Creating Magic Gale Cengage

Seminar paper from the year 2014 in the subject Business economics - Marketing, Corporate Communication, CRM, Market Research, Social Media, grade: 1,3, University of the Americas Puebla, language: English, abstract: The following paper is an analysis about Walt Disney. It is an investigation about the business model of the Walt Disney company and its objective is to turn out the characteristics in terms of values and strategies, which made the company to that what it is today- one of the most successful companies and well-known brands in the world. In the first part of the paper we want to examine why Disney has been successful for so long and explain thereby what its core competences and competitive advantages are. In the second section we will have a look on what Michael Eisner did to rejuvenate Disney and what he did to increase the income in his first for years. Finally, in the last part we will evaluate Disney ' s policy of acquisitions, define the value they are adding to their different divisions and conclude with the explanation about how that translates into financial performance.

"It's not the magic that makes it work; it's the way we work that makes it magic." The secret for creating "magic" in our careers, our organizations, and our lives is simple: outstanding leadership—the kind that inspires employees, delights customers, and achieves extraordinary business results. No one knows more about this kind of leadership than Lee Cockerell, the man who ran Walt Disney World® Resort operations for over a decade. And in *Creating Magic*, he shares the leadership principles that not only guided his own journey from a poor farm boy in Oklahoma to the head of operations for a multibillion dollar enterprise, but that also soon came to form the cultural bedrock of the world's number one vacation destination. But as Lee demonstrates, great leadership isn't about mastering impossibly complex management theories. We can all become outstanding leaders by following the ten practical, common sense strategies outlined in this remarkable book. As straightforward as they are profound, these leadership lessons include: Everyone is important. Make your people your brand. Burn the free fuel: appreciation, recognition, and encouragement. Give people a purpose, not just a job. Combining surprising business wisdom with insightful and entertaining stories from Lee's four decades on the front lines of some of the world's best-run companies, *Creating Magic* shows all of us - from small business owners to managers at every level - how to become better leaders by infusing quality, character, courage, enthusiasm, and integrity into our workplace and into our lives.

#1 NEW YORK TIMES BESTSELLER • A memoir of leadership and success: The executive chairman of Disney, Time's 2019 businessperson of the year, shares the ideas and values he embraced during his fifteen years as CEO while reinventing one of the world's most beloved companies and inspiring the people who bring the magic to life. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR Robert Iger became CEO of The Walt Disney Company in 2005, during a difficult time. Competition was more intense than ever and technology was changing faster than at any time in the company's history. His vision came down to three clear ideas: Recommit to the concept that quality matters, embrace technology instead of fighting it, and think bigger—think global—and turn Disney into a stronger brand in international markets. Today, Disney is the largest, most admired media company in the world, counting Pixar, Marvel, Lucasfilm, and 21st Century Fox among its properties. Its value is nearly five times what it was when Iger took over, and he is recognized as one of the most innovative and successful CEOs of our era. In *The Ride of a Lifetime*, Robert Iger shares the lessons he learned while running Disney and leading its 220,000-plus employees, and he explores the principles that are necessary for true leadership, including: • Optimism. Even in the face of difficulty, an optimistic leader will find the path toward the best possible outcome and focus on that, rather than give in to pessimism and blaming. • Courage. Leaders have to be willing to take risks and place big bets. Fear of failure destroys creativity. • Decisiveness. All decisions, no matter how difficult, can be made on a timely basis. Indecisiveness is both wasteful and destructive to

morale. • Fairness. Treat people decently, with empathy, and be accessible to them. This book is about the relentless curiosity that has driven Iger for forty-five years, since the day he started as the lowliest studio grunt at ABC. It's also about thoughtfulness and respect, and a decency-over-dollars approach that has become the bedrock of every project and partnership Iger pursues, from a deep friendship with Steve Jobs in his final years to an abiding love of the Star Wars mythology. "The ideas in this book strike me as universal" Iger writes. "Not just to the aspiring CEOs of the world, but to anyone wanting to feel less fearful, more confidently themselves, as they navigate their professional and even personal lives."

Using examples from his work with Disney and as a senior-level hospital executive, author Fred Lee challenges the assumptions that have defined customer service in healthcare. In this unique book, he focuses on the similarities between Disney and hospitals--both provide an "experience," not just a service. It shows how hospitals can emulate the strategies that earn Disney the trust and loyalty of their guests and employees. The book explains why standard service excellence initiatives in healthcare have not led to high patient satisfaction and loyalty, and it provides 9 1/2 principles that will help hospitals gain the competitive advantage that comes from being seen as "the best" by their own employees, consumers, and community.

Praise for THE CHIEF HR OFFICER The Chief HR Officer offers the most current thinking on the evolving role of the chief human resource officer (CHRO). An essential resource for experienced and aspiring CHROs, the book shows leaders how to best prepare for and perform this critical role. This comprehensive book shows how, in today's extremely competitive work environment, the job of the CHRO has expanded to encompass many important roles. Among other things, HR leaders must adapt to and address the demands of an increasingly diverse and demanding workforce, globalization, stricter regulatory requirements, increased accountability to the CEO and board of directors, and the complexity of leading the HR function with often limited resources. This vital guide is filled with rare insights and practical guidance from some of the country's most successful CHROs who have been in the trenches as well as top academics researching the field including Randy MacDonald (IBM), Eva Sage-Gavin (Gap Inc.), L. Kevin Cox (American Express), Mirian M. Graddick-Weir (Merck), and Dave Ulrich (Ross School of Business, University of Michigan, and The RBL Group). Sponsored by the National Academy of Human Resources (NAHR), the book covers a wealth of topics including how to develop a perspective and set of skills to effectively lead and perform in the role and how to approach strategy, management, leadership, ethics, and talent. In addition, the authors include information on forming and implementing activities that will further the firm's strategy, advice for coaching and counseling the CEO, and much more.

Global Media Giants takes an in-depth look at how media corporate power works globally, regionally, and nationally, investigating the ways in which the largest and most powerful media corporations in the world wield power. Case studies examine not only some of the largest media corporations (News Corp., The Microsoft Corporation) in terms of revenues, but also media corporations that hold considerable power within national, regional, or geolinguistic contexts (Televisa, The Bertelsmann Group, Sony Corporation). Each chapter approaches a different corporation through the lens of economy, politics, and culture, giving students and scholars a thoughtful and data-driven guide with which to interrogate contemporary media industry power.
