Maggie Jackson's "Distracted" has opened my eyes and given me in-depth insight into the history and subtle ways our attention is slowly being eroded from our daily lives.

'Distracted: The Erosion of Attention and the Coming Dark ...

Reclaiming Our Focus in a World of Lost Attention. Foreword by Bill McKibben. In the first edition of this groundbreaking book, Maggie Jackson sounded a prescient warning of a looming crisis: the fragmentation of attention that is eroding our abilities to problem-solve, innovate, and care for one another. Now in this updated edition with an incisive new preface, she offers both a renewed wake-up call and a path forward as we reckon with one of the most pressing problems of our time.
