has shifted for J. P. Beaumont. After a tragic accident that devastated—and ultimately disbanded—his Special Homicide Investigation Team, he accepts that he has left homicide detection behind at this point, but he has a lot of unanticipated free time on his hands. He's keeping busy with renovations on the new house that he and his wife, Mel Soames, the newly appointed chief of police in Bellingham, Washington, have bought. But new fixtures and paint palettes can occupy only so much of Beau's daily life, and Mel is encouraging him to return to where he is needed: investigating crimes. In the meantime, she is struggling to gain control of her new situation,

cast into a department where some are welcoming—and some are not.

It's been a few months, and the tension in the police department is rising, but Beau realizes Mel has to tackle things in her own way, so he refrains from advising. But when Beau shows up one afternoon to survey the construction at their new house and finds Mel's car there but no sign of her, his investigative instincts kick in. Suddenly he's back in the game—except this time, his heart is on the line as well as his professional dignity.

How Learning Works John Wiley & Sons

Investigating a long-unsolved murder when a nun witness uncovers blocked memories, Special Homicide Investigation Team member J. P. Beaumont infiltrates a band of powerful conspirators who will go to any lengths to hide the truth, in a case that is complicated when his former partner is charged with murder. 200,000 first printing.

Long Time Gone Harper Collins

A gripping tale of hatred, lies, and deadly tradition featuring Seattle detective J.P. Beaumont from the New York Times bestselling author of Betrayal of Trust J. A. Jance. Dismissed with Prejudice The blood at the scene belies any suggestion of an "honorable death." Yet, to the eyes of the Seattle police, a successful Japanese software magnate died exactly as he wished—and by his own hand, according to the ancient rite of seppuku. Homicide Detective J.P. Beaumont can't dismiss what he sees as an elaborate suicide, however, not when something about it makes his flesh crawl. Because small errors in the ritual suggest something darker: a killer who will go to extraordinary lengths to escape detection—a fiend with a less traditional passion . . . for cold-blooded murder.

William Barton Rogers and the Idea of MIT Vintage

A J.P. Beaumont mystery.

The True Interest and Political Maxims, of the Republic of Holland William Morrow

Praise for How Learning Works "How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book is essential reading for instructors at all levels who wish to improve their students' learning." —Barbara Gross Davis, assistant vice chancellor for educational development, University of California, Berkeley, and author, Tools for Teaching "This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with many of its ideas, and I discovered new

---

ways of thinking about teaching." —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education "Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us who are not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues." —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching "As you read about each of the seven basic learning principles in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they graciously share it with you in this organized and readable book." —From the Foreword by Richard E. Mayer, professor of psychology, University of California, Santa Barbara; coauthor, *e-Learning and the Science of Instruction*; and author, *Multimedia Learning*
